Barcy McNeal
Secretary
Public Utilities Commission of Ohio
180 East Broad Street
Columbus, Ohio 43215

RE: In the Matter of the Annual Filing Requirements for 2016 Pertaining to the Provisioning of High Cost Universal Service, Case No. 16-1115-TP-COI; FCC Form 481

Dear Secretary McNeal:

Enclosed are copies of the redacted filing of Oakwood Telephone Company that complies with the May 11, 2016 Entry of the Public Utilities Commission of Ohio ("Commission") directing telephone companies to file their Federal Communications Commission ("FCC") Form 481 information with the Commission.

Also enclosed is a Motion for Protective Order and three copies of the unredacted FCC Form 481 for filing under seal.

Oakwood Telephone Company requests that you certify to the FCC that the company has met its compliance obligations, as required by §54.313 of Title 47 of the Code of Federal Regulations.

If there are any concerns, please contact me.

Sincerely,

A handwritten signature of Frank P. Darr in black ink.

Frank P. Darr
Counsel of Record

**Counsel for Oakwood Telephone
Company**

REDACTED – AVAILABLE FOR PUBLIC INSPECTION

June 27, 2016

Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
9300 East Hampton Drive
Capitol Heights, MD 20743

Re: Annual Reporting as Required by
47 C.F.R. Sections 54.313 and 54.422
WC Docket No. 14-58

Dear Ms. Dortch:

On behalf of its affiliates listed on Attachment 1, TDS Telecommunications Corporation hereby submits a redacted, public version of the Annual Report required by 47 C.F.R. Sections 54.313 and 54.422. The enclosed Reports have been marked **"REDACTED – AVAILABLE FOR PUBLIC INSPECTION."**

TDS Telecommunications Corporation is also submitting, under separate cover, a confidential version of these Reports. The confidential version is marked **"CONFIDENTIAL – NOT FOR PUBLIC INSPECTION."**

A copy of the Reports is enclosed.

Please contact the undersigned should you have any questions concerning the above-referenced enclosures or if you require any additional information.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Sara Cole", is written over a faint circular stamp.

Sara Cole
Regulatory Counsel
TDS Telecommunications Corp.

broadband Experiment

Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

Participant certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, and capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas.

Anchor Institutions – FCC 14-98 (paragraph 79)

Participants must provide the number, names, and addresses of community anchor institutions to which they have newly deployed broadband service in the preceding calendar year. On this line, please respond to the question: “New community anchors, no – no new anchors” to indicate whether this list will be provided.

3A, please provide a response for 4003B.

Provide the number, names and addresses of community anchor institutions to which the participant has newly begun providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
---	--	--

Deployment Locations – FCC 14-98 (paragraph 80)

Provide a list of geocoded locations to which broadband has been deployed as of the date immediately preceding the July 1st filing of the FCC Form 481.	Name of Attached Document Listing Required Information	
---	--	--

Provide evidence demonstrating that the participant is meeting the relevant public service obligations at or near the identified locations. Materials must detail the pricing, offered broadband speeds, and data usage allowances available in the geographic area.	Name of Attached Document Listing Required Information	
--	--	--

TO BE COMPLETED BY THE REPORTING CARRIER, IF AN AGENT IS FILING ANNUAL REPORTS ON THE CARRIER'S BEHALF:

Certification of Officer to Authorize an Agent to File Annual Reports for CAF or LI Recipients on Behalf of Reporting Carrier	
I certify that (Name of Agent) _____ is authorized to submit the information reported on behalf of the reporting carrier. I also certify that I am an officer of the reporting carrier; my responsibilities include ensuring the accuracy of the annual data reporting requirements provided to the authorized agent; and, to the best of my knowledge, the reports and data provided to the authorized agent is accurate.	
Name of Authorized Agent: _____	
Name of Reporting Carrier: _____	
Signature of Authorized Officer: _____	Date: _____
Printed name of Authorized Officer: _____	
Title or position of Authorized Officer: _____	
Telephone number of Authorized Officer: _____	
Study Area Code of Reporting Carrier: _____	Filing Due Date for this form: _____
Persons willfully making false statements on this form can be punished by fine or forfeiture under the Communications Act of 1934, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.	

TO BE COMPLETED BY THE AUTHORIZED AGENT:

Certification of Agent Authorized to File Annual Reports for CAF or LI Recipients on Behalf of Reporting Carrier	
I, as agent for the reporting carrier, certify that I am authorized to submit the annual reports for universal service support recipients on behalf of the reporting carrier; I have provided the data reported herein based on data provided by the reporting carrier; and, to the best of my knowledge, the information reported herein is accurate.	
Name of Reporting Carrier: _____	
Name of Authorized Agent Firm: _____	
Signature of Authorized Agent or Employee of Agent: _____	Date: _____
Name of Authorized Agent Employee: _____	
Title or position of Authorized Agent or Employee of Agent: _____	
Telephone number of Authorized Agent or Employee of Agent: _____	
Study Area Code of Reporting Carrier: _____	Filing Due Date for this form: _____
Persons willfully making false statements on this form can be punished by fine or forfeiture under the Communications Act of 1934, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.

Oakwood Telephone Company, dba TDS Telecom

State: OHIO

Study Area: 300645

54.313(a)(1) Progress Report on Five Year Service Quality Improvement Plan pursuant to § 54.202(a)

As an Incumbent Local Exchange Carrier (ILEC) and Eligible Telecommunications Carrier (ETC), Oakwood Telephone Company has been providing ubiquitous, high-quality voice telecommunications services in its study area for many years. To accomplish and maintain this service level, Oakwood has made significant historical investment to deploy, operate, and maintain an integrated, highly-reliable network. In addition to its own capital spending, Oakwood draws from the federal Universal Service Fund (USF). Universal service support has been (and continues to be) critical in enabling Oakwood's services in its rural markets to be reasonably comparable in quality and price to services in more urban markets, as Congress mandated in the Telecommunications Act. Oakwood draws USF support because the cost of providing voice and data services in its rural study area are substantially higher than those in urban areas, and thus all of the costs cannot be recovered solely from Oakwood's customers while maintaining reasonably comparable prices. Oakwood has made investments to bring high speed data services to its customers when the level of customer revenues and universal service support has made it financially viable to do so.

For Oakwood, federal high cost support is used to help offset ongoing network costs, but the monies received cover only a portion of the cost of updating and operating the network. In 2015, Oakwood received \$304,728 in USF support while incurring [REDACTED] in operating expenses and investing [REDACTED] in new plant. The attached Schedule A contains a list of specific network improvement projects that were completed in 2015 at the wire center level. Where these projects related to specific DSAs within the wire center, it is so indicated and can be cross-referenced to the exchange map attached as Exhibit 1. The attached Schedule B summarizes Oakwood's actual expenses for 2015. As evidenced by these support and expenditure numbers provided for the current reporting year, the universal service support that Oakwood receives covers only a fraction of its cost to provide service. Continued receipt of USF support is vital to helping Oakwood maintain reasonably comparable rates for local exchange service; and to incrementally upgrade its telecommunications facilities and equipment to help meet evolving service requirements and maintain high quality service.

Oakwood Telephone Company, dba TDS Telecom

State: OHIO

Study Area: 300645

54.313(a)(1) Progress Report on Five Year Service Quality Improvement Plan pursuant to § 54.202(a)

The content, timing, and specific geographic locations of projects that will be undertaken in the next five years, will be determined based upon careful analysis of the dual pathways, model-based or rate of return, for determining universal service support. The selection of future projects will be based on the evaluation of many factors, including current consumer demand, limited capital resources and estimated amounts of universal service support available to Oakwood under its selected path. Regardless of the path ultimately selected, Oakwood remains committed to utilizing available universal service support to help maintain and improve network quality, and where feasible, deploying advanced technologies and new services, expanding coverage and improving broadband speeds for its customers.

Line 330 – Detail on Attempts (broadband)

Rule 54.313(a)(3)

Carrier has implemented service availability tracking tools and employee training capabilities to respond to direct customer requests for broadband services.

Upon receipt of a new broadband service request, Carrier's service advisors follow these steps for provisioning the service:

- 1) The Carrier service advisor uses a customized service addressability software tool to determine if broadband service is available to the requested service address. If it is determined that service is offered to the address, an installation order will be initiated and scheduled immediately.
- 2) If the information in the service addressability tool indicates that extension of broadband service to the service address might be possible, a field service technician is dispatched to the customer premise to perform additional diagnostic testing. Such testing will determine whether there are any reasonable adjustments to the network or customer facilities which can be made to enable the provision of service. If tests confirm that broadband service can be offered at the service address, an order is initiated and service is provisioned.
- 3) In situations where Carrier's terrestrial broadband service is not available to a requesting customer, Carrier has partnered with Dish Network to offer dishNET satellite broadband service to customers. Carrier's service advisors are trained to discuss and assist the customer in ordering dishNET broadband service.

As the Commission acknowledged¹, some of the service areas served by rate of return carriers, like Carrier, have characteristics that make it highly cost prohibitive to extend broadband service using terrestrial wireline technology. Except as may be noted in Carrier's 5-year plan attached to this filing, any further build-out of terrestrial broadband service to additional locations within its study area will be dependent upon the cost of the technology to be deployed and the capital infrastructure funding level available. After following the steps above, if the service request is still unfulfilled, it is due to the customer's distance from a broadband capable central office or DSA. The capital cost to deploy fiber and other equipment to shorten loop lengths to support broadband at the required levels well exceeds any reasonable projection of revenue and support funding available for such projects.

¹ See *In the Matter of Connect America Fund*, WC Docket No. 10-90, Order DA 13-332, released March 3, 2013 at paras 10-11.

Line 510 – Description of Compliance with Service Quality Standards and Consumer Protection

Rule 54.313(a)(5)

TDS Telecommunications Corporation's ILEC companies follow applicable federal and state service quality and consumer protection rules. They comply with quality of service requirements including monitoring and reporting service quality metrics where required. TDS Telecom has implemented numerous consumer protection measures to protect customer information. For example, TDS implemented Customer Proprietary Network Information (CPNI) policies and procedures that are consistent with the FCC's regulations. Employees are required to complete CPNI training and in addition, employees who have access to CPNI data receive additional guidance through written procedures regarding customer authentication. Annually, all employees are required to review TDS' Business Code of Conduct which includes information and requirements on protecting sensitive customer information from improper use and disclosure. TDS data privacy and security policies are reinforced through periodic training required of all employees. Additional consumer protection measures include TDS' use of a third-party verifier to prevent unauthorized presubscribed interexchange carrier (PIC) changes ("Slamming") and the elimination of billing and collection arrangements that could have potentially allowed unauthorized third-party charges to be added to customer's bills ("Cramming").

TDS Emergency Operations Plan

Company is able to remain functional in an emergency situation through the use of back-up power to ensure functionality without an external power source. The Company's standard for battery backup is 8 hours in offices with no generator and 4 hours in offices with a generator. This is ensured during semi-annual routine maintenance which includes battery inspection, cleaning, documentation of float voltage and cell temperature, as well as equalization or replacement if necessary. In addition, permanent generators are present at significant wire centers to maintain power in the event a commercial power failure extends beyond battery backup capabilities. Also, portable generators are available for deployment to remote wire centers without permanent generators. The Company's network is engineered to provide maximum capacity in order to handle excess traffic in the event of traffic spikes resulting from emergency situations. Company facilities are remotely monitored and managed by a centralized Network Operations Center which is staffed 24 x 7, 365 days a year. Technicians are able to remotely access and respond to alarm conditions. By design, transport redundancy is built into the telephony and data network on many levels and in the event of a hardware or circuit failure or traffic spike, the networks are able to self-correct in many cases or, at many locations, technicians are able to manually switch network elements to standby facilities both locally and remotely.

-Terms and Conditions of Voice Telephony Lifeline Service – 54.422(a)(2)

Lifeline Service Overview

1. A Lifeline customer may subscribe to any local service offering available to all residential customers. Such local service offerings include:
 - Basic local exchange telephone flat rate service (R1) which entitles the customer to an unlimited number of telephone calls within the exchange and local calling area (including EAS points) without additional charges. Toll charges do not apply.
 - A local measured service (if offered by the Company). The service is priced lower than R1 service but either a per minute or per message rate also applies. The measured service plan may include an allowance of minutes/messages.
 - An expanded local calling service which is priced higher than R1 service but includes a larger local calling service area without incurring toll charges.
 - Any bundle service that includes residential basic local exchange service.
2. For a list of local exchange services and rates, refer to the Company's Local Exchange tariff posted on its website at <http://www.tdstelecom.com/CustomerService/TariffSearch.aspx> and/or contact the Company at 1-888-CALL TDS (1-888-225-5837). (Note, not all bundles are tariffed)
3. Any of the local service offerings listed above is for a minimum one month period and entitles the customer to telephone calls within the exchange and local calling area (including EAS points). Toll charges do not apply to such calls.
4. Telephone Service including Lifeline service also includes –
 - Touch Tone
 - Access to 911 emergency service along with other N11 services
 - Access to operator services
 - Access to directory assistance
 - Access to toll calling via long distance carrier
 - Toll restriction service at no charge for Lifeline customers
5. Participants in Lifeline Assistance shall not be disconnected from Local Service for non-payment of toll charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for non-payment of toll charges. Lifeline Assistance will not be connected if an outstanding balance is owed by the customer for local service.
6. Applicable taxes levied by state, county and local taxing authorities are added to local service rates.

-Terms and Conditions of Voice Telephony Lifeline Service – 54.422(a)(2)

STAR Packages

STAR Packages are optional service bundles. Each package permits a customer to receive services and features for a flat monthly rate, for each STAR Package subscriber line provided. The STAR Package options include the following services:

- 1) 3 STAR Package
Includes: Residential One-Party Line, Caller ID Deluxe, Call Waiting/Cancel Call Waiting, Call Forwarding, and Preferred Call Forwarding (not flat rate service at some companies)

The 3 STAR Package can be upgraded to include Anonymous Call Rejection, Three-Way Calling, Priority Ringing, Special Call Acceptance, and Personal Voicemail. The charge for this upgrade is set forth under "Residence" below (not flat rate service at some companies).

- 2) 4 STAR Package
Includes: Residential One-Party Line, Caller ID Deluxe, Call Waiting/Cancel Call Waiting, Call Forwarding, Preferred Call Forwarding, Anonymous Call Rejection, and 300 Minutes of LATA-Wide and/or Long Distance calling

The 4 STAR Package can be upgraded to include Three-Way Calling, Priority Ringing, Special Call Acceptance and Personal Voicemail. The charge for this upgrade is set forth under "Residence" below.

- 3) 5 STAR Package
Includes: Residential One-Party Line, Caller ID Deluxe, Call Waiting/Cancel Call Waiting, Call Forwarding, 3-Way Calling, Anonymous Call Rejection, Priority Ringing, Special Call Acceptance, Preferred Call Forwarding, Personal Voice Mail, and Unlimited LATA-Wide and/or Long Distance calling

Conditions and Limitations

- a. Rules, regulations, and limitations as specified elsewhere in the Company's tariffs for each individual service will apply as part of this Package.
- b. STAR Package customers may terminate their Package at any time upon notice to the Company.
- c. Unless terminated by the STAR Package customer or the Company, a customer will remain enrolled in the Package, as amended from time-to-time, with any applicable changes in rate, for as long as the Plan continues to be offered by the Company.
- d. New Customers that subscribe to one of the STAR Packages will receive a waiver of all installation charges.

-Terms and Conditions of Voice Telephony Lifeline Service – 54.422(a)(2)

Service Charges will not apply when the STAR Package replaces existing Local Exchange Service or if the customer requests a change from the STAR Package back to Local Exchange Service.

- e. A Package Change Fee will apply when a customer downgrades from the 4 STAR or 5 STAR Package to the 3 STAR or 4 STAR Package. Customers may upgrade to a higher STAR Package without incurring a charge.
- f. The Star Package may not be combined with any other optional toll calling plan service, except for those specified in this offering.
- g. Customers who fail to pay the entire Package rate per month will have all STAR Package optional features removed. The customer will then be converted to the tariffed Basic Local service rate. Service Charges will not apply for converting services back to tariff rates. Such customers will not be permitted to re-enroll in this any of the Packages until such time as all associated unpaid balances are satisfactorily paid in full.

Residence

- | | | |
|----|--|--------------------|
| 1) | 3 STAR Package, per line | \$19.99 to \$29.99 |
| 2) | 4 STAR Package, per line | \$29.99 to \$39.99 |
| 3) | 5 STAR Package, per line | \$39.99 to \$49.99 |
| | | |
| a. | Package Upgrade (features added to existing package) | \$5.00 |
| b. | Package Change Fee | \$7.50 |

SECURITY LINE SERVICE

1. General

Security Line Service is a bundle for residential customers who have their main telecommunications service with a wireless provider but require a basic access line for back-up and high speed data.

The bundle includes a Residential One-Party Line and up to 1 Mbps high speed data. (Could be an LMS line at companies that provide LMS)

2. Terms and Conditions

- a. Security Line Service will be provisioned where facilities are available.
- b. Rules, regulations, and limitations as specified elsewhere in the Company's tariffs will apply to this bundle.
- c. No other optional services or features are allowed with this bundle, except Toll Restriction, Toll Restriction PIN Override, Non-Published Numbers, and Non-Listed Numbers. These four services will be allowed at the rate listed

-Terms and Conditions of Voice Telephony Lifeline Service –
54.422(a)(2)

elsewhere in the tariff. As stated in the Lifeline Service Overview, charges for toll restriction do not apply to Lifeline Customers.

- d. Customers must subscribe to this service for 1 year. Cancellation of the bundle prior to the one year timeframe will cause an early termination fee of \$99 to apply.
- e. Customers must subscribe to TDS Long Distance Corporation as their long distance provider.
- f. Any toll calls will be billed at TDS Long Distance toll rates.
- g. Service Connection Charges will not apply.
- h. Optional Call plans are not available with this bundle.
- i. Seasonal Service is not available with this bundle.

3. Rates and Charges

Monthly Rate

Bundle Base Rate

\$44.20 to 49.20¹

¹ Other data speeds may be available for an additional charge.

Re: CC Docket No. 14-58
Certification of Reasonable Steps Taken to Provide 10 x 1 Broadband Service

Dear Ms. Dortch:

As part of the FCC's annual reporting requirements for ETC re-certification, Rule 54.313(f)(1)(i) requires carriers to certify that upon receiving a customer's reasonable request for broadband service with speeds of 10 mbps download and 1 mbps upload, the carrier took reasonable steps to provide service at those speeds.

TDS Telecommunications Corporation (TDS Telecom) owns and operates the telephone companies listed on the attachment. Each provides broadband service. Collectively through these companies, TDS Telecom offers broadband service to 94% of its ILEC customers. Most of these customers receive speeds of 5 mbps or faster.

In 2015, TDS Telecom completed a multi-year initiative to extend its broadband coverage to much of its rural serving area. This effort utilized grant funding available through the American Recovery and Reinvestment Act and was administered by the Rural Utility Services (RUS). \$100 million in grant funding was received while TDS Telecom invested an additional \$25 million of its own capital. At the conclusion of this initiative, broadband service was made available to an additional 32,000 customers who were previously unserved.

At this time, and with today's available technology, TDS Telecom has extended its broadband footprint as far as is economically feasible absent additional funding through universal service support and/or other state and federal grant programs. The 6% of customers that remain unserved live in our most rural and remote service areas. The cost to bring broadband to them, or to increase speeds to 10 x 1 for those who currently have service at slower speeds, would far exceed the revenue received from the sale of those services. We continue to closely monitor emerging technologies and look for affordable ways to serve these customers. As part of that effort, TDS Telecom is evaluating recent changes to the universal service program for rate of return carriers to determine how the funds available going forward can be utilized to efficiently extend broadband to additional customers in unserved areas and meet the evolving speed requirements for customers in underserved areas.

As Executive Vice President of TDS Telecommunications Corporation and an officer authorized to give this certification, I hereby certify that TDS Telecom collectively and through each of

its subsidiaries listed on the attachment, has taken reasonable steps to provide 10 x 1 broadband service upon receipt of a reasonable request from a customer.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin G. Hess". The signature is written in a cursive, flowing style.

Kevin G. Hess
