Subject: Stop the Pipeline

Ohio Power Board,
I have gone from confused to concerned to frightened and angry with regards to the proposed Duke Pipeline. I live near the proposed sites and cannot imagine the impact such a thing could have on my property value, my environment and, most importantly, the health of my family. I am adamant this project be suspended until fully investigated at which time I'm certain it will be shut down. The ineptitude and greed of Duke and it's supporters mortifies me. Please, in 2016 we can do better than this for our neighborhoods, communities and the people who live there.
