Re: South Field Energy Natural Gas Pipeline Interconnection
Columbiana County, Yellow Creek and Madison Townships
Ohio Power Siting Board Case No. 16-1166-GA-BLN

Dear :

This letter is being sent to you pursuant to the Ohio Power Siting Board rules and because you are either a property owner or an affected tenant in the vicinity of a proposed two mile 20 inch diameter natural gas pipeline which will be located along the border of Madison and Yellow Creek Townships, Columbiana County, Ohio (“the SFE Natural Gas Interconnection”).

The SFE Natural Gas Interconnection will supply natural gas, the primary fuel to the proposed state-of-the-art combined cycle electric generating facility located on an 86.5-acre property along Hibbetts Mill Road in Yellow Creek Township, Columbiana County. The SFE Natural Gas Interconnection will extend from a point of interconnection at the proposed electric generating facility in a westerly direction for approximately two miles to a point of interconnection at the existing Dominion Transmission Pipeline (Dominion) natural gas pipeline. Enclosed is a map showing an overview of the SFE Natural Gas Interconnection.

South Field Energy LLC recently filed a Letter of Notification with the Ohio Power Siting Board which is now pending in Case No. 16-1166-GA-BLN. The Letter of Notification seeks approval to construct, operate and maintain the SFE Natural Gas Pipeline Interconnection.

A copy of the Letter of Notification is available for public inspection at the Columbiana Public Library, 332 N. Middle St., Columbiana, OH 44408 and at the Wellsville Carnegie Public Library located at 115 9th Street, Wellsville, OH 43968. You can also view the June 30, 2016 Letter of Notification online at www.opsb.ohio.gov and by typing in Case No. 16-1166. You can also request a copy by contacting me at the above address, telephone or email.
