SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Automated Collect Call - A billing arrangement by which the charge for a call may be charged to the called party, provided the called party accepts the charges with a positive response. Automated Collect Calls are processed by an automated system rather than a liver operator.

Called Party - The person, individual, corporation, or other entity whose telephone number is called by the Inmate. The Called Party accepts responsibility for payment of the charges for use of the Company's services.

Collect Billing - A billing arrangement whereby the originating caller may bill the charges for a call to the called party, provided the called party agrees to accept the charges.

Company or Carrier - Public Communications Services, Inc. d/b/a GTL, ("PCS") unless otherwise clearly indicated by the context.

Confinement Institution or Institution - Used throughout this Tariff to refer to prisons, jails, penal facilities or other institutions which contract with PCS for the provision of service for use by their Inmate population.

LATA - Local access and transport area. A geographic area established by the US District Court for the District of Columbia in Civil Action No. 17-49, within which a local exchange company provides communications services.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.7 Institutional Prepaid Collect Service

Institutional Prepaid Collect Service allows recipients of collect calls from inmate facilities to set up a prepaid account with the Company from which such calls are decremented.

Inmates place a collect call through the standard dialing pattern to a specific telephone number (station to station). The account holder accepts the collect call and the charges for that call are deducted from the Subscriber's Prepaid Account. Funds in this Prepaid Account may only be used for payment of calls received by account holders to their telephone number specified to the Company when the Prepaid Account is established.

Prepaid Collect Service calls are not distance sensitive. Call timing is rounded up to the nearest one (1) minute increment after the initial minimum period of one (1) minute and therefore the Available Usage Balance is decremented in full minute increments.

Per call and usage for each call placed is deducted from the Available Usage Balance in the Inmates's Prepaid Account. Customers may obtain the current Available Usage Balance, last payment made and last payment date by calling the Company's Customer Service toll free number twenty-four (24) hours a day, seven (7) days a week.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.8 Institutional Prepaid Service

Institutional Prepaid Service allows inmates to set up prepaid accounts for outbound calling. Prepaid calls are originated when the inmate enters their unique PIN and destination number. The Institution has the option of enabling a function requiring positive call acceptance on each call placed via Institutional Prepaid Service.

With the assistance of the Institution, the company will set up a Prepaid Account for calls placed from the Institution. Funds in the Prepaid Account may only be used for payment of calls placed by inmates. The Company's system informs the inmate of the Available Usage Balance remaining in the Prepaid Account upon access to place a call, and prompts the inmate Customer to place a call by entering the destination telephone number.

Institutional Prepaid Service calls are not distance sensitive. Call timing is rounded up to the nearest one (1) minute increment after the initial minimum period of one (1) minute and therefore the Available Usage Balance is decremented in full minute increments.

Per call and usage for each call placed is deducted from the Available Usage Balance in the Inmate's Prepaid Account on a real time basis as the call progresses.

While a call is in progress and the Available Usage Balance reaches one minute, a voice prompt will announce to the inmate that one minute of time remains on their Prepaid Account and that the call will be cut off after that time.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.9 Rates

Service is billed in one (1) minute increments following and initial one (1) minute billing period.
