**Re: Clean Energy Future-Lordstown, LLC,  
OPSB Case Nos. 14-2322-EL-BGN; 16-494-EL-BGA**

Dear Ms. McNeal:

On July 18, 2016 Clean Energy Future-Lordstown, LLC (the "Project") and the Staff of the Ohio Power Siting Board ("OPSB" or "Staff"), attended the Project's preconstruction conference to begin the construction activities on two new project parcels, "Parcel 7" and "Parcel 8," as described in Project Amendment 2 (Case No. 16-494-EL-BGA).

The Project believes that it is in compliance with all applicable conditions to begin using Parcel 8 as a temporary workspace, as described in Amendment 2. The Project will commence using Parcel 8 for temporary workspace, as described in Amendment 2, on July 20, 2016. The Project has updated all erosion and sediment control measures in the SWPPP for Parcel 8.

At this time, the Project will not commence any activity on Parcel 7. The Project will file notice with the Board prior to conducting any activity on Parcel 7.

Sincerely,

Sally W. Bloomfield
