7. Special Access Service (Cont'd)

7.4 Rate Regulations (Cont'd)

7.4.13 Discount Commitment Program (DCP) *

(A) General Description

The Discount Commitment Program (DCP) provides the customer with rate stabilization and discounted rates for Direct Analog, Base Rate and DS1 services (described in Sections 7.2.3 and 7.2.9, preceding), except the DCP is not available for DS1 Local Distribution Channels (LDC) associated with 128, 256, 384, 512, and 768 Kbps Channel Mileage Termination and Channel Mileage, installed after October 2, 2000. The customer agrees to a minimum service commitment per service per state when establishing a DCP. Customers may disconnect or move Local Distribution Channels within the state and not be subject to Termination Liability charges as long as commitment levels are maintained.

DCPs may be established by service by state and be of either 3 or 5 years duration. A customer may have only one DCP per service per state in effect at one time. For example, a customer that has a 3 year DCP for Direct Analog service in Illinois may not establish a second Direct Analog DCP in Illinois until the current DCP expires.

Monthly rates for services installed under a DCP will change as Telephone Company initiated rate changes become effective but during the DCP term will not exceed the monthly rate in effect at the beginning of the customer's DCP term. During the term of the selected DCP, Telephone Company initiated rate changes (increases or decreases) will automatically be applied to the monthly rates for the remaining months of the current DCP term. But in no case will any rate change cause the monthly rate during the DCP term to exceed that in effect at the beginning of the customer's DCP term.

(B) Commitment Level

A customer establishes a DCP term by committing 90 percent or more of their in service Local Distribution Channels to a term of either 3 or 5 years duration. Although the commitment is based upon Local Distribution Channels, the following rate elements will all receive DCP rates:

Channel Mileage
Channel Mileage Termination
DS1 to Voice/Base Rate Multiplexer
Local Distribution Channel

* DCP is not available for DS1 Local Distribution Channels (LDC) associated with 128, 256 384, 512, and 768 Kbps Channel Mileage Termination and Channel Mileage, installed after October 2, 2000.
