**Re: Clean Energy Future-Lordstown, LLC,
OPSB Case No. 14-2322-EL-BGN**

Dear Ms. McNeal:

The September 17, 2015, Opinion, Order, and Certificate ("Certificate") approving Clean Energy Future-Lordstown, LLC ("CEFL") Certificate of Environmental Compatibility and Public Need to Construct the Lordstown Energy Center established a set of conditions as part of the Certificate.

Within this set of conditions, **Condition No. 22** requires that:

Prior to commencement of construction activities that require transportation permits, the Applicant shall obtain all such permits. The Applicant shall coordinate with the appropriate authority regarding any temporary or permanent road closures, lane closures, road access restrictions, and traffic control necessary for construction and operation of the proposed facility. The Applicant's process for coordination shall be detailed as part of a final traffic plan submitted to Staff prior to the preconstruction conference for review and confirmation that it complies with this condition.

In compliance with **Condition No. 22**, attached is a copy of the heavy haul permits issued by the states of Ohio and Michigan.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield

WEEKEND TRAVEL IS ALLOWED IF OVERALL LOADED DIMENSIONS DO NOT EXCEED 10 FEET IN WIDTH, 14 FEET IN HEIGHT, AND 90 FEET IN OVERALL LENGTH. WEEKEND TRAVEL INCLUDES DAYLIGHT SATURDAY AND SUNDAY DAYLIGHT HOURS UNTIL 3:00 P.M.

This permit is NOT VALID on county roads or city streets.

Permit116055262402

Special Conditions and Restrictions:

- * THE MAXIMUM SPEED OF A PERMITTED LOAD IS 50 MPH ON 4 OR MORE LANES, 45 MPH ON LESS THAN 4 LANES.
1. Permit valid only if favorable driving and traffic conditions prevail. Daylight hours only, beginning one half hour before sunrise and ending one half hour after sunset. Loads that are OVERWEIGHT ONLY can travel 7 days a week, 24 hours a day.
 2. Route to be checked for vertical clearance and overhead obstructions prior to movement.
 16. Use caution at all overhead obstructions.
 13. At least 2 flashing or rotating amber lights to be placed on the extreme rear of the load.
 19. Movement will require the vehicle to be equipped with two OVERSIZE LOAD signs 7' long by 18" high with 10" black letters on yellow background. One sign on the front of the vehicle, the other on the rear of the load. If the sign cannot be attached to or is not legible on the load, the sign is to be attached to the rear of the vehicle.
 3. Movement to be made during periods of reduced traffic. Vehicles traveling under this permit shall maintain a distance of not less than 2,000 feet apart.
 8. The movement of an overwidth or overlength vehicle or load requires the display of clean plain red or orange flags at least 18" square. One flag shall be displayed at each of the four corners of the vehicle or load, and if any portion of the load extends beyond the width at the corner flag, one additional flag shall be displayed at the widest point of each side of the vehicle or load. Flags should be securely fastened by at least one corner or securely mounted on a staff.

All application and permit fees are nonrefundable, pursuant to Act 561 of PA 2002.

By signing below, permittee certifies that all dimensions and weights are correct. The permittee accepts responsibility for all damages to the highways, to persons, to property caused by or arising from operations covered by this permit. The permittee certifies that required insurance is in effect and that all specified restrictions will be complied with as they apply to this movement.

Permit is not valid unless signed by permittee.

		Issued By: LUTZM1	Date: 07/21/2016
Permittee 815662	Date Entered: 07/21/2016 09:15:08 AM		Issued: 07/21/2016 09:21:01 AM

Conditions and Restrictions:

- A. Permits will be issued only for vehicles owned by the applicant or operated under a bona fide lease or rental agreement.
- B. Move to be made with a minimum of interference to traffic, and at no time will the highway be closed to other traffic.
- C. If the movement of a vehicle or load requires a highway sign, structure, or railing to be moved, the applicant shall secure department approval prior to the move and shall be responsible for the cost of removal and replacement.
- D. A vehicle shall not be loaded or unloaded within the highway right-of-way unless permitted by a police officer or agent of the department.
- E. The driver of the vehicle shall carry a paper copy of the permit in the vehicle to which it applies and shall have it available for inspection by any police officer or agent of the Department of Transportation. The driver shall stop at all highway weight stations for permit inspection.
- F. Highways shall be traveled in sequence as listed on the permit.
- G. Any of the following actions shall immediately void the permit and subject the applicant to appropriate legal action: (a) Misrepresentation of information set forth in an application for permit. (b) Any operation on trunkline highways beyond the size or weight limitations shown on the permit. (c) A change or erasure on a permit.
- H. A load shall be arranged to affect the minimum dimensions for height, length, or width. All hydraulic attachments or mechanisms must be securely immobilized with adequate chains and binders. Vehicles must have air or lift axles on ground.
- I. Permits are valid only for one single trip to be made within the five (5) days as stated on the permit. If the permit is valid for a return trip, follow the reverse route as stated on the permit. This must also be completed within the five (5) days of the permit. Overweight permits are not valid during the spring weight restriction period.
- J. Insurance coverage required in the laws of this state shall be in effect for moves operating with an overweight or oversize permit.
- K. This permit not valid on county roads or city streets. If the equipment is to be moved on any county road or city street, permission must be obtained from the appropriate authorities.
- L. All weights and dimensions listed in the application for permit are to be the actual weights and dimensions of the described loaded vehicle(s).

Permit116055262402

- M. Permit not valid for oversize or overweight vehicles which can be (a) Readily dismantled (based on the non-divisible load definition of 23 CFR 658.5), (b) reduced, or (c) rearranged to minimize or eliminate the oversize or overweight characteristics.
- N. Vehicles shall be registered as required by Michigan statute and will not violate any statute or ordinance, rule or regulation of any state agency or subdivision of the state. Vehicles shall comply with all statutory provisions as to other permits, licensing, motor vehicle equipment and operation. Overweight permits valid only if transporting equipment is licensed for maximum legal loadings.
- O. Permits are not valid on highways or structures which are posted for lighter than legal loadings if the vehicle exceeds axle or gross loadings as posted.
- P. The granting of a permit shall not be considered as a guarantee of the sufficiency of a highway; highway width or vertical clearance; or highway structure for transporting on the route.
- Q. Contact the Mackinac Bridge Authority (906)643-7600 not less than 24 hours prior to the planned arrival for all moves crossing the bridge. Permit requires that the vehicle be escorted across the Mackinac Bridge by a Mackinac Bridge Authority vehicle. Permits may **not** be valid on the bridge when wind velocity exceeds 25 MPH, to be determined by the Mackinac Bridge Authority.
- R. It is the applicant's responsibility prior to any movement to determine whether there are any construction bulletins issued by the Department which restrict the dimensions or weight within the limits authorized by this permit. Knowledge of issued construction bulletins will be presumed. Movements which exceed the limits prescribed will be invalid under this permit. Information regarding bulletins may be obtained at www.michigan.gov/mdot or call (517)241-8999.
- S. The permittee certifies that he/she has checked the route as necessary for vehicle clearance and overhead obstructions prior to any movement. Striking or damage to any structure or facility will be perceived to be non compliance with this section and will result in termination of this permit.
- T. The permittee shall be responsible for damages to the highway, to persons, and to property caused by or arising from operations covered by this permit. The permittee shall indemnify and save harmless the Transportation Commission, the department and all of their employees from any and all suits, claims, and damages of every kind arising out of, under, or by reason of this permit, or from operations covered by this permit.
- U. Any approvals, reviews, and inspections of any nature by the department, its officers, agents, and employees shall not be construed as a warranty or assumption of liability on the part of the department. It is expressly understood and agreed that any such approvals are for the sole and exclusive purposes of the department, which is acting in a governmental capacity. Any approvals, reviews, and inspections by the department will not relieve the permittee of the permittee's obligations hereunder, nor are such approvals, reviews, and inspections by the department to be construed as a warranty as to the propriety of the permittee's performance.
- V. Self-propelled vehicles must maintain minimum posted speed on non-freeway routes and must maintain 45 MPH on freeway routes.
- W. Contact Blue Water Bridge (810) 984-3131 not less than 24 hours prior to planned arrival for all moves crossing the bridge.
- X. Contact the International Bridge (906) 635-5255 ext. 0 no less than 24 hours prior to planned arrival for all moves crossing the bridge.
- Y. Contact the Ambassador Bridge (313) 989-0136 no less than 24 hours prior to planned arrival for all moves crossing the bridge.

Self propelled vehicle must maintain minimum posted speed on non-freeway routes and must maintain 45 MPH.
