To Whom It May Concern:

My family is opposed to DP&L's rate increase of 223% to cover the \$65.7million increase in its revenue requirement. I am more interested in seeing my money used more appropriately for alternative and renewable energy sources for the state of Ohio.

Please don't allow DP & L to punish my family by charging us for their lack of initiative in pursuing alternative options and/or to upgrade outdated coal plants.

The case number for this issue is 15-1830-EL-AIR and I hope you will take the wants and needs of the customers into account.

Sincerely,

Susan Kinner
