Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposal so that a powerful utility can no longer block competition and progress for the sake of its own profits. Doing so would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which maintaining the status quo is placed ahead of Ohioans' best interest and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Ms. Patricia Morgan

Subject: Reject the Proposed FirstEnergy Settlement (Case No. 14-1297-EL-SSO)

After more than a year of hearings, thousands of citizens and businesses calling for its rejection, and expert testimony, FirstEnergy has failed to explain why using ratepayer dollars to prop up their aging, inefficient, dirty power plants makes any sense.

The proposed settlement that is pending before you does nothing to mitigate the environmental and public health impacts these coal plants will have in Ohio and beyond. The proposed settlement flies in the face of Ohio policy that honors customer choice. And just as egregious is asking Ohioans - the very same people who will suffer from air pollution and will have diminished energy choice under this proposed deal - to pick up the tab of over \$10 a month per household. By comparison, the cost of clean, renewable power that customers pay now is only about \$1 per month!

It is past time for FirstEnergy to adapt to a competitive market that is becoming more and more favorable to cleaner resources; the PUCO should encourage them to innovate and invest in the energy resources of the future instead of doubling down on the energy resources of the past.

Please stand with Ohio families and small businesses and reject this proposed settlement.

Thank you for your time in considering this request.
