BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Commission's :
Investigation Into Telephone Numbering : Case No. 10-884-TP-UNC
and Number Assignment Procedures. :

MOTION
OF
MCIMETRO ACCESS TRANSMISSION SERVICES LLC
D/B/A VERIZON ACCESS TRANSMISSION SERVICES
FOR
AN EXTENSION OF TIME IN WHICH TO ACTIVATE
TELEPHONE NUMBERING RESOURCES

2000

2016 AUG 22 PM 3:42

RECEIVED-DOCKETING DIV.

MCImetro Access Transmission Services d/b/a Verizon Access Transmission Services ("Verizon") respectfully requests an extension of time in which to activate one thousands-block of telephone numbers assigned to it in the Barnesville, Ohio rate center. The thousands-block in question, 740-619-3XXX, was assigned by the Pooling Administrator (Neustar) on February 22, 2016. The due date for submitting confirmation of "in service" to the Pooling Administrator is August 22, 2016. Due to delays in processing a local order for the major customer that will use the assigned number block, Verizon will be unable to meet the deadline for activating customer DIDs and submitting the "in-service" confirmation. However, the customer has executed the contract, and Verizon anticipates that it will be able to turn up service to the customer within the next 90 days.

Reclamation of the numbers would cause Verizon and the major customer in question significant hardship. To ensure service will be available for this customer, and that Verizon's current available numbering resources do not become subject to reclamation, Verizon requests

Technician Am Date Processed 8/22/16

an extension of 90 days in which to place the affected telephone numbering resources into service and provide confirmation to the Pooling Administrator. Verizon submits that an extension of time in which to activate the numbering resources is reasonable and appropriate in view of the limited duration of the requested extension and the expectation that the numbering resources will have an immediate and identifiable use.

WHEREFORE, Verizon respectfully requests that its motion for a 90-day extension of the August 22, 2016 due date for submitting "in-service" confirmation to the Pooling Administrator be granted.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'B. E. Royer', with a long horizontal flourish extending to the right.
