Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposal so that a powerful utility can no longer block competition and progress for the sake of its own profits. Doing so would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which maintaining the status quo is placed ahead of Ohioans' best interest and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Ms. Paula Wieser

PUCO Chairman Asim Haque
OH

Dear PUCO Chairman Haque,

FirstEnergy wants me to subsidize inefficient power plants with rate increases that can cost consumers \$10 to \$15 a month. Older Ohioans, especially those with fixed incomes and no Social Security increase this year, should not be stuck with the bill because FirstEnergy is not competitive, nor should we bail them out on our backs.

FirstEnergy has threatened plant shut-downs and have warned that consumers and businesses will no longer have a reliable power supply if they don't get handouts paid for by consumers. But Ohio's regional power grid operator and multiple experts have said that Ohio and the region has plenty of power generation for the future.

As a consumer I feel it is time to take action. Please stand with Ohio consumers and say "no" to the FirstEnergy utility bailout regarding PUCO Case Numbers: 14-1297-EL-SSO.

Sincerely,

Mr. Paul Strzelczyk
