Dear Mr. Siegfried:

Per your e-mail dated August 26, 2016, here is a brief description of the change that happened at the Prairie's Edge Dairy Generating Facility.

Certification Number: 12-BIO-IN-GATS-1472

Case Number: 12-2473-EL-REN

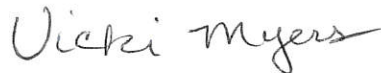

PJM GATS Unit ID: NON67284

This facility previously ran on Biogas, but on June 29th, 2015 at hour 1100, the facility switched it's fuel source to Natural Gas which now makes the facility a non-renewable facility. It is my understanding that the Commission will revoke this certification based on the change in fuel type.

If there are any further questions, please call me at 317-481-2833. Thank you!

Sincerely,

WABASH VALLEY POWER ASSOCIATION, INC.

Mrs. Vicki Myers
Manager, Power Supply
