Subject: Oppose the Central Corridor Pipeline Extension Project

Dear Ohio Power Siting Board,

As a resident of Amberley and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

To Our Elected Officials,

I am writing to add my voice to those opposing Duke Energy's planned high pressure gas pipeline. Our family lives in Amberley Village, owns a business in Blue Ash, and has children attending school in Pleasant Ridge. All three of the neighborhoods would be adversely impacted by the proposed routes. We are fearful of the potential negative health, safety, and economic consequences of putting such a large pipeline through our heavily populated community. I do not believe that any project of this magnitude and potential danger has even been approved in residential areas such as ours. Please do not allow Duke to proceed with this project. Thank you.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards, Jennifer Fedorov
