Re: Case # 13-2385-^{EL-SSO}~~EGP~~

I am writing to state my opposition to AEP's proposed increase of the "customer charge" by more than 2X. AEP's reliance on outdated coal burning technology needs to change, not to be supported with additional fees. AEP should focus on increasing efficiency and renewable energy, things that will improve Ohio long term, not just prop up AEP in the near term.

Thank you for considering our opinion

Sincerely,
