Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposals so that a powerful utility can no longer block competition and progress for the sake of its own profits. Refusing to rubber-stamp FirstEnergy's requests would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which Ohioans' best interest is placed ahead of maintaining the status quo, and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Ms. Dini DiNatale  
13201 Hatch Rd  
Westerville, OH 43082-9524

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future. Or is Capitalism now the endangered species that Democracy has to save by throwing as much money as it can to save us all from being paupers because if we do, then the money will just start as a trickle and end in a flood of prosperity the likes we have never seen before in all of human history.

The only truths that can be wrestled from that statement is; It is true we have never seen the likes of it ever and never will and most likely it will be bad for the people they are supposed to be serving ... well, unless you exclude them and the payments made to the PUCs all over the country get it pushed through.

Those pointing out corruption all over the world should look no further than their own back yard.

Commissioner Thomas Johnson

Dear Commissioner Johnson,

It makes no sense to bail out a corporation by passing the cost of its losses onto the public.

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposals so that a powerful utility can no longer block competition and progress for the sake of its own profits. Refusing to rubber-stamp FirstEnergy's requests would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which Ohioans' best interest is placed ahead of maintaining the status quo, and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Dr. Ann Griffen

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposals so that a powerful utility can no longer block competition and progress for the sake of its own profits. Refusing to rubber-stamp FirstEnergy's requests would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which Ohioans' best interest is placed ahead of maintaining the status quo, and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Mr. Mark Parr

Dear Commissioner Johnson,

As an First Energy customer, I'll be damned if I'm gonna pay for their poor business decisions to keep dirty coal fired power plants.

For 40 years I have been writing letters to you, our newspaper, been out demonstrating and leafleting for them to go with clean energy and to pay customers who save energy, to buy @ a reasonable rate consumer generated clean energy.

BUT NO! they have continued with their archaic business plan and NOW THEY want US to PAY FOR THEIR STUPIDITY.

HELL NO.

Thank you,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposals so that a powerful utility can no longer block competition and progress for the sake of its own profits. Refusing to rubber-stamp FirstEnergy's requests would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which Ohioans' best interest is placed ahead of maintaining the status quo, and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Miss Dianna Hoyt
