Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposals so that a powerful utility can no longer block competition and progress for the sake of its own profits. Refusing to rubber-stamp FirstEnergy's requests would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which Ohioans' best interest is placed ahead of maintaining the status quo, and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Mr. John Dierig

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

Please reject FirstEnergy's proposals so that a powerful utility can no longer block competition and progress for the sake of its own profits. Refusing to rubber-stamp FirstEnergy's requests would send a clear message to businesses, entrepreneurs, investors, and residents that Ohio is ready for a new era--one in which Ohioans' best interest is placed ahead of maintaining the status quo, and electricity is clean, reliable, and affordable.

Please reject FirstEnergy's request. It's what's right for Ohio's customers and clean energy future.

Thank you,

Mr. Tim Meier
