MEMORANDUM IN SUPPORT

The Village of Bethesda was issued Certificate No. 14-888E (1) on November 2, 2014 with an expiration date of November 2, 2016. The deadline to file the Renewal Application for Electric Governmental Aggregators was October 2, 2016. The Village's elected officials have questions and concerns regarding renewing their certificate for the electric aggregation program. Currently there is a meeting scheduled for October 24, 2016 to address these concerns. The Renewal Application will not be filed before the expiration date. The Village of Bethesda requests that its current certification be extended until December 15, 2016. The Village of Bethesda maintains that this extension will not prejudice any party.

Wherefore, Village of Bethesda respectfully requests that the Commission grant its Motion for Extension of Certification Expiration Date.

Respectfully submitted,

By: /s/ John L. Einstein, IV
