Intervener Status Sought in Invenergy/Hardin Wind LLC Transparency
Concerns

Dear O.P.S.B.,

I am writing this letter to be entered as an intervener in
Invenergy/Hardin Wind's latest attempt to circumvent statutes, rules, and
policies in their drive to thwart the law and ruin the environment.

Please enter me in as an intervener in the four following cases;

Case No. 13-1177-EL-BGN

Case No. 13-1767-EL-BSB

Case No. 13-1768-EL-BTX

I would also ask for the same status in their attempt to alter their
initial permit by seeking larger nacelles and blade lengths. I unfortunately
have no case number for either of these, but I have heard they have asked to
do this.

For them to do any of the above mentioned, the wind corporation
should send the letters to adjacent property owners and have the required
hearings locally.

We need to adhere to the statutes of the O.P.S.B. and protect private
property. For if we do not, what really is the "rule of law."

Respectfully,

Ed Rogers
