Company History

Lykins Oil Company (“Lykins”) is a premier supplier of traditional fuels and environmentally friendly alternative fuels for business and governmental fleets, municipalities, homes, and farms. Lykins has been a dependable supplier of petroleum products since 1948, and takes great pride in providing quality fuels, fuel solutions, and customer service to over 25,000 customers in fourteen states.

Lykins is a wholly-owned subsidiary of Lykins Companies, Inc., a family-owned Subchapter S corporation. The company is in its third generation of management and has over 200 employees. Lykins’ home office is located in Milford, Ohio (Clermont County), where Lykins actively supports many community organizations and activities.

Lykins Oil Company dba Lykins Energy has been active in the electric and gas broker markets since 2012 and has been an electric supplier since July of 2014.

For additional information concerning the history, background, and business lines of Lykins please go to the Lykins’ website at www.lykinsenergy.com.

Jurisdiction of Operations

Lykins is a PUCO certified aggregator, power marketer and power broker with authority to conduct CRES activities in all electric distribution utility ("EDU") service territories in Ohio. Lykins commenced power marketer operations in the Duke Ohio service territory beginning July 2014. It is expected Lykins will then expand to the AEP Ohio, Dayton Power & Light and First Energy service territories, respectively.

Lykins is a PUCO certified natural gas broker within the state of Ohio.

Experience and Plans

Lykins has been serving commercial and residential customers with petroleum products since 1948. Lykins currently services over 25,000 active accounts, providing fuels for all types of usage, including home heating. The majority of its customers are located in Ohio.

Lykins expanded its service offerings to include providing electric supply relying on its existing relationships with its customers as the basis for assisting them and others in meeting their total energy requirements.

Lykins has the managerial experience and expertise to provide this service, and has a well-trained, dedicated customer service group in place to deal with any consumer issues that may arise. In addition, Lykins has an extensive advertising and customer-relations network which enables Lykins to market services effectively while maintaining the highest levels of customer care.

For additional information concerning this specific area please contact John Deeds at (513) 965-6206 or jdeeds@lykinsenergy.

Summary of Experience

Lykins has brokered natural gas supply to four restaurants in the Duke Ohio choice program. The total volume of these contracts is approximately 600,000 ccf over the Term. Service commenced in September of 2014 and will expire in December of 2016.

Corporate Structure

As indicated above, Lykins Companies, Inc., is the parent of six wholly-owned subsidiaries. The service that is the subject of this application will be provided solely by the Lykins Companies, Inc. subsidiary, Lykins Oil Company. Neither Lykins Companies, Inc. nor any of the subsidiaries identified above have supplied natural gas to customers in North America. Lykins Oil Company does supply wholesale electric to Duke Service territory customers in Ohio.

Operations

Lykins has broker contracts with several natural gas suppliers. Lykins will use its current customer base as a starting point when offering brokerage services.

Lykins operations will not include the contracting of natural gas purchases for retail sales, the nomination and scheduling of retail natural gas for delivery, or the provision of retail ancillary services, or any other services used to supply natural gas to the natural gas company city gate for retail customers.

Operations Expertise

Lykins Director of Energy has been employed at CG&E, Cinergy, and Duke Energy as well as owning his own brokerage company. Having spent over 20 years in the industry he is very knowledgeable of customer service, natural gas markets, electricity markets, trading, origination, forecasting, scheduling, balancing, settlements, and all levels of regulatory compliance.
