**Supplemental Information Letter
London-Tangy 138 kV Transmission Line
Tap to National Substation Project
Case No. 16-1930-EL-BNR**

Dear Ms. McNeal,

This letter provides supplemental information to the Board concerning the construction of the London-Tangy 138 kV Transmission Line Tap to National Substation Project, Case No. 16-1930-EL-BNR. A typographical error was discovered in Exhibit 9 after the submittal of the application. Exhibit 9 is the comment letter received from the Ohio Department of Natural Resources ("ODNR") Office of Real Estate. On page one of the comment letter, it states "The proposed project is located in the City of Willoughby, Lake County Ohio." This should read "The proposed project is located in Deer Creek Township, Madison County Ohio." The ODNR Office of Real Estate was contacted regarding the typographical error and verified that the information in the comment letter contained no other errors. No changes to the Project result from this change.

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 384-2740.

Sincerely,

William Beutler
Engineer III
Energy Delivery Transmission and Substation Design
FirstEnergy Service Company
