Jason,

I am currently reviewing your application for natural gas supplier certification in Ohio and found two incomplete sections in the application. My review is limited to Sections A, B & D of the application while Section C is reviewed by other staff. Staff reviewing the other section may contact you if the information provided does not satisfy the application certification requirements.

The incomplete sections are Exhibits A-4 and B-3. All Exhibits require a separate and complete answer and cannot be answered with an N/A or by referencing a different Exhibit. The incomplete exhibits should be provided as soon as possible. Please send the revised pages directly to the docketing division (not to me) along with a brief cover letter explaining the filing. Please include your case number, 16-2076-GA-CRS on all documents sent to docketing.
