**Re: Hog Creek Wind Farm LLC,
Case Nos. 09-277-EL-BGN and 10-654-EL-BGN**

Dear Ms. McNeal:

On March 22, 2010, the Ohio Power Siting Board ("OPBS") issued Hog Creek Wind Farm LLC ("Hog Creek") a Certificate of Environmental Compatibility and Public Need in Case No. 09-277-EL-BGN for Hog Creek I ("Hog Creek I"). On August 29, 2011, the OPSB issued a Certificate of Environmental Compatibility and Public Need in Case No. 10-654-EL-BGN for Hog Creek II ("Hog Creek II"). The orders in each of the cases established a set of conditions as part of the certificates.

Within these sets of conditions, Hog Creek I **Condition No. 36** and Hog Creek II **Condition No. 6** require that:

At least 30 days before the preconstruction conference, Hog Creek shall file a letter with the Board that identifies which of the three turbine models listed in the application has been selected.

As noted in the Hog Creek I Third Amendment Application (Case No. 16-1422-EL-BGA) and Hog Creek II Second Amendment Application (Case No. 16-1423-EL-BGA) filed on June 22, 2016, Hog Creek will be using the Vestas V110 turbine model for the combined project. Thus, Hog Creek is in compliance with Hog Creek I **Condition No. 36** and Hog Creek II **Condition No. 6**.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
