

BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of Sycamore)
Township as a Governmental Aggregator of) Case No. 14-1613-EL-GAG
Electricity)

MOTION FOR EXTENSION OF THE CERTIFICATE

Sycamore Township, by and through its authorized agent Dynegy Energy Services (East), LLC pursuant to O.A.C. § 4901:1-21-16(G), respectfully requests that the Commission extend Sycamore Township's governmental aggregation certificate (14-879E(1)) for the reasons set forth below.

Sycamore Township is a governmental aggregator certified by the Commission since October 6, 2014, to provide governmental aggregation services. Sycamore Township's current certificate expired on October 13, 2016. The expiration of the certificate was an inadvertent oversight due to a miscommunication between counsel and Sycamore Township's authorized agent. On December 13, 2016, upon becoming aware of the expired certificate, Sycamore Township immediately prepared and filed a new Certification Application for Electric Governmental Aggregators as required by O.A.C. § 4901:1-27-04(G) under new case number 16-2376-EL-GAG, through its authorized agent. Accordingly, Sycamore Township respectfully seeks an extension of the expired certificate (14-879E(1)) pending approval of the new application filed with the Commission.

This motion for extension is not made for purposes of delay and will not prejudice any parties in interest. As stated above, the failure to file a renewal application in this case was an inadvertent oversight. Wherefore, Sycamore Township respectfully requests that the

Commission extend the previous certificate (14-879E(1)) until such time that the Commission can review and approve the new application in case number 16-2375-EL-GAG.

December 14, 2016

Respectfully submitted,

/s David F. Proaño
