Dear Examiners:

On December 21, 2016, the Signatory Parties filed a Joint Stipulation and Recommendation involving all of the above-captioned cases (Global Settlement). It has come to my attention that we inadvertently omitted one of the customer class rates in Paragraph IV.A.2.d (pages 9-10) of the Global Settlement involving the

Retail Stability Rider agreements. More specifically, the GS-1 customer class has a single block rate of \$0.005630 per kWh under the Global Settlement. That rate is implicitly reflected in the GS-1 typical bill comparison contained in Exhibit A to the Global Settlement and was used in the Signatory Parties exchange of rate information leading up to execution of the Global Settlement. While the Signatory Parties agreed to this rate, it was inadvertently omitted from the Global Settlement. The Company plans to address this matter on the record through direct examination of AEP Ohio witness Allen at the scheduled evidentiary hearing, but wanted to promptly bring this matter to your attention.

Thank you for your attention to this matter.

Respectfully Submitted,

//s/ Steven T. Nourse
