**REVIEW AND RECOMMENDATION
SUBMITTED ON BEHALF OF THE STAFF OF
THE PUBLIC UTILITIES COMMISSION OF OHIO**

On December 20, 2016, NOS Communications, Inc. filed an ATA seeking to introduce its Carrier Access Service Tariff P.U.C.O. No. 4 as it intends to offer switched access service to other carriers.

Therefore, pursuant to 4901:1-7-14(F) O.A.C. of the Carrier Rules, an application to introduce a carrier access tariff must be filed as an ATA subject to the thirty-day automatic approval process. The Staff reviewed all documents and exhibits filed with this application and found them to be compliant, as amended, with Commission rules. Thus, Staff has determined that the proposed introduction of the carrier access service tariff, P.U.C.O. No. 4, appears to satisfy the Commission's requirements set forth in 4901:1-1-7 of the Administrative Code. Staff recommends that this application be approved on January 19, 2017.
