**COMMENTS OF  
THE DAYTON POWER AND LIGHT COMPANY**

---

The Dayton Power and Light Company (“DP&L” or “the Company”) appreciates the opportunity to provide comments in response to the Finding and Order dated December 7, 2016, in which the Public Utilities Commission of Ohio (“Commission” or “PUCO”) solicited interested parties’ comments on proposed regulations relating to Submetering of utility services in the State of Ohio.

DP&L supports the Commission’s intended objective of protecting at-risk populations against unfair and deceptive practices regarding pricing of sub-metered electric service. However, DP&L does not have an opinion as to what the threshold should be permitted to be charged over and above a utility’s Standard Service Offer (SSO) price in order to be considered not ancillary to the landlord’s primary business. DP&L reserves the right to submit reply comments in this proceeding.

Respectfully submitted,

Randall V. Griffin (0080499)  
Attorney for the Dayton Power and Light
