Kevin Gladfelter
Staff Interrogatories – Initial Set

Question 1: In Section A of the application, you list the facility latitude and longitude as 39.86812, -76.539792. This is about 250 yards from the building on which the facility is located. The red pin below shows that the correct facility latitude and longitude as 39.867146, -76.542175. Is the correct facility latitude and longitude 39.867146, -76.542175?

Answer 1: The Red pin would be the correct location. I am not sure why Bing Maps placed the latitude and longitude out so far away.
