Thank you for the information. I would like reiterate my opposition now that I see Duke has issued changes to the application for 16-253-GA-BTX including a new alignment of the Orange line closer to Kenwood Rd, moving it to the East side of Kenwood Country Club instead of the West side in the original proposal. I am opposed to this new alignment because it would move the pipeline closer to more residential neighborhoods which places my house and hundreds of additional houses with the potential hazard zone.

Thanks,  
Michael
