Re: City of East Liverpool

Dear Ms. Magaziner-Tempesta,

Please find enclosed an addendum to the Application for Government Aggregators for the City of East Liverpool as it relates to Section A-5, Experience. As you know, Regor Energy on behalf of the City of East Liverpool is filing the application.

Should there be a question and/or additional information needs, please contact: John Ney, Director of Business Development, Regor Energy, (813) 210-7184 or through email at jwney122@gmail.com.

Sincerely,

John Ney
Director of Business Development
Regor Energy

Enclosure

Exhibit A-5

Experience

Regor Energy is an energy management services firm whose leadership has years of customer experience serving those in the commercial, industrial, municipal and residential segments. The goal of the company is to provide its customers with the best energy program(s) to meet their needs and the needs of their community as it relates to price, contract protection, and term viability.

The company also evaluates the most viable form of energy sources to include solar energy to determine its viability in meeting the energy needs of its customers. Other forms of energy conservation such as LED lighting are also considered based on budgetary availability and ROI evaluation.

Regor Energy serves municipalities including the City of East Liverpool with consulting services in regards to the procurement of electricity, natural gas, and electric and natural gas aggregation programs for residences and small businesses. Among other things, Regor Energy will provide assistance to the City of East Liverpool as it relates to:

- Assist in the renewal of its electric aggregation certification.
- Draft and assist in the development of a Plan of Operation and Governance.
- Provide assistance at any scheduled meetings to educated community members.
- Assist the City in the day-to-day administration of the program (i.e. PUCO compliance, supplier liaison, contract review, etc.).
- Review customer data provided by AEP that would serve as the basis for an opt-out notice.
- Assist the City in completing and filing the annual report required by PUCO for Governmental aggregators.
- Coordinate and assist with the preparation and filling of the required aggregation certification documents (bi-annually).

Additionally, Provider(s) participating in the RFP process must demonstrate:

- Has experience administering other Government Aggregation groups within the state of Ohio.
- Has sufficient sources of power to provide retail firm power to the residents and small businesses of East Liverpool.
- Is a licensed Federal Power Marketer with the Federal Energy Regulatory Commission.
- Is certified as a CRES by the PUCO.
- Is registered as a generation supplier with AEP.
- Has a Service Agreement for Network Integration Transmission Service under AEP's Open Access Transmission Tariff.
- Has the corporate structure to sell retail firm power to the AEP customers in the City.
- Assure its Electronic Data Interchange computer network is fully functional and capable of handling the AEP retail electric customers of East Liverpool.
- Has a call center capable of handling the City's Aggregation Group customer calls.
- Has a toll-free number as required by the PUCO for customer service and complaints related to the City's aggregation program.
- Satisfies the State of Ohio's, AEP and the City's credit requirements.
- Will execute the Power Supply Agreement.
- Will provide assistance, if needed, by Regor Energy and the City in filling the annual reports required by PUCO and Section 4805, 10(A), Section 4911, 18(A) and Section 4928.06(F) of the Ohio Revised Code.

This foregoing document was electronically filed with the Public Utilities
