PUCO

To Whom It May Concern,

After attending the information meeting on January 26th at the Duke Energy Open House regarding the Duke Pipeline, I strongly oppose the installation of the Duke Pipeline through Cincinnati. The information presented in the meeting did nothing to calm my fears of the Pipeline being installed regarding the safety and efficacy of this pipeline compared to existing infrastructures.

Although I understand that the current pipelines are in need of being replaced, the current proposals of Duke Energy cut through neighborhoods I frequent on a daily basis with my children and my husband works.

Please consider withdrawing the application.

Thank you,  
Sharon Cardona
