**Re: Clean Energy Future-Lordstown, LLC,
OPSB Case No. 14-2322-EL-BGN**

Dear Ms. McNeal:

The September 17, 2015, Opinion, Order, and Certificate ("Certificate") approving Clean Energy Future-Lordstown, LLC ("CEFL") Certificate of Environmental Compatibility and Public Need to Construct the Lordstown Energy Center established a set of conditions as part of the Certificate.

On March 7, 2016, in compliance with Condition No. 6, CEFL filed its Complaint Resolution Procedure, which was set forth the noise complaint procedural process. The plan stated that a telephone number would be established and posted at the construction site for the public to report any undesirable noise conditions associated with the construction and operation of the project. By this letter, CEFL notifies the Ohio Power Siting Board that this telephone number is 330-609-9190, and has been posted at the site for the public to call to report any noise conditions.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
