PRE-APPLICATION NOTIFICATION LETTER
Levis Park-Midway 138kV Transmission Line
Structure Relocation and Replacement Project
Case No. 17-0367-EL-BNR

Dear Ms. McNeal:

In accordance with Ohio Administrative Code ("OAC") Rule 4906-6-03(A) and OAC Chapter 4906-6 generally, this letter will serve as the pre-application notice letter of applicant American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, for the above referenced Project. ATSI expects to file a Construction Notice application with the Ohio Power Siting Board for the Project shortly.

In this Project, ATSI is proposing to remove a single wood pole structure on the existing Levis Park-Midway 138kV Transmission Line to allow for the construction of the Hull Prairie Road Roundabout by Wood County. The Project will also include replacing three existing single wood pole structures with new single wood pole structures in approximately the same locations, and replacing another single wood pole structure with a new single wood pole structure approximately 100 feet east from its existing location.

The Project will be located in Perrysburg Township and Middleton Township, Wood County, Ohio. The construction of this Project is expected to begin as early as March 27, 2017 and be completed by April 14, 2017.

Please be advised that pursuant to Ohio Administrative Code 4906-6-04, ATSI will be requesting expedited review of this Project.

Sincerely,

Nataliya Bryksenkova
Engineer
Energy Delivery
Transmission and Substation Design
FirstEnergy Service Company
