Re: Case 16-0253-GA-BTX, Duke Energy Ohio C314V Pipeline Extension

Dear Board Members:

I urge you to deny Duke Energy's application, and for you to request that Duke Energy develop alternate solutions that minimize harm to our communities. The proposed high-pressure pipeline would run through heavily populated areas of Hamilton County. Such a pipeline would impact thousands of residents and businesses, both economically and with respect to safety.

Thank you for your consideration,

Franklin Ng
