Dear PUCO,

I Brandon Pittman of Sound mind and body believe that DP&L need to at least present the idea of Clean and Renewable energy to its consumers. I am opposed to DP&L's plans to raise prices.

I also believe DP&L needs to be supportive in helping consumers find Alternative energy and to never punish its customers for doing so

With Great Respect

Dear Pucco,

I'm opposed to Dayton Power & Light's plan to increase the customer charge by more than three times!

I want DP&L to increase their renewable energy and energy efficiency programs.

DP&L should be encouraging energy efficiency, not punishing customers who reduce their use!

P.S

We have the technology for free energy!

With Great Respect
Jara Pittman
