Dear Public Commission of Ohio,

I'm opposed to Dayton Power & Light's plan to more than double their customer service charge. In my own case they tried to triple our bill. Everyone was playing the blame game.

I want to see DPL increase their renewable energy and energy efficiency programs.

I also think DPL should be encouraging energy efficiency, not punishing customers who reduce their use. Which I know we have done.

Thank you for your time
Case # 95-1830 EL-ATR
