Exhibit A-2:
Authorizing Ordinance

RESOLUTION NO. 11-8

A RESOLUTION AUTHORIZING ALL ACTIONS NECESSARY TO EFFECT A GOVERNMENTAL ELECTRICITY AGGREGATION PROGRAM WITH OPT-OUT PROVISIONS, AND DIRECTING THE COLUMBIANA COUNTY BOARD OF ELECTIONS TO SUBMIT A BALLOT QUESTION TO THE ELECTORS.

WHEREAS, the Ohio Legislature has enacted electric deregulation legislation (Am. Sub. S.B. 3) which authorizes the legislative authorities of municipal corporations, townships and counties to aggregate the retail electrical loads located within their respective jurisdictions and to enter into service agreements to facilitate for those loads the purchase and sale of electricity ("Governmental Aggregation"); and

WHEREAS, such legislative authorities may exercise such authority jointly with any other legislative authorities; and

WHEREAS, Governmental Aggregation provides an opportunity for residential and small business consumers to participate collectively in the potential benefits of electricity deregulation through lower electricity rates which would not otherwise be available to those electricity customers individually; and

WHEREAS, this Village Council seeks to establish a Governmental Aggregation Program with opt-out provisions pursuant to R. C. Section 4928.20 (the "Aggregation Program") for the residents, businesses and other electric consumers in the corporate limits of the Village;

NOW THEREFORE, be it resolved by the Council of the Village of Wellsville, Ohio, that:

Section 1. This Council finds and determines that it is in the best interest of the Village, and its residents, businesses and other electric consumers located within the corporate limits of the Village, to establish this Aggregation Program in the Village. Provided that the Aggregation Program is approved by the electors of the Village pursuant to Section 2 of this Resolution, the Village is hereby authorized to automatically aggregate, in accordance with R. C. 4928.20, the retail electric loads located within the Village, and, for that purpose, to enter into service agreements to facilitate for those loads the purchase and sale of electricity. The Village may exercise such authority jointly with any other municipal corporation, township, county or other political subdivision of the State of Ohio to the full extent permitted by law. The aggregation will occur automatically for each person owning, occupying, controlling or using an electric load center proposed to be aggregated and will provide for the opt-out rights described in Section 3 of this Resolution.

JUL 08 2011

Section 2. The Board of Elections of Columbiana County is hereby directed to submit the following question to the electors within the corporate limits of the Village at the special/general election on November 8, 2011:

Shall Wellsville Village have the authority to aggregate the retail electric load located in the Village, and for that purpose, enter into service agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out?

The Fiscal Officer of the Village is instructed to immediately file a certified copy of this Resolution with the County Board of Elections by August 10, 2011. The Aggregation Program shall not take effect unless approved by a majority of the electors voting upon this Resolution and the Aggregation Program provided for herein at the election held pursuant to this Section 2 and R. C. Section 4928.20.

Section 3. Upon approval of a majority of the electors voting at the special/general election provided for in Section 2 of this Resolution, this Council, individually or jointly with any other political subdivision, may develop a plan of operation and governance for the Aggregation Program. Before adopting such plan, this Council shall hold at least two public hearings on the plan. Before the first hearing, notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the Village. The notice shall summarize the plan and state the date, time and place of each hearing. No plan adopted by this Council shall aggregate the electric load of any electric load center within the Village unless it, in advance, clearly discloses to the person owning, occupying, controlling, or using the load center that the person will be enrolled automatically in the Aggregation Program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions of enrollment. The stated procedure shall allow any person enrolled in the Aggregation Program the opportunity to opt-out of the program at least every three years, without paying a switching fee. Any such person that opts out of the Aggregation Program pursuant to the stated procedure shall default to the standard service offer provided under division (A) of R. C. Section 4928.35, until the person chooses an alternative supplier.

Section 4. It is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this Resolution were adopted in an open meeting of this Council and that the deliberations of this Council and any of its committees that resulted in such formal actions were in meetings open to the public, in compliance with all legal requirements, including R. C. Section 121.22.

Section 5. This Resolution shall be in effect on and after the earliest period allowed by law.

VILLAGE OF WELLSVILLE, OH, COLUMBIANA COUNTY ELECTRIC AGGREGATION PROGRAM

PLAN OF OPERATION AND GOVERNANCE

Introduction. On November 8, 2011 a majority of the voters in The Village Of Wellsville, OH, in the County of Columbiana, approved a referendum that authorized The Village Of Wellsville (the "Village") to pursue Automatic Governmental Aggregation. After the Village held two public hearings on the matter, the Village Council approved this Plan of Operation and Governance as prescribed by Section 4928.20 of the Ohio Revised Code. The Village has developed this Plan of Operation and Governance ("Plan of Operation") in accordance with the governmental aggregation provisions in Sections 4901:1-21-16 Ohio Administrative Code. Once certified as a Governmental Aggregator, the Village will be authorized to combine multiple retail electric customer loads within its geographic boundaries (the "Aggregation") for the purpose of facilitating the purchase of electric supply in Ohio's competitive retail electric market.

Governmental Aggregation Services. The Village Of Wellsville, as a Governmental Aggregator, will serve as purchasing agent for the Aggregation. As purchasing agent, the Governmental Aggregator shall (i) select a Competitive Retail Electric Service Provider ("Provider") to supply the Aggregation, (ii) negotiate the terms of supply between the Provider and the Aggregation participants, and (iii) oversee the enrollment procedures administered by the Provider.

The Contract. The supply contract negotiated by the Governmental Aggregator for the Aggregation (the "Contract") shall be for firm, all-requirements supply. Each Aggregation participant will be individually bound to the Provider by the terms of the Contract, and will be solely responsible for payment. The electric supply charges for the Aggregation are included in the Contract that will be negotiated by the Governmental Aggregator and shall identify the pricing or pricing methodology. All electric supply charges will be fully and prominently disclosed in consumer enrollment materials (such as the Opt-out Notice), available on the Provider's website, and available by calling the Provider's toll free customer service telephone number. The surcharge authorized under Section 4928:20 (I) will not be charged.

Eligibility, Opt-out Disclosures, and Pooling Accounts. Section 4901:1-21-17 of the Ohio Administrative Code requires the Governmental Aggregator to request from the Utility for all customers residing within the governmental aggregator's boundaries, including those customers who have opted off the pre-enrollment list (i) a list of the names, account numbers, and service and mailing addresses for those residing within the Governmental Aggregator's boundaries, consistent with the information that is provided to other competitive retail electric service providers (ii) an identification of customers who are currently in contract with a certified electric services company other than the Provider or in a special arrangement with the electric utility, and (iii) an identification of mercantile customers. The following customers are not

eligible: customers already under contract with a certified electric services company; customers that have a special contract with the Utility; customers that are not located within the Governmental Aggregator's boundaries; customers on the Percentage of Income Payment Plan (PIPP); customers that have past due amounts owing to the Utility; and mercantile customers. In addition, the Village intends to include in the Aggregation only those (a) residential and (b) non-mercantile customers under Rate Schedules GS1-4. Using this list of eligible accounts, the Provider, with the assistance of the Governmental Aggregator, will review the list to verify that the eligible accounts are located within the geographic boundaries of the Village and that an area within the Village boundaries has not been inadvertently filtered from the list. The Provider will also remove from the eligible list, those customers who appear on the "do not aggregate" list maintained under division (c) of section 4928.21 of the Revised Code.

Within thirty (30) days of receipt of the list from the Utility, the Provider, with assistance from the Governmental Aggregator, will prepare and mail an "Opt-out Notice" to each account that remains on the eligible list after it has been reduced as noted above. The Opt-out Notice will inform the eligible account holder that the Governmental Aggregator has formed an automatic (or "Opt-out") aggregation, provide the price for the electric supply to the Aggregation and other terms and conditions of service, and explain how the account holder can decline participation in the Aggregation. In the event the Village determines the Aggregation participants should not purchase stand-by service from the Utility, that fact would be prominently disclosed in the Opt-out Notice with a description of how it would impact the Aggregation participants.

As required by 4901:1-21-17 of the Ohio Administrative Code, the Opt-out Notice will indicate that the account holder has 21 days to affirmatively respond by telephoning a toll-free number or opting-out via the Provider's website address or returning a postcard to the provider that is included in the Opt-out Notice.

The Provider will receive all Opt-out requests and any Opt-out Notices that were undeliverable by mail, and will remove those accounts from the eligible account list. Upon completion of the 21 day Opt-out period, the Provider will notify the Utility of the remaining accounts that will form the Aggregation, and through an electronic data interchange transaction, enroll the Aggregation. Upon enrollment, each participant will receive an enrollment notice from the Utility that will indicate that the enrollee may rescind its participation in the Aggregation by contacting the Utility within seven (7) calendar days.

In addition to the initial 21-day Opt-out period, each participant will be provided an opportunity to opt-out every three years without paying an early termination fee. The program can be for a duration of no less than one year and no more than three years at a time.

Billing. Aggregation participants will receive a single, monthly bill from the Utility, which will include charges from the Provider for its electric supply, as well as the Utility distribution charges. Aggregation participants will be billed according to their Utility billing cycle. In order to maintain flexibility for Aggregation participants to return to Utility service on a

full requirements basis without paying additional charges to the Utility or being subject to market-based rates, the Aggregation participants may be billed by the Utility for stand-by service within the meaning of division (B)(2)(d) of section 4928.143 of the Revised Code. As of the date of this Plan of Operation, the Utility does not have a separate charge for stand-by service.

Credit, Collections and Deposits. The Utility’s credit and collection policy and policies regarding deposits will apply to the Aggregation participants and shall be administered by the Utility. Neither the Governmental Aggregator, nor the Provider will implement additional policies with respect to credit, deposits and collections.

Concerns and Complaints. Aggregation participants will have multiple means of expressing concerns and reporting complaints. As a general rule, concerns regarding service reliability and billing should be directed to the Utility. The Utility will continue to read meters, handle billing, and generally have the most information about the physical service to a location or account. Questions regarding the administration of the Aggregation should be directed to the Provider. The Provider’s customer service center is available by telephone 24 hours per day, 7 days per week. Any unresolved disputes should be directed to the Public Utilities Commission of Ohio and/or the Ohio Consumers Council. As a convenience, below is a list of helpful toll free telephone numbers.

The Provider will attempt to resolve all customer complaints in a timely and good faith manner. The Provider shall investigate and provide a status report to the customer when the complaint is made directly to them and/or the Village within three (3) calendar days following receipt of the complaint. Or in the case of a Public Utilities Commission of Ohio (“PUCO”) complaint the Provider will investigate and provide a status report to the customer and PUCO staff within five (5) calendar days following receipt of the complaint. If an investigation into a complaint received from the customer or a complaint referred by the PUCO is not completed within fourteen (14) calendar days, then a status report will be given to the customer, and, if applicable, the PUCO. These status reports will be given every five (5) calendar days until the investigation is complete, unless the action that must be taken takes longer than five (5) calendar days and the customer has been notified. Final results of a Commission-referred complaint will be provided to the PUCO either orally (phone) or in writing (e-mail, written correspondence), no later than five (5) calendar days after the investigation is completed. The final results will be provided in writing to the customer no later than five (5) calendar days after

the investigation is completed. Customers retain the right to contact the PUCO regarding complaints and disputes. All customers have the right to contact the PUCO by writing to Public Utilities Commission of Ohio, ATTN: IAD, 180 E. Broad St., Columbus, OH 43215-3793; by fax to (614) 752-8351; through their website at www.puc.state.oh.us or by calling toll free (800) 686-7826 (VOICE) or (800) 686-1570 (TTY-TDD). Records of customer complaints will be retained for two (2) years after the occurrence of the complaint. A copy of the complaint record will be provided to the PUCO within five (5) calendar days, if requested.

Moving within the Village. Aggregation participants that move from one location to another within the Village's boundaries and retain the same account number will remain an Aggregation participant and will receive the same price they would have received if their location had not moved.

Aggregation participants who move from one location to another within the Village's boundaries and are assigned a new account number may enroll their new account in the Aggregation and receive the same price as they would have received if their location had not moved, provided the new account is eligible for Aggregation. Participants who move and receive a new account number may be dropped from the Aggregation by the Utility, but they will not be charged an early termination fee from the Provider. If a participant is dropped from the Aggregation due to a move within the Village, the participant should contact the Provider to be re-enrolled.

Moving outside of the Village. Aggregation participants who move out of the Village's boundaries will no longer be eligible to participate in the Aggregation, but they will not be charged an early termination fee from the Provider.

Enrolling after the Opt-out Period. Residential and small business accounts located within the Village's boundaries that were initially eligible to join the Aggregation, but chose to Opt-out of the Aggregation, or otherwise weren't included in the Aggregation, may join the Aggregation after the expiration of the initial Opt-out Period by contacting the Provider. The rate for those joining the Aggregation after the expiration of the Opt-out Period may be different from the rate negotiated for the Aggregation by the Governmental Aggregator. In the event that the Provider is able to offer to newly eligible customers the same price that is provided to the current Aggregation participants, the Provider may refresh the Aggregation by providing those who move into the Village the opportunity to be included automatically, rather than waiting until the next pricing term of the Contract. The process for refreshing the Aggregation with new enrollments would follow the process noted above for determining eligibility, providing Opt-out Notices, and pooling the accounts. (Current Aggregation participants and those who previously declined participation would not receive the Opt-out Notice intended only for newly eligible customers.)

Please note: (SUPPLIER) will bill you for your actual energy supply charges (rather than any budgeted amount) until you have contacted us to set up your budget billing account. Residential Electricity Purchase and Sale Terms and Conditions - Opt-Out Aggregator

The Village Of Wellsville Council Council ("Municipality"), pursuant to the aggregation authority conferred upon it by electorate vote, which passed by a majority vote on November, 2011 and passing an ordinance establishing the program, selected (SUPPLIER) ("Seller") to supply the aggregation and to administer enrollments as described below. You, the account holder (also referred to as "Buyer") for the eligible account associated with the service address referenced on the letter accompanying these Electricity Purchase and Sale Terms and Conditions (the "Account"), and Seller agree to the following terms and conditions. Seller and Buyer (individually referred to as "Party" and collectively as "Parties") agree to the following Electricity Purchase and Sale Terms and Conditions ("Agreement"), as of (DATE) (the "Effective Date"):

1. Opt-Out Enrollment: Enrollment is automatic for those who are eligible, but participation is voluntary. **IF YOU DO NOT WISH TO PARTICIPATE, YOU MUST OPT-OUT BY (1) DETACHING AND RETURNING THE OPT OUT CARD ATTACHED TO THE ENROLLMENT NOTICE POSTMARKED NO LATER THAN DATE, (2) BY CALLING (***)***.**** BY DATE OR (3) BY OPTING-OUT ON SELLER'S WEBSITE AT WWW.(SELLER).COM.** If you choose to opt-out, you will be served by the standard service offer of AEP Ohio (the "Utility") or until you choose an alternative supplier of electric service.

2. Eligibility: To be eligible for opt-out aggregation, Buyer and the Accounts to be served (i) must be located within the Municipality's jurisdictional boundaries, (ii) must be served by the Utility, (iii) may not be under contract with another competitive supplier, (iv) may not be on the Public Utilities Commission of Ohio ("PUCO") "do not aggregate" list, (v) must be in good standing with the Utility (including payment history), and (vi) may not be under a Utility special arrangement or percentage of income payment plan (PIPP). In the event ineligibility is not ascertained until after service commences, Seller shall provide notice of the same to Buyer and return Buyer to the Utility.

3. Term and Renewal: This Agreement shall become binding on the Effective Date, provided however, the obligation of Seller to sell and schedule electricity for delivery to Buyer and the obligation of Buyer to purchase, take and pay for electricity is contingent upon: (a) eligibility of Buyer and the Accounts, (b) successful enrollment by the Utility, and (c) passage of the Rescission Period without effective cancellation by Buyer. Successful enrollment by the Utility is dependent upon (i) the eligibility of the Accounts, as set forth above and as determined by the Utility, to take from a retail electric supplier and (ii) the accuracy and completeness of any information submitted by Buyer and the Municipality. Service will commence on the first available meter read, dates on or after May 2, 2015 and shall remain in effect through the April 2018 meter read ("Initial Term"), unless terminated pursuant to the terms of this Agreement. In the event ineligibility is not ascertained until after service commences, Seller shall provide notice of the same to Buyer and return Buyer to the Utility. Buyer shall have the opportunity to opt-out of the Aggregation at least every three years without penalty.

4. Rescission Period: The Utility will send Buyer a letter confirming transfer of service upon processing of Buyer's enrollment and Buyer will have 7 days from the postmark date of that letter to cancel its enrollment, without penalty, ("Rescission Period") by calling the Utility on the toll-free number provided in the letter or by providing written notice to the Utility.

5. Price: For each billing cycle of Initial Term, Buyer shall pay (a) a Fixed Rate of \$*.*** per kWh, and (b) available charge calculated by Seller to reflect the cost of network integrated transmission service charges, each multiplied by the billing cycle usage for the Accounts. Both Parties recognize that Seller's charges include tariff charges that are set forth by the Utility, transmission provider, regional transmission organization or independent system operator ("RTO/ISO"), the Federal Energy Regulatory Commission, PUCO, and/or any other state or governmental agency having jurisdiction (each an "Authorized Entity"). Seller may pass through to Buyer, without markup as a separate line item or as an updated Fixed Rate, (a) any increase in such tariff charges or (b) other increase in Seller's cost to provide electricity that result from an addition to, a change in, or change in interpretation by an Authorized Entity of, or change in administration by an Authorized Entity of, tariffs, operating protocols, laws, regulations, or other requirements of an Authorized Entity, as applicable. Buyer will also incur delivery and other additional service charges from the Utility. Switching fees may apply when service is established with Seller (which will be reimbursed by Seller, if applicable), but Buyer will not be charged separately by Seller for a switching fee.

6. Billing and Payment: Buyer will be invoiced by the Utility for both Seller's charges and the Utility's delivery charges. Such billing and payment (including fees associated with late payments) shall be subject to the applicable Utility rules regarding billing and payment procedures. Seller may cause the Utility to correct previous invoices in the event of invoicing errors. Seller's charges or credits not invoiced through the Utility shall be invoiced or credited, respectively, directly by Seller. Any such charges shall be due within 21 days following the invoice date and payments not received by the due date will be deemed past due and shall accrue interest on the unpaid balance from the due date until payment is received at a rate of 1.5% per month of the unpaid balance, provided that such percentage does not exceed the maximum amount allowable by law. Seller offers budget billing for generation charges and Buyer should contact Seller at the phone number identified in Section 12 to elect budget billing.

<p>7. Taxes: Any tax levied against Seller by any governmental entity, exclusive of Seller's income tax or taxes levied on Seller's real or personal property that must be paid by Seller shall be passed through to and borne and reimbursed by Buyer. Buyer must provide Seller with any applicable exemption certificates. Buyer shall pay any such taxes unless Seller is required by law to collect and remit such taxes, in which case Buyer shall reimburse Seller for all amounts so paid.</p>
<p>8. Limitations: ALL ELECTRICITY SOLD HEREUNDER IS PROVIDED "AS IS", AND SELLER EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. IN NO EVENT WILL EITHER PARTY BE LIABLE UNDER THIS AGREEMENT, WHETHER IN CONTRACT, IN TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY), OR OTHERWISE, FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, OR PUNITIVE DAMAGES.</p>
<p>9. Environmental Disclosure: The disclosure provided herewith describes the generation resource mix and Environmental characteristics of the electricity. To receive this disclosure by mail, Buyer may request such by contacting Seller</p>
<p>10. Termination: Remedies: Seller may terminate Buyer's service under this Agreement for non-payment with at least 14 days written notice. Failure to pay Utility invoices may result in Buyer being disconnected in accordance with the Utility tariff. Buyer may terminate at any time without early termination fees. If Buyer switches back to the Utility, Buyer may not be served under the same rates, terms, and conditions that apply to other customers served by the Utility. The Choice program is under the ongoing jurisdiction of the PUCO.</p>
<p>11. Force Majeure: Except for Buyer's obligation to pay Seller timely, neither Party shall be liable to the other for failure to perform an obligation if the non-performing Party was prevented from performing due to an event beyond He reasonable control, that could not be remedied by the exercise of due diligence and that was not reasonably foreseeable, including without limitation, acts of God, a condition resulting in the curtailment of electricity supply or interruption or curtailment or transmission on the electric transmission and/or distribution system, interruption of Utility service, terrorist acts or wars, and force majeure events of the Utility or RTO/ISO.</p>
<p>12. Questions, Complaints and Concerns: Buyer may contact Seller at (***)-***-****. Seller's mailing address is 123 Main Street, Anytown, State, 12345 and its website is www.SUPPLIER.com.
