**RE: City of Wooster
Public Way Notification per ORC 4939.05E**

To Whom It May Concern:

This letter is to provide notice, as required per ORC 4939.05E, that the City of Wooster is considering an ordinance to establish and/or update the levy of public way fees. The City of Wooster already requires public utilities to obtain a Right-of-Way Permit through the City's Engineering Division and to pay the applicable application and inspection fees according to the City's fee schedule. The ordinance establishes that additional fees may be charged for review done by independent consultants retained by the City of Wooster. The ordinance that is under consideration has been prompted by recent changes to ORC 4939 by Ohio Senate Bill 331.

Should you have any questions or need additional information, please feel free to contact myself or John Rice, City of Wooster Staff Engineer at 330-263-5234 or jrice@woosteroh.com.

Sincerely,

Joel Montgomery, PE, MSM
Director of Administration/City Manager
