**Re: Hog Creek Wind Farm LLC, Case Nos. 09-277-EL-BGN  
10-654-EL-BGN, 16-1422-EL-BGA and 16-1423-EL-BGA**

Dear Ms. McNeal:

On November 29, 2016, the OPSB issued an Order on Certificate approving Hog Creek Wind Farm, LLC's ("Hog Creek") applications to amend its Hog Creek I Certificate (Case No. 09-277-EL-BGN) and Hog Creek II Certificate (Case No. 10-654-EL-BGN) subject to the conditions set forth in the Stipulation and continued compliance with the conditions set forth in the certificate orders as later amended (Order on Certificate at 9).

Within these sets of conditions, Hog Creek I Certificate **Condition No. 33** and Hog Creek II Certificate **Condition No. 45** require, in part, that prior to construction:

**Hog Creek shall submit the final layout and turbine locations to the NTIA for review and approval.**

In compliance with Hog Creek I Certificate Condition No. 33 and Hog Creek II Certificate Condition No. 45, attached is a copy of NTIA's response letter, which was filed with the Board on September 15, 2016 in response to a Staff Data Request in Case Nos. 16-1422-EL-BGA and 16-1423-EL-BGA.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield

Re: Hog Creek Project: Hardin County, OH

Dear Mr. O'Brien:

In response to your request on May 17, 2016, the National Telecommunications and Information Administration provided to the federal agencies represented in the Interdepartment Radio Advisory Committee (IRAC) the plans for the Hog Creek Wind Project, located in Hardin County, Ohio.

After a 45 day period of review, no agencies had issues with turbine placement in this area.

While the IRAC agencies did not identify any concerns regarding radio frequency blockage, this does not eliminate the need for the wind energy facilities to meet any other requirements specified by law related to these agencies. For example, this review by the IRAC does not eliminate any need that may exist to coordinate with the Federal Aviation Administration concerning flight obstruction.

Thank you for the opportunity to review these proposals.

Sincerely,

Peter A. Tenhula  
Deputy Associate Administrator  
Office of Spectrum Management
