**RE: Electric Governmental Aggregator Renewal Application — Village of Mingo Junction,
Jefferson County, OH.**

CASE #13-1349-EL-GAG

The Village of Mingo Junction is pleased to submit its renewal application for electric governmental aggregator. The original application notarized and signed by an authorized official.

Material provided for review:

- Application for Governmental Aggregations and Affidavit
- Exhibit A-2 Authorizing Ordinance reflecting voter authorization;
- Exhibit A-3 Plan of Operation and Governance;
- Exhibit A-4 Automatic Aggregation Disclosure;
- Exhibit A-5 Experience

Should you have any questions or additional needs, please call me at (614) 425.4885.

Sincerely,

Scott R. Belcastro

RENEWAL APPLICATION FOR ELECTRIC GOVERNMENTAL AGGREGATORS

Please print or type all required information. Identify all attachments with an exhibit label and title (Example: Exhibit A-4 Opt-Out Form). All attachments should bear the legal name of the Applicant and should be included on the electronic copy provided. Applicants should file completed applications and all related correspondence with: Public Utilities Commission of Ohio, Docketing Division, 180 East Broad Street, Columbus, OH 43215-3793.

This PDF form is designed so that you may input information directly onto the form. You may also download the form, by saving it to your local disk, for later use.

A. RENEWAL INFORMATION

- A-1 Applicant's legal name, address, telephone number, PUCO certificate number, and web site address

Legal Name The Village of Mingo Junction

Address 501 Commercial St., Mingo Junction, OH. 43938

PUCO Certificate # and Date Certified 13-710E(2) on 07/12/2013

Telephone # (740) 535-1263 Web site address (if any) www.mingojct.us

- A-2 Exhibit A-2 "Authorizing Ordinance" provide a copy of the ordinance or resolution authorizing the formation of a governmental aggregation program adopted pursuant to Section 4928.20(A) of the Revised Code.

- A-3 Exhibit A-3 "Operation and Governance Plan" provide a copy of the applicant's current plan for operation and governance of its aggregation program adopted pursuant to Section 4928.20(C) of the Revised Code. The Operation and Governance Plan explained in Exhibit A-3 should include:

- Terms and conditions of enrollment including:
 - Rates
 - Charges
 - Switching fees, if any
- Policies associated with customers moving into/out of aggregation area
- Billing procedures
- Procedures for handling complaints and disputes including the toll-free telephone number and address for customer contacts

A-4 Exhibit A-4 Automatic Aggregation Disclosure-"Opt-out Form" provide a copy of the disclosures/"opt-out" required by Section 4928.20(D) of the Revised Code, if its aggregation program provides for automatic aggregation in accordance with Section 4928.20(A) of the Revised Code. If the opt-out is in draft form, docket the final opt-out (including beginning and ending dates of the 21-day -out period and the selected CRES supplier) with the Commission within 10 days prior to providing or offering service. See #12 in the attached Affidavit.

A-5 Contact person for regulatory or emergency matters

AFFIDAVIT

State of Ohio :

Mingo Jet ss.
(Town)

County of Jefferson :

Bob Smith, Affiant, being duly sworn/affirmed according to law, deposes and says that:

He/She is the Village Administrator Office of Affiant) of Mingo Jet (Name of Applicant);

That he/she is authorized to and does make this affidavit for said Applicant,

1. The Applicant herein, attests under penalty of false statement that all statements made in the application for certification renewal are true and complete and that it will amend its application while the application is pending if any substantial changes occur regarding the information provided in the application.
2. The Applicant herein, attests it will timely file an annual report with the Public Utilities Commission of Ohio of its intrastate gross receipts, gross earnings, and sales of kilowatt-hours of electricity pursuant to Division (A) of Section 4905.10, Division (A) of Section 4911.18, and Division (F) of Section 4928.06 of the Revised Code.
3. The Applicant herein, attests that it will timely pay any assessments made pursuant to Sections 4905.10, 4911.18, or Division F of Section 4928.06 of the Revised Code.
4. The Applicant herein, attests that it will comply with all Public Utilities Commission of Ohio rules or orders as adopted pursuant to Chapter 4928 of the Revised Code.
5. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, and its Staff on any utility matter including the investigation of any consumer complaint regarding any service offered or provided by the Applicant.
6. The Applicant herein, attests that it will fully comply with Section 4928.09 of the Revised Code regarding consent to the jurisdiction of Ohio Courts and the service of process.
7. The Applicant herein, attests that it will comply with all state and/or federal rules and regulations concerning consumer protection, the environment, and advertising/promotions.
8. The Applicant herein, attests that it will use its best efforts to verify that any entity with whom it has a contractual relationship to purchase power is in compliance with all applicable licensing requirements of the Federal Energy Regulatory Commission and the Public Utilities Commission of Ohio.
9. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, the electric distribution companies, the regional transmission entities, and other electric suppliers in the event of an emergency condition that may jeopardize the safety and reliability of the electric service in accordance with the emergency plans and other procedures as may be determined appropriate by the Commission.
10. If applicable to the service(s) the Applicant will provide, the Applicant herein, attests that it will adhere to the reliability standards of (1) the North American Electric Reliability Council (NERC), (2) the appropriate regional reliability council(s), and (3) the Public Utilities Commission of Ohio. (Only applicable if pertains to the services the Applicant is offering)

11. The Applicant herein, attests that it will inform the Commission of any material change to the information supplied in the renewal application within 30 days of such material change, including any change in contact person for regulatory purposes or contact person for Staff use in investigating customer complaints.
12. The Applicant herein, attests that if the opt-out is in draft form, the Applicant will docket the final opt-out (including beginning and ending dates of the 21-day -out period and the selected CRES supplier) with the Commission within 10 days prior to providing or offering service.

That the facts above set forth are true and correct to the best of his/her knowledge, information, and belief and that he/she expects said Applicant to be able to prove the same at any hearing hereof.

AUTHORIZING ORDINANCE

Trebelinc

Ordinance No. _____

Sponsor: _____

AN ORDINANCE AUTHORIZING ALL ACTIONS NECESSARY TO EFFECT A GOVERNMENTAL ELECTRICITY AGGREGATION PROGRAM WITH OPT-OUT PROVISIONS PURSUANT TO SECTION 4928.20 OHIO REVISED CODE, DIRECTING THE JEFFERSON COUNTY BOARD OF ELECTIONS TO SUBMIT A BALLOT QUESTION TO THE ELECTORS; AND DECLARING AN EMERGENCY.

Whereas, The Ohio Legislature has enacted electric deregulation legislation ("Am. Sub. S.B. No. 3") which authorizes the legislative authorities of municipal corporations, townships and counties to aggregate the retail electrical loads located within the respective jurisdictions and to enter into service agreements to facilitate for those loads the purchase and sale of electricity ("Governmental Aggregation"); and

Whereas, Such legislative authorities may exercise such authority jointly with any other legislative authorities; and

Whereas, Governmental Aggregation provides an opportunity for residential and small business consumers to participate collectively in the potential benefits of electricity deregulation through lower electricity rates which would not otherwise be available to those electricity customers individually; and

Whereas, this Council, seeks to establish a Governmental Aggregation program with opt-out provisions pursuant to Section 4928.20, Ohio Revised Code (the "Aggregation Program") for the residents, businesses and other electric consumers in the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of Shreve, Ohio that:

Section 1: This Council finds and determines that it is in the best interest of the Village, its residents, businesses and other electric consumers located within the corporate limits of the Village to establish this Aggregation Program in the Village. Provided that the Aggregation Program is approved by the electors of the Village pursuant to Section 2 of this Ordinance, the Village is hereby authorized to automatically aggregate, in accordance with Section 4928.20, Ohio Revised Code, the retail electric loads located within the Village, and, for that purpose, to enter into service agreements to facilitate for those loads the purchase and sale of electricity. The Village may exercise such authority jointly with any other municipal corporation, township or county or other political subdivision of the State of Ohio to the full extent permitted by law. The aggregation will occur automatically for each person owning, occupying, controlling or using an electric load center proposed to be aggregated and will provide for the opt-out rights described in Section 3 of this Ordinance.

Section 2: The Board of Elections of Jefferson County is hereby directed to submit the following question to the electors of the Village at the election on May 7th, 2013:

Shall the Village of Mingo Junction have the authority to aggregate the retail electric load located in the Village, and for that purpose, enter into services agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out?

The Clerk of this Council is instructed to immediately file a certified copy of this ordinance and the proposed form of the ballot question with the County Board of Elections not less than ninety (90) days prior to the election. The Aggregation Program shall not take effect unless approved by a majority of the electors voting upon this ordinance and the Aggregation Program provided for herein at the election held pursuant to this Section 2 and Section 4928.20, Ohio Revised Code.

Section 3: Upon approval of a majority of the electors voting at the general election provided for in Section 2 of this Ordinance, this Council, individually or jointly with any other political subdivision, may develop a plan of operation and governance for the Aggregation Program. Before adopting such plan, this Council shall hold at least two public hearings on the plan. Before the first hearing, notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the Village. The notice shall summarize the plan and state the date, time and place of each hearing. No plan adopted by this Council shall aggregate the electric load of any electric load center within the Village unless it, in advance, clearly discloses to the person owning, occupying, controlling, or using the load center that the person will be enrolled automatically in the Aggregation Program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions, of enrollment. The stated procedure shall allow any person enrolled in the Aggregation Program the opportunity to opt-out of the program at least every three years, without paying a switching fee. Any such person that opts out of the Aggregation Program pursuant to the state procedure shall default to the standard service offer provided under division (a) of Section 4928.35, Ohio Revised Code until the person chooses an alternative supplier.

Section 4: It is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this ordinance were adopted in an open meeting of this Council and that the deliberations of this Council and any of its committees that resulted in such formal actions were in meetings open to the public, in compliance with all legal requirements including section 121.22 of the Ohio Revised Code.

Section 5: This ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety of the Village and the inhabitants thereof, and for further reasons that this ordinance is required to be immediately effective in order to file a certified copy of this ordinance and the

Jefferson *mn*

proposed form of the ballot question with the ~~XXX~~ Board of Elections not later than ninety (90) days prior to the May ~~7th~~ 2013 election, as provided herein; wherefore, provided it receives the affirmative vote of at least five members elected and appointed to Council, it shall take effect and be in force immediately upon its passage and approval by the Mayor, otherwise it shall take effect and be in force at the earliest period allowed by law.

EXHIBIT A-3

OPERATION AND GOVERNANCE PLAN

**ELECTRIC AGGREGATION
PROGRAM
Village of Mingo Junction, OHIO**

PLAN OF OPERATION AND GOVERNANCE

**Adopted by the Village of Mingo Junction
May 28th, 2013**

1. Purpose of Electric Aggregation Program

This Operations and Governance Plan has been developed in compliance with Ohio Revised Code, Section 4928.20 regarding governmental aggregation of electric service. The Village of Mingo Junction ("the Village") Aggregation Program ("Program") seeks to aggregate the retail electric loads of consumers located in the Village to negotiate the best rates for the generation supply of electric power. It has the potential to combine residential and small commercial customers into a buying pool that will be attractive to third party suppliers. Participation in the Program is voluntary. Any individual customer has the opportunity to decline to participate (become a "Member") in the Program and to stay with or return to the standard offer of service from The Ohio Power Company ("Utility") or to enter into a power supply contract with any competitive retail electric supplier.

2. The Process for Municipal Aggregation

The process of governmental aggregation is set forth in Ohio Revised Code section 4928.20. On May 7, 2013, Mingo Junction voters approved the development of a form of government electric aggregation known as "opt-out" aggregation. As required by state law, the Village Council passed an Ordinance which authorized submitting the selection of opt-out aggregation to the Village's voters.

As required by regulations of the Public Utility Commission of Ohio (PUCO), the Village has developed this Electric Aggregation Program Plan of Operation and Governance" (the "Plan"). The Village will file an application with the PUCO for certification as a Government Aggregator as soon as the Village Council approves the Plan. Public notice of public hearings to consider the Plan was published in the Herald Star on Saturday, May 12th, and two public hearings were conducted on May 15th, 2013 at 7 pm and May 22nd, 2013 at 7 pm in accordance with section 4928.20 (C) of the Ohio Revised Code. The Opt-out Notice for the Village's Program will be sent to all eligible electric customers in the Village upon approval of this Plan.

Under the Opt-out program, all eligible electric consumers within the Village will be automatically included in the Program. However, such customers will be given prior notice entitling them to affirmatively elect not to be part of the Program. These customers can opt out during the period of time specified in the notification sent to all eligible customers which shall be at least twenty-one days from the date of the postmark on the written notice. A similar opt-out period will be offered every 2-3 years during which Members can leave the Village's Program by paying either no or a small penalty.

Upon certification, the Village Council of Mingo Junction will select its Retail Electric Generation Provider ("Retail Electric Generation Provider" or "Provider"), to provide the electric power for the Mingo Junction Aggregation Program. Under this Program, the Utility will continue to deliver the electricity purchased from the Village's provider, and all metering, repairs and emergency service will continue to be provided by the Utility.

All eligible load centers within the Village consuming less than 700,000 kWh over the most recent 12 months that do not opt out will be automatically enrolled in the Program. For eligible commercial and industrial customers with a peak load demand over the past 12 months of 100 kW or greater, the customer shall pay for any interval meter required, and the customer is responsible for paying the installation and maintenance of an analog phone line or cellular phone modem.

3. Operational Plan

3.1 Provider: Mingo Junction uses World Energy to perform and manage aggregation services for its Members. The Village will select its Provider once certified by the PUCO. The Provider shall provide adequate, accurate, and understandable pricing terms and conditions of service, including any switching fees and the conditions under which a Member may rescind a contract without penalty. The Provider must provide the Village, if requested, an electronic file containing the Members' usage, and charges. The Provider must have a local Mingo Junction phone number or a toll free number for Members to call.

3.2 Database: The Retail Electric Generation Provider will maintain a database of all Members, which shall include the name, address, Utility account number, the Provider's account number for each Member and other pertinent information such as rate code, rider code (if applicable), most recent 12 months usage and demand, and meter read cycle. This database will be updated at least quarterly. The Provider shall implement a process that will be able to accommodate at a minimum Members who (i) leave the program due to relocation outside the Village, (ii) opt out; (iii) decide to enter the Program; (iv) relocate within the Village, and (v) move into the Village and desire to enter the Program. This database shall be capable of eliminating Percentage of Income Payment Plan ("PIPP") customers from the Program, those customers who are on the "Do Not Aggregate" list maintained by PUCO, those customers served by other providers of competitive retail electric service and those who have opted out.

3.3 Member Education: The Provider will develop, in consultation with the Village, an educational program that provides Members with general information about the Aggregation Program, provides updates and disclosures required by Ohio law and regulations, and implements a process to allow any Member enrolled in the Program to opt-out of the program at least every three years, without paying a penalty to the Village or to the Provider.

3.4 Customer Service: Members will have multiple means of addressing complaints. As a general rule, concerns regarding service reliability should be directed to the Utility as appropriate, questions regarding the Program administration should go to the Village, and any unresolved disputes should be directed to the Public Utilities Commission of Ohio and/or The Ohio Consumers' Counsel (for Members who are residential consumers). Listed below is a table of toll-free numbers for members to call for assistance.

| Nature of Complaint | Contact | Phone Number |
|--------------------------------|-------------------------------------|----------------|
| Power interruptions or outages | The Ohio Power Co. | 1-800-672-2231 |
| Power turn on/off | The Ohio Power Co. | 1-800-672-2231 |
| Billing disputes | The Ohio Power Co. | 1-800-672-2231 |
| Joining/leaving Program | DPL Energy | 1-888-674-3753 |
| Unresolved disputes | Public Utilities Commission of Ohio | 1-800-686-7826 |
| | Ohio Office of Consumers' Counsel | 1-800-613-6743 |

Members should make all efforts to address complaints or concerns in accordance with the guidance provided above for Handling Customer Complaints. If Members are unable to resolve their concerns through these channels, they may contact the Public Utilities Commission of Ohio or (if they are residential customers) the Ohio Office of the Consumers' Counsel at the telephone numbers set forth above.

3.5 Billing: The Ohio Power Company will include Provider's charges for generation service on its monthly invoice. There will be no administrative fee for billing charged by the Provider. Provider may provide a budget billing option to residential accounts for supplier related charges. Provider must be able to obtain at least 7 months of historical usage for the account or premise. Billing statements rendered by the Utility reflecting charges of Provider shall comply with the guidelines issued by PUCO.

Members are required to remit and comply with the payment terms of the Utility. This Program will not be responsible for late or no payment on the part of any of its Members. Collection and credit procedures remain the responsibility of the Utility, the Provider and the individual Member.

3.6 Notification to the Utility: The Village's consumers that do not opt-out of the Village's Aggregation Program will be enrolled automatically in the Program. Members in the Village's Aggregation Program will not be asked to take other affirmative steps in order to be included in the Program. To the extent that the Utility requires notification of participation by Members, the Village will coordinate with the Provider to submit such notice to the Utility. Provider will inform the Utility of any consumers who may have been permitted to join the Program after the expiration of the enrollment period.

3.7 Rates: The prices to be charged by the Retail Electric Generation Provider to Members in the Program are \$.0599 kWh for both residential and small commercial customers. Members have been notified of the rates and terms of the Program through the local newspaper, Village's website and in Opt-out forms sent to all eligible consumers by the Provider. Final Opt-out forms and any supplemental Opt-out forms will be docketed with the PUCO no more than 30 days but at least 10 days prior to mailings as the regulations require.

3.8 Charges: Certain fees assessed by the Utility are non-bypassable, and will continue to be billed by the Utility. These charges apply whether a consumer in the Village becomes a Member of the Program or opts out.

3.9 Switching Fees: There are no switching fees assessed to customers that join the governmental aggregation program from the Utility standard offer. The Provider shall not assess a fee to join the Program.

3.10 Program Participation: Customers who meet the following criteria will become members of the aggregation Program:

- Have not opted out of the Program
- Are not participants in the Percentage of Income Payment Plan (PIPP)
- Are not included on the PUCO's "Do Not Aggregate" List
- Are not receiving competitive retail electric service from another provider
- Are not receiving service under a special arrangement with the Utility
- Have a Utility rate code that permits shopping for electric generation supplies.

3.11 Opt-Out Disclosure: The Village has adopted an "Opt-out" form of Governmental Aggregation pursuant to section 4928.20 of the Ohio Revised Code. The Village will notify in writing consumers owning, occupying or using a load center that the consumers will be enrolled automatically in the Aggregation Program and will remain so enrolled unless the consumer affirmatively elects by the following procedure not to be so enrolled. Any such person that opts out of the Aggregation Program pursuant to the stated procedure shall default to the standard service offer provided by the Utility unless or until the person chooses an alternative Supplier.

Opt-out Procedure:

1. The Village distributes the Opt-Out Form (refer to Exhibit A "Automatic Aggregation Disclosure");
2. Recipients have at least twenty-one (21) days from the date of postmark on the written notice to notify the Village or its designee of election to opt out;
3. The Village will exclude those opting out from the Program;
4. Customers who do not opt out using this procedure will receive written notification from the Utility stating that they are about to be switched to the Program and have seven (7) days if they wish to rescind the contract;
5. The Provider will commence generation service to Members who have not rescinded their contracts within the seven (7) day notification period beginning with the Member's normal meter read date within the month when power deliveries begin under the Aggregation Program.
6. Every three years, Members will be notified of their right to opt out of the Program without paying any penalty, following the same procedure for opting out set forth above.

7. At any other time, a Member may opt out of the Program but will be required to pay an early termination fee of \$50.

3.12 Policies for Customers Moving Into/Out of the Municipality: Members who have left the Program or who have moved into the Village may contact the Village or its Provider at any time to obtain enrollment information. There is, however, no guarantee that customers opting in at a later date will receive the same price, terms and conditions as did the initial participants.

3.13 Reliability of Power Supply: The Program will only affect the generation source of power. The Utility will continue to deliver power through its delivery systems. Responsibility for maintaining system reliability continues to rest with the local utility. If Members have service reliability problems, they should contact the Utility for repairs. The PUCO has established "Minimum Reliability Standards" for all utilities operating distribution systems in Ohio. Customer outages, duration of outages, interruptions, etc., will be monitored to ensure reliability remains at satisfactory levels.

In addition to maintaining the "wires" system, the Utility is required to be the "Provider of Last Resort." This means, should the selected Provider fail for any reason to deliver any or all of the electricity needed to serve the Members' needs, the Utility will immediately provide for the shortfall. The Utility would then bill the Provider for the power provided on their behalf. The Members would incur no additional cost.

4. Mingo Junction's Retail Electric Generation Provider: DPL Energy

The electric provider satisfies each of the following requirements:

- Sufficient sources of power to provide retail firm power to Members in the Village
- Certified by PUCO as a provider of competitive retail electric service
- Registered as a generation provider with the Utility
- Certified Supplier Agreement executed with the Utility
- Management and personnel in place to sell retail firm power to the Utility customers in the Village
- Call center capable of handling the Village's Aggregation Program Member inquiries and customer service complaints
- Toll-free number as required by PUCO for customer service complaints relating to the Village's Aggregation Program
- Will execute Master Service Agreement with the Village
- Will assist the Village in filing the annual reports required by PUCO and Section 4905.10(A), Section 4911.18(A) and Section 4928.06(F) of the Ohio Revised Code.
- Will administer the opt-out process on behalf of the Village
- Will develop Consumer Education Plan in consultation with the Village.

5. Changes, Extension or Renewal of Master Service Agreement

If the Master Service Agreement is extended or renewed past the initial contract period, Members will be notified as required by law and PUCO rules as to any change in rates or service conditions. At least every three years all customers in the Village who are Members will be given an opportunity to opt out of the Program, and Opt out notices will be provided as required by PUCO rules. Members will also be notified of their right to return to the Utility's Standard Service Offer or to select an alternate generation supplier.

6. Termination of Master Service Agreement

If the Master Service Agreement is terminated prior to the end of the Term, each individual Member of the Program will receive written notification of the termination of the Program at least sixty (60) days prior to termination of service. If the Master Service Agreement is not extended or renewed, Members will be notified as required by law and PUCO rules in advance of the end of service. Members will also be notified of their right to select an alternate generation supplier and of their ability to return to the Utility's Standard Service Offer upon termination.

7. Liability

THE VILLAGE SHALL NOT BE LIABLE TO MEMBERS IN THE AGGREGATION PROGRAM FOR ANY CLAIMS, HOWEVER STYLED, ARISING OUT OF THE AGGREGATION PROGRAM OR THE PROVISION OF AGGREGATION SERVICES BY THE VILLAGE OR THE PROVIDER. MEMBERS IN THE AGGREGATION PROGRAM SHALL ASSERT ANY SUCH CLAIMS SOLELY AGAINST THE PROVIDER PURSUANT TO THE MASTER SERVICE AGREEMENT.

8. Funding the Aggregation Program

The primary expenses of the Program are expected to be publication of notices, written notification to customers, regulatory fees and registration with the PUCO. These expenses and administrative fees will be the responsibility of the selected Provider.

TEST CUSTOMER
6100 EMERALD PKWY
DUBLIN OH 43017

August 28, 2015

Dear Resident or Small Business Owner:

The Village of Mingo Junction is providing you the opportunity to participate with other Village of Mingo Junction residents and businesses in an opt-out electric aggregation program, with IGS Energy of Dublin, Ohio as your provider.

Under governmental aggregation, the Village of Mingo Junction Council Members act on behalf of electric consumers in the Village to negotiate an electric supply contract with an eligible provider. Both the Village of Mingo Junction and eligible retail electric suppliers have to be certified by the Public Utilities Commission of Ohio. The Village of Mingo Junction Council Members passed an ordinance to adopt the program after Village voters approved its implementation on May 7, 2013. The aggregation program for the Village of Mingo Junction will begin within one to two billing periods following your inclusion as a participant in the Village's program and **end with your October 2017 billing period.**

Under this aggregation program, eligible residents and businesses in the Village of Mingo Junction will pay 6.25 cents per kWh through the October 2017 billing period. IGS Energy's price applies to the generation and transmission portion of your bill. **If you are ever unhappy with your service or rate from IGS Energy, you may cancel free of charge at any time and return to AEP at a rate and terms that may or may not be the same as what other AEP customers pay.**

You will be automatically enrolled in the Village of Mingo Junction Electric Aggregation Program unless you choose to "opt out" – that is, affirmatively choose to not participate. If you want to be excluded from the Village of Mingo Junction Electric Aggregation Program, you must return the enclosed "Opt-Out" Form or contact IGS Energy at 1-877-353-0162 by **September 18, 2015.** If you do opt-out, you will continue to receive AEP's standard service offer rate.

If you do not cancel or opt-out at this time, you will be enrolled in the program until it expires with your **October 2017** billing period. Following your enrollment into the Program, you will receive a letter from AEP notifying you of the switch and providing you an opportunity to rescind. If you want to participate **simply ignore this letter.**

Under this aggregation, AEP will continue to maintain the wires system that delivers power to your home or business. You will still contact AEP regarding loss of power service or for any other concerns or issues having to do with your electric service. You will continue to receive a single bill from AEP for your electric service with your lower IGS Energy rate included.

If you have any questions please call IGS Energy at 1-877-353-0162, weekdays, from 8:00 a.m. to 8:00 p.m. EST. For general information on deregulation in Ohio, you can also visit the Web Site of the Public Utilities Commission of Ohio (www.PUCO.ohio.gov).

Sincerely,
IGS Energy and the Village of Mingo Junction

P.S. Remember to return the "Opt-Out" form only if you do **not** want to participate in the Village of Mingo Junction Electric Aggregation Program.

If the home or business for which you have received this letter is not located within the Village of Mingo Junction, you have received this letter in error. Please contact IGS Energy at 1-877-353-0162 to be removed from the aggregation list.

17 digit Service Delivery Identifier Number as it appears on your AEP Electric bill.

NOTICE

Return the "Opt-Out" form only if you do not want to participate in the Village of Mingo Electric Aggregation Program.

Return by **September 18, 2015** to:

Electric Governmental Aggregation Program

PO Box 9060

Dublin, Ohio 43017-0960

records

| Term Box | |
|------------------|--|
| Utility: | American Electric Power ("AEP") |
| Price Plan | Fixed Rate |
| Program Price | Subject to the terms and conditions detailed below in the body of the Agreement: For residential customers the applicable price per KWH shall be 6.25 cents per KWH of electricity consumed. For non-mercantile commercial customers the applicable price per KWH shall be 6.25 cents per KWH of electricity consumed. |
| Term | Services to be rendered pursuant to this Agreement will commence upon the implementation of the Village of Mingo Junction's community opt-out government aggregation program ("Program") and will continue through the September 2017 billing Cycle. |
| Cancellation Fee | None |

The services provided to me by Interstate Gas Supply, Inc. ("IGS Energy") are governed by the terms and conditions stated in this document and the opt-out notification accompanying this document ("Agreement") and will serve as the terms of service for the Village of Mingo Junction opt-out government aggregation program ("Program") which I agree to enroll in by not "opting-out" of the Program, as described in the accompanying opt-out notification letter, or exercising my right to rescission under this Agreement.

Term: The Term of the Program will be as stated in the term box located at the top of this Agreement ("Term Box"). IGS Energy will supply the commodity portion of my electricity and AEP will continue to be my Electric Delivery Company ("EDC"). Upon expiration of the opt-out period, if I do not elect to opt-out of the Program, IGS Energy will notify the EDC to transfer electric commodity services to IGS Energy. If I am currently an IGS Energy electric customer, IGS Energy reserves the right to reject or rescind my enrollment in the Program or to require me to pay the applicable cancellation fee, if any, for my existing electric service agreement to be eligible for this Agreement.

Regulatory: Competitive electric retail services ("CRES Program") are subject to ongoing Public Utilities Commission of Ohio ("PUCO") and EDC jurisdiction. I understand that if the CRES Program is terminated or materially altered, this Program may be terminated by me or IGS Energy without penalty. I understand that IGS Energy may terminate or modify this Program due to unforeseen regulatory action that will materially affect the costs of providing electric service to the Program.

Price: The price I will pay for my electric supply charges (which applies to the generation and transmission portion) under the Program is as described in the Term Box ("Program Price"). However, if during any term of this Agreement in which a fixed price is offered there is an action or decision by a regulatory body including the Federal Energy Regulatory Commission that impacts wholesale capacity or electricity prices or imposes additional cost on IGS is satisfying its obligations under this Agreement, then IGS shall have the right to increase the agreed upon price to offset these additional costs. I am responsible for, and my Program Price does not include, applicable taxes and/or EDC charges, including service and delivery charges, which will be billed by the EDC.

Renewal: If my community's governmental aggregation continues, at least every three years from the establishment of this Program the government aggregator or its supplier shall provide me notice of my right to opt out of the aggregation without penalty. The process for providing me with notice of my right to opt-out shall include a provision for me to return a post card or similar notice to the governmental aggregator or the supplier. For renewals, I will have at least twenty-one days from the post mark date on the written notice to choose to opt out of the Program, and my return post card or notice that is post marked before the opt out deadline has elapsed shall count as timely sent. The notice will follow the procedures established for the initial opt-out notice set forth in this rule and shall prominently disclose to me all changes to the terms and conditions associated with the aggregation. I am entitled to opt-out of the government aggregation program at least every three years from the commencement sent date of the Program, without a penalty. If I am in the Program when the Program is renewed and I do not exercise my right to opt-out, I will be continued in the Program. Nothing in this Agreement guarantees that I am entitled to pricing provided by IGS Energy after the Term of this Agreement expires.

Customer Rescission Period: If I am a new customer to IGS Energy this Agreement may be rescinded by me with no cancellation fee by contacting the EDC in writing or by telephone at the number provided on the confirmation notice within 7 business days from the post-mark date of the confirmation notice sent by the EDC ("Rescission Period"). If I am an existing IGS Energy electric customer I will not receive a confirmation notice from the EDC but, in the event I decide to cancel this Agreement, I will be returned to my previous Agreement with IGS Energy without penalty under this Agreement.

Cancellation: I can cancel this Agreement without cancellation fee by providing notice of not less than 30 days to IGS Energy. Cancellation notices provided after the Rescission Period may result in an additional month(s) of service with IGS Energy at the Program Price, which I agree to pay, as the effective date of all cancellations are subject to EDC guidelines. I understand that if I switch my service to another supplier or back to the EDC an EDC switching fee may apply under the

EDC's tariff and if I return to the EDC sales service I may not be served under the same rates, terms, and conditions that apply to other customers served the EDC.

Contact and Dispute Resolutions: In the event of a billing dispute or issues regarding volume or metering, I should contact the EDC at the number listed on their bill. For other questions or concerns about pricing, I can contact the IGS Energy choice department by phone weekdays from 8:00 a.m. to 8:00 p.m. ET at 877-353-0162, by fax 1-800-584-4839, in writing at P.O. Box 9060, Dublin, OH 43017, or through their web site at www.IGSEnergy.com. Also, I can contact IGS Energy through e-mail at choice@IGSEnergy.com. If my questions or concerns or complaint are not resolved after I have called IGS Energy or my EDC, or for general utility information, residential and business customers may contact the Public Utilities Commission of Ohio for assistance at 1-800-686-7826 (toll free) or for TTY toll free at 1-800-686-1570 (toll free), from 8:00 a.m. to 5:00 p.m. weekdays, or at www.puco.ohio.gov. The Ohio Consumer's Counsel ("OCC") represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) from 8 a.m. to 5 p.m. weekdays, or at <http://www.pickocc.org>

Assignment: This Agreement is assignable by IGS Energy without my consent subject only to required regulatory approvals. IGS Energy will use its best efforts to give the EDC and me thirty (30) days written notice prior to any assignment.

Billing: For my convenience I will receive only one bill, which will be issued by the EDC each month and will contain IGS Energy's electric supply charge plus applicable taxes and all of the EDC's delivery and other applicable charges, including any late fees assessed by the EDC. I agree to continue to pay the EDC for the entire electric bill under the EDC's payment terms and conditions. If I fail to pay my bill within the EDC's payment terms, IGS Energy reserves the right to charge a monthly late fee of 1.5% of the amount past due, calculated from the EDC due date on my bill. I understand and agree that although I remit my payments to the EDC, ultimately if I fail to make my payment to the EDC for the electricity commodity component of my bill supplied by IGS Energy, I will owe the unpaid amount to IGS Energy in which case IGS Energy may bill me directly for unpaid balances and seek collection if necessary. Additionally, if I fail to timely pay my IGS Energy charges billed by either the EDC or IGS Energy, IGS Energy may in its sole discretion terminate this Agreement with fourteen (14) days written notice or require a security deposit in order to continue service under this Agreement.

I may request twice within a 12 month period, at no charge, up to 24 months of my payment history for services rendered by IGS Energy. Other than for operation, maintenance, assignment and transfer of my account or, where IGS Energy is performing billing services, or for collections, IGS Energy will not disclose my account number to any other third party without my affirmative written consent or electronic authorization or pursuant to a court or PUCO order and that, other than for credit checking and credit reporting, IGS Energy will not disclose my social security number without my affirmative written consent or pursuant to court order. I authorize IGS Energy to obtain my billing payment and usage history from the EDC.

Moving/Termination: I understand that this contract will automatically terminate, without penalty, if I relocate outside the EDC service territory or if I relocate within the current EDC service territory and the EDC assigns a new account number or Service Delivery Identifier ("SDI").

Environmental Disclosure: For electric customers, the approximate generation resource mix and environmental characteristics of the power supply that will be secured to provide services under this Agreement can be viewed at the IGS website – igsenergy.com. I agree that IGS will make the required quarterly updates to the disclosure statement electronically on the IGS website. IGS will also provide the environmental disclosure statement upon my request.

Eligibility / Limitation of Liability / Jurisdiction: This Agreement is for only residential and non-mercantile commercial customers (see Ohio Revised Code 4928(A)(19)) in the AEP service territory. By entering into this Agreement, I represent and agree that the account(s) served by IGS Energy under this Agreement is (are) Residential or Non-Mercantile Commercial account(s) and that I am not an existing IGS Energy customer. IGS Energy reserves the exclusive right, at any time, to not enroll, or if I have been enrolled, to terminate my service locations that do not meet the preceding criteria and return me to the EDC (or previous IGS Energy product, whichever is applicable) with no penalty to IGS Energy. **Also, I represent that I am current on my EDC bill at the time of enrollment with IGS Energy. If IGS Energy determines through the enrollment process with the EDC that I am not current on my EDC bill, IGS Energy can in its sole discretion, 1) void my enrollment without notice and without penalty to IGS Energy or 2) require a security deposit to be paid as a condition of enrollment.** Furthermore, participation in the program is subject to the rules of the EDC and customers are sometimes terminated from the residential program either in error or for being in arrears. In such instances, I can contact the EDC to correct the problem and be reinstated in the residential program. Regardless of the reason for termination, in no case will the original term be extended for months that I was unable to participate nor will IGS Energy have any liability for any early termination or for any months that I was unable to participate in the program. IGS Energy assumes no liability or responsibility for losses or consequential damages arising from items associated with the EDC including, but not limited to: operations and maintenance of their system; any interruption of service; termination of service; or deterioration of service, nor does IGS Energy assume responsibility or liability for damages arising from any in-home or building damages and in addition shall not be responsible for any indirect, consequential, special or punitive damages whether arising under contract, tort (including negligence or strict liability) or any other legal theory. The parties agree that if issues relating to this Agreement cannot be resolved through the PUCO as detailed under "Contract and Dispute Resolution" above or if suit is filed, any legal action involving this Agreement shall be brought only in a court of the State of Ohio sitting in Franklin County, Ohio or the United States District Court sitting in Franklin County, Ohio. I submit to the personal jurisdiction in such courts and irrevocably waive any objections that I have or might have in the future to such courts as the proper forum for any and all actions arising under this Agreement. The parties agree that this Agreement shall be interpreted under the laws of the State of Ohio, regardless of Ohio's choice of law provisions.

DUBLIN OH 43017

August 28, 2015

Dear Resident or Small Business Owner:

The Village of Mingo Junction has selected IGS Energy of Dublin, Ohio as the next supplier of electricity to participants in its Electric Aggregation Program for its next term. You will continue to participate in the Village of Mingo Junction Aggregation Program with IGS Energy as your supplier, unless you notify IGS Energy that you no longer wish to participate.

Under governmental aggregation, the Village of Mingo Junction Council Members act on behalf of electric consumers in the Village to negotiate an electric supply contract with an eligible provider. Both the Village of Mingo Junction and eligible retail electric suppliers have to be certified by the Public Utilities Commission of Ohio. The Village of Mingo Junction Council Members passed an ordinance to adopt the program after the Village of Mingo Junction voters approved its implementation on May 7, 2013. The aggregation program for the Village of Mingo Junction will begin within one to two billing periods following your inclusion as a participant in the Village's program and end with your October 2017 billing period.

Under this aggregation program, eligible residents and businesses in the Village of Mingo Junction will pay 6.25 cents per kWh through the October 2017 billing period. IGS Energy's price applies to the generation and transmission portion of your bill. **If you are ever unhappy with your service or rate from IGS Energy, you may cancel free of charge at any time and return to AEP at a rate and terms that may or may not be the same as what other AEP customers pay.**

You will be automatically enrolled in the Village of Mingo Junction Electric Aggregation Program unless you choose to "opt out" – that is, affirmatively choose to not participate. If you want to be excluded from the Village of Mingo Junction Electric Aggregation Program, you must return the enclosed "Opt-Out" Form or contact IGS Energy at 1-877-353-0162 by **September 18, 2015**. If you do opt-out, you will continue to receive AEP's standard service offer rate.

If you do not cancel or opt-out at this time, you will be enrolled in the program until it expires with your **October 2017** billing period. Following your enrollment into the Program, you will receive a letter from AEP notifying you of the switch and providing you an opportunity to rescind. If you want to participate **simply ignore this letter**.

Under this aggregation, AEP will continue to maintain the wires system that delivers power to your home or business. You will still contact AEP regarding loss of power service or for any other concerns or issues having to do with your electric service. You will continue to receive a single bill from AEP for your electric service with your lower IGS Energy rate included.

If you have any questions please call IGS Energy at 1-877-353-0162, weekdays, from 8:00 a.m. to 8:00 p.m. EST. For general information on deregulation in Ohio, you can also visit the Web Site of the Public Utilities Commission of Ohio (www.PUCO.ohio.gov).

Sincerely,
IGS Energy and the Village of Mingo Junction

P.S. Remember to return the "Opt-Out" form only if you do **not** want to participate in the Village of Mingo Junction Electric Aggregation Program.

If the home or business for which you have received this letter is not located within the Village of Mingo Junction, you have received this letter in error. Please contact IGS Energy at 1-877-353-0162 to be removed from the aggregation list.

17 digit Service Delivery Identifier Number as it appears on your AEP Electric bill.

Term: The Term of the Program will be as stated in the term box located at the top of this Agreement ("Term Box"). IGS Energy will supply the commodity portion of my electricity and AEP will continue to be my Electric Delivery Company ("EDC"). Upon expiration of the opt-out period, if I do not elect to opt-out of the Program, IGS Energy will notify the EDC to transfer electric commodity services to IGS Energy. If I am currently an IGS Energy electric customer, IGS Energy reserves the right to reject or rescind my enrollment in the Program or to require me to pay the applicable cancellation fee, if any, for my existing electric service agreement to be eligible for this Agreement.

Regulatory: Competitive electric retail services ("CRES Program") are subject to ongoing Public Utilities Commission of Ohio ("PUCO") and EDC jurisdiction. I understand that if the CRES Program is terminated or materially altered, this Program may be terminated by me or IGS Energy without penalty. I understand that IGS Energy may terminate or modify this Program due to unforeseen regulatory action that will materially affect the costs of providing electric service to the Program.

Price: The price I will pay for my electric supply charges (which applies to the generation and transmission portion) under the Program is as described in the Term Box ("Program Price"). However, if during any term of this Agreement in which a fixed price is offered there is an action or decision by a regulatory body including the Federal Energy Regulatory Commission that impacts wholesale capacity or electricity prices or imposes additional cost on IGS is satisfying its obligations under this Agreement, then IGS shall have the right to increase the agreed upon price to offset these additional costs. I am responsible for, and my Program Price does not include, applicable taxes and/or EDC charges, including service and delivery charges, which will be billed by the EDC.

Renewal: If my community's governmental aggregation continues, at least every three years from the establishment of this Program the government aggregator or its supplier shall provide me notice of my right to opt out of the aggregation without penalty. The process for providing me with notice of my right to opt-out shall include a provision for me to return a post card or similar notice to the governmental aggregator or the supplier. For renewals, I will have at least twenty-one days from the post mark date on the written notice to choose to opt out of the Program, and my return post card or notice that is post marked before the opt out deadline has elapsed shall count as timely sent. The notice will follow the procedures established for the initial opt-out notice set forth in this rule and shall prominently disclose to me all changes to the terms and conditions associated with the aggregation. I am entitled to opt-out of the government aggregation program at least every three years from the commencement sent date of the Program, without a penalty. If I am in the Program when the Program is renewed and I do not exercise my right to opt-out, I will be continued in the Program. Nothing in this Agreement guarantees that I am entitled to pricing provided by IGS Energy after the Term of this Agreement expires.

Customer Rescission Period: If I am a new customer to IGS Energy this Agreement may be rescinded by me with no cancellation fee by contacting the EDC in writing or by telephone at the number provided on the confirmation notice within 7 business days from the post-mark date of the confirmation notice sent by the EDC ("Rescission Period"). If I am an existing IGS Energy electric customer I will not receive a confirmation notice from the EDC but, in the event I decide to cancel this Agreement, I will be returned to my previous Agreement with IGS Energy without penalty under this Agreement.

Cancellation: I can cancel this Agreement without cancellation fee by providing notice of not less than 30 days to IGS Energy. Cancellation notices provided after the Rescission Period may result in an additional month(s) of service with IGS Energy at the Program Price, which I agree to pay, as the effective date of all cancellations are subject to EDC guidelines. I understand that if I switch my service to another supplier or back to the EDC an EDC switching fee may apply under the

EDC's tariff and if I return to the EDC sales service I may not be served under the same rates, terms, and conditions that apply to other customers served the EDC.

Contact and Dispute Resolutions: In the event of a billing dispute or issues regarding volume or metering, I should contact the EDC at the number listed on their bill. For other questions or concerns about pricing, I can contact the IGS Energy choice department by phone weekdays from 8:00 a.m. to 8:00 p.m. ET at 877-353-0162, by fax 1-800-584-4839, in writing at P.O. Box 9060, Dublin, OH 43017, or through their web site at www.IGSEnergy.com. Also, I can contact IGS Energy through e-mail at choice@IGSEnergy.com. If my questions or concerns or complaint are not resolved after I have called IGS Energy or my EDC, or for general utility information, residential and business customers may contact the Public Utilities Commission of Ohio for assistance at 1-800-686-7826 (toll free) or for TTY toll free at 1-800-686-1570 (toll free), from 8:00 a.m. to 5:00 p.m. weekdays, or at www.puco.ohio.gov. The Ohio Consumer's Counsel ("OCC") represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) from 8 a.m. to 5 p.m. weekdays, or at <http://www.pickocc.org>

Assignment: This Agreement is assignable by IGS Energy without my consent subject only to required regulatory approvals. IGS Energy will use its best efforts to give the EDC and me thirty (30) days written notice prior to any assignment.

Billing: For my convenience I will receive only one bill, which will be issued by the EDC each month and will contain IGS Energy's electric supply charge plus applicable taxes and all of the EDC's delivery and other applicable charges, including any late fees assessed by the EDC. I agree to continue to pay the EDC for the entire electric bill under the EDC's payment terms and conditions. If I fail to pay my bill within the EDC's payment terms, IGS Energy reserves the right to charge a monthly late fee of 1.5% of the amount past due, calculated from the EDC due date on my bill. I understand and agree that although I remit my payments to the EDC, ultimately if I fail to make my payment to the EDC for the electricity commodity component of my bill supplied by IGS Energy, I will owe the unpaid amount to IGS Energy in which case IGS Energy may bill me directly for unpaid balances and seek collection if necessary. Additionally, if I fail to timely pay my IGS Energy charges billed by either the EDC or IGS Energy, IGS Energy may in its sole discretion terminate this Agreement with fourteen (14) days written notice or require a security deposit in order to continue service under this Agreement.

I may request twice within a 12 month period, at no charge, up to 24 months of my payment history for services rendered by IGS Energy. Other than for operation, maintenance, assignment and transfer of my account or, where IGS Energy is performing billing services, or for collections, IGS Energy will not disclose my account number to any other third party without my affirmative written consent or electronic authorization or pursuant to a court or PUCO order and that, other than for credit checking and credit reporting, IGS Energy will not disclose my social security number without my affirmative written consent or pursuant to court order. I authorize IGS Energy to obtain my billing payment and usage history from the EDC.

Moving/Termination: I understand that this contract will automatically terminate, without penalty, if I relocate outside the EDC service territory or if I relocate within the current EDC service territory and the EDC assigns a new account number or Service Delivery Identifier ("SDI").

Environmental Disclosure: For electric customers, the approximate generation resource mix and environmental characteristics of the power supply that will be secured to provide services under this Agreement can be viewed at the IGS website - igsenergy.com. I agree that IGS will make the required quarterly updates to the disclosure statement electronically on the IGS website. IGS will also provide the environmental disclosure statement upon my request.

Eligibility / Limitation of Liability / Jurisdiction: This Agreement is for only residential and non-mercantile commercial customers (see Ohio Revised Code 4928(A)(19)) in the AEP service territory. By entering into this Agreement, I represent and agree that the account(s) served by IGS Energy under this Agreement is (are) Residential or Non-Mercantile Commercial account(s) and that I am not an existing IGS Energy customer. IGS Energy reserves the exclusive right, at any time, to not enroll, or if I have been enrolled, to terminate my service locations that do not meet the preceding criteria and return me to the EDC (or previous IGS Energy product, whichever is applicable) with no penalty to IGS Energy. **Also, I represent that I am current on my EDC bill at the time of enrollment with IGS Energy. If IGS Energy determines through the enrollment process with the EDC that I am not current on my EDC bill, IGS Energy can in its sole discretion, 1) void my enrollment without notice and without penalty to IGS Energy or 2) require a security deposit to be paid as a condition of enrollment.** Furthermore, participation in the program is subject to the rules of the EDC and customers are sometimes terminated from the residential program either in error or for being in arrears. In such instances, I can contact the EDC to correct the problem and be reinstated in the residential program. Regardless of the reason for termination, in no case will the original term be extended for months that I was unable to participate nor will IGS Energy have any liability for any early termination or for any months that I was unable to participate in the program. IGS Energy assumes no liability or responsibility for losses or consequential damages arising from items associated with the EDC including, but not limited to: operations and maintenance of their system; any interruption of service; termination of service; or deterioration of service, nor does IGS Energy assume responsibility or liability for damages arising from any in-home or building damages and in addition shall not be responsible for any indirect, consequential, special or punitive damages whether arising under contract, tort (including negligence or strict liability) or any other legal theory. The parties agree that if issues relating to this Agreement cannot be resolved through the PUCO as detailed under "Contract and Dispute Resolution" above or if suit is filed, any legal action involving this Agreement shall be brought only in a court of the State of Ohio sitting in Franklin County, Ohio or the United States District Court sitting in Franklin County, Ohio. I submit to the personal jurisdiction in such courts and irrevocably waive any objections that I have or might have in the future to such courts as the proper forum for any and all actions arising under this Agreement. The parties agree that this Agreement shall be interpreted under the laws of the State of Ohio, regardless of Ohio's choice of law provisions.

EXHIBIT A-5

EXPERIENCE

Trebellic

Exhibit A-5 "Experience"

Applicant's Experience and Plan for Providing Aggregation Services:

Due to the complexity of governmental aggregation, the applicant The Village of Mingo Junction, "Village" will rely on the energy consulting services of Trebel, LLC to assist them in designing, implementing and maintaining the Program. Trebel, LLC is a PUCO certified Electric Aggregator/Broker (certificate #14-867E(1) and Natural Gas Aggregator/Broker (certificate #12-267G(1)). Trebel, LLC has experience in managing numerous governmental programs in the Ohio market.

Below is a detailed summary of services being provided:

Broker shall provide energy related Services, including but not limited to the following:

- Assist with the preparation and submission of Governmental Aggregation application for the Public Utilities of Ohio ("PUCO");
- Assist with preparation of resolutions, public notices, Plan of Operations and Governance, and communications with residents;
- Evaluate existing electric and or natural gas costs and rates and provide market expertise;
- Where applicable prepare Request of Proposal (RFP);
- Assist with usage data collection and verification;
- Pre-screen all energy suppliers and act as point of contact;
- Work directly with suppliers to meet all requirements related to local governments aggregation plan. This includes preparation of all notifications required to be sent to participants;
- Act as an exclusive sourcing agent with the suppliers;
- Assist with preparation of ongoing reporting requirements of the PUCO; and

Trebel, LLC is a national energy consulting company serving commercial, governmental, small business and residential clients primarily throughout the deregulated energy markets. Our primary mission is to help clients by lowering their energy supply cost, increase site efficiency and leverage state and federal incentive opportunities.
