Re: EMEX Power, LLC
Original AGG Case Number: 13-1228-GA-AGG
Renewal Certification Application for Competitive Retail Natural Gas
Brokers / Aggregators

Dear Sir/Madam:

The following are being submitted on behalf of EMEX Power, LLC:

1. Patrick Hayes' Pro Hac Vice Registration for 2017;
2. EMEX Power, LLC's Motion for Protective Order;
3. One original and three copies of EMEX Power, LLC's Renewal Certification Application for Competitive Retail Natural Gas Brokers / Aggregators; and
4. Four copies of exhibits being submitted under seal.

Should you need any additional information, or have any questions or comments, please feel free to contact me. Thank you for your assistance.

Sincerely,

Kimberly Scott
Paralegal

<input checked="" type="checkbox"/>	Industrial	Beginning Date of Service	January 2014	End Date

A-13 If not currently participating in any of Ohio's four Natural Gas Choice Programs, provide the approximate start date that the applicant proposes to begin delivering services:

<input type="checkbox"/>	Columbia Gas of Ohio	Intended Start Date
<input type="checkbox"/>	Dominion East Ohio	Intended Start Date
<input type="checkbox"/>	Duke Energy Ohio	Intended Start Date
<input type="checkbox"/>	Vectren Energy Delivery of Ohio	Intended Start Date

PROVIDE THE FOLLOWING AS SEPARATE ATTACHMENTS AND LABEL AS INDICATED.

- A-14 Exhibit A-14 "Principal Officers, Directors & Partners,"** provide the names, titles, addresses and telephone numbers of the applicant's principal officers, directors, partners, or other similar officials.
- A-15 Exhibit A-15 "Company History,"** provide a concise description of the applicant's company history and principal business interests.
- A-16 Exhibit A-16 "Articles of Incorporation and Bylaws,"** provide the articles of incorporation filed with the state or jurisdiction in which the applicant is incorporated and any amendments thereto, *only if the contents of the originally filed documents changed since the initial application.*
- A-17 Exhibit A-17 "Secretary of State,"** provide evidence that the applicant is still currently registered with the Ohio Secretary of the State.

SECTION B - APPLICANT MANAGERIAL CAPABILITY AND EXPERIENCE

PROVIDE THE FOLLOWING AS SEPARATE ATTACHMENTS AND LABEL AS INDICATED

- B-1 Exhibit B-1 "Jurisdictions of Operation,"** provide a current list of all jurisdictions in which the applicant or any affiliated interest of the applicant is, at the date of filing the application, certified, licensed, registered, or otherwise authorized to provide retail natural gas service, or retail/wholesale electric services.
- B-2 Exhibit B-2 "Experience & Plans,"** provide a current description of the applicant's experience and plan for contracting with customers, providing contracted services, providing billing statements, and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Section 4929.22 of the Revised Code and contained in Chapter 4901:1-29 of the Ohio Administrative Code.
- B-3 Exhibit B-3 "Summary of Experience,"** provide a concise and current summary of the applicant's experience in providing the service(s) for which it is seeking renewed certification (e.g., number and types of customers served, utility service areas, volume of gas supplied, etc.).
- B-4 Exhibit B-4 "Disclosure of Liabilities and Investigations,"** provide a description of all existing, pending or past rulings, judgments, contingent liabilities, revocations of authority, regulatory investigations, or any other matter that could adversely impact the applicant's financial or operational

status or ability to provide the services for which it is seeking renewed certification since applicant last filed for certification.

- B-5 Exhibit B-5 "Disclosure of Consumer Protection Violations,"** disclose whether the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant has been convicted or held liable for fraud or for violation of any consumer protection or antitrust laws since applicant last filed for certification.

☒ No ☐ Yes

If Yes, provide a separate attachment labeled as Exhibit B-5 "Disclosure of Consumer Protection Violations," detailing such violation(s) and providing all relevant documents.

- B-6 Exhibit B-6 "Disclosure of Certification Denial, Curtailment, Suspension, or Revocation,"** disclose whether the applicant or a predecessor of the applicant has had any certification, license, or application to provide retail natural gas or retail/wholesale electric service denied, curtailed, suspended, or revoked, or whether the applicant or predecessor has been terminated from any of Ohio's Natural Gas Choice programs, or been in default for failure to deliver natural gas since applicant last filed for certification.

☒ No ☐ Yes

If Yes, provide a separate attachment, labeled as Exhibit B-6 "Disclosure of Certification Denial, Curtailment, Suspension, or Revocation," detailing such action(s) and providing all relevant documents.

SECTION C - APPLICANT FINANCIAL CAPABILITY AND EXPERIENCE

PROVIDE THE FOLLOWING AS SEPARATE ATTACHMENTS AND LABEL AS INDICATED

- C-1 Exhibit C-1 "Annual Reports,"** provide the two most recent Annual Reports to Shareholders. If applicant does not have annual reports, the applicant should provide similar information, labeled as Exhibit C-1, or indicate that Exhibit C-1 is not applicable and why.
(This is generally only applicable to publicly traded companies who publish annual reports.)
- C-2 Exhibit C-2 "SEC Filings,"** provide the most recent 10-K/8-K Filings with the SEC. If applicant does not have such filings, it may submit those of its parent company. If the applicant does not have such filings, then the applicant may indicate in Exhibit C-2 whether the applicant is not required to file with the SEC and why.
- C-3 Exhibit C-3 "Financial Statements,"** provide copies of the applicant's two most recent years of audited financial statements (balance sheet, income statement, and cash flow statement). If audited financial statements are not available, provide officer certified financial statements. If the applicant has not been in business long enough to satisfy this requirement, it shall file audited or officer certified financial statements covering the life of the business. If the applicant does not have a balance sheet, income statement, and cash flow statement, the applicant may provide a copy of its two most recent years of tax returns (with social security numbers and account numbers redacted).

C-4 Exhibit C-4 “Financial Arrangements,” provide copies of the applicant's financial arrangements to satisfy collateral requirements to conduct retail electric/gas business activity (e.g., parental or third party guarantees, contractual arrangements, credit agreements, etc.,).

Renewal applicants can fulfill the requirements of Exhibit C-4 by providing a current statement from an Ohio local distribution utility (LDU) that shows that the applicant meets the LDU's collateral requirements.

First time applicants or applicants whose certificate has expired as well as renewal applicants can meet the requirement by one of the following methods:

1. The applicant itself stating that it is investment grade rated by Moody's, Standard & Poor's or Fitch and provide evidence of rating from the rating agencies.
2. Have a parent company or third party that is investment grade rated by Moody's, Standard & Poor's or Fitch guarantee the financial obligations of the applicant to the LDU(s).
3. Have a parent company or third party that is not investment grade rated by Moody's, Standard & Poor's or Fitch but has substantial financial wherewithal in the opinion of the Staff reviewer to guarantee the financial obligations of the applicant to the LDU(s). The guarantor company's financials must be included in the application if the applicant is relying on this option.
4. Posting a Letter of Credit with the LDU(s) as the beneficiary.

If the applicant is not taking title to the electricity or natural gas, enter “N/A” in Exhibit C-4. An N/A response is only applicable for applicants seeking to be certified as an aggregator or broker.

C-5 Exhibit C-5 “Forecasted Financial Statements,” provide two years of forecasted income statements for the applicant's **NATURAL GAS related business activities in the state of Ohio Only**, along with a list of assumptions, and the name, address, email address, and telephone number of the preparer. The forecasts should be in an annualized format for the two years succeeding the Application year.

C-6 Exhibit C-6 “Credit Rating,” provide a statement disclosing the applicant's current credit rating as reported by two of the following organizations: Duff & Phelps, Fitch IBCA, Moody's Investors Service, Standard & Poor's, or a similar organization. In instances where an applicant does not have its own credit ratings, it may substitute the credit ratings of a parent or an affiliate organization, provided the applicant submits a statement signed by a principal officer of the applicant's parent or affiliate organization that guarantees the obligations of the applicant. If an applicant or its parent does not have such a credit rating, enter “N/A” in Exhibit C-6.

C-7 Exhibit C-7 “Credit Report,” provide a copy of the applicant's current credit report from Experian, Dun and Bradstreet, or a similar organization. An applicant that provides an investment grade credit rating for Exhibit C-6 may enter “N/A” for Exhibit C-7.

- C-8 Exhibit C-8 "Bankruptcy Information,"** provide a list and description of any reorganizations, protection from creditors or any other form of bankruptcy filings made by the applicant, a parent or affiliate organization that guarantees the obligations of the applicant or any officer of the applicant in the current year or within the two most recent years preceding the application.
- C-9 Exhibit C-9 "Merger Information,"** provide a statement describing any dissolution or merger or acquisition of the applicant within the two most recent years preceding the application.
- C-10 Exhibit C-10 "Corporate Structure,"** provide a description of the applicant's corporate structure, not an internal organizational chart, including a graphical depiction of such structure, and a list of all affiliate and subsidiary companies that supply retail or wholesale electricity or natural gas to customers in North America. If the applicant is a stand-alone entity, then no graphical depiction is required and applicant may respond by stating that they are a stand-alone entity with no affiliate or subsidiary companies.

SECTION D – APPLICANT TECHNICAL CAPABILITY

PROVIDE THE FOLLOWING AS SEPARATE ATTACHMENTS AND LABEL AS INDICATED.

- D-1 Exhibit D-1 "Operations,"** provide a current written description of the operational nature of the applicant's business functions.
- D-2 Exhibit D-2 "Operations Expertise,"** given the operational nature of the applicant's business, provide evidence of the applicant's current experience and technical expertise in performing such operations.
- D-3 Exhibit D-3 "Key Technical Personnel,"** provide the names, titles, email addresses, telephone numbers, and background of key personnel involved in the operational aspects of the applicant's current business.

EMEX Power, LLC

Exhibit A-15 “Company History”

On January 5, 2007, Applicant was formed as Southwest Energy Partners, LLC, a Texas limited liability company. On January 29, 2009, Applicant amended its name to EMEX, LLC and does business as EMEX Power, LLC and Energy Market Exchange. Applicant has two recently established majority-owned subsidiaries. EMEX Consolidated Partners, LLC and EMEX Utility Group, LLC, that are not operating in Ohio and one wholly-owned subsidiary, Bidtron, LLC, that is inactive. EMEX Consolidated Partners, LLC serves only a subset of customers in the Texas market and EMEX Utility Group, LLC is not currently active but is planning to serve wholesale customers in regulated markets in the future.

Applicant operates web-based natural gas and electricity brokerage and reverse auction services, allowing commercial and residential customers to compare multiple price offerings from competing suppliers. This platform is a unique business resource that has created unsurpassed transparency and control of customer's costs. Applicant provides multiple products – fixed rates, variable rates and heat rates as well as analysis of market conditions and historical trends. Applicant's fully automated website and reverse auction platform simplifies the process for customers and provides the ability to easily switch to a lower cost natural gas and/or electricity provider online. Applicant provides all necessary logistics from beginning to end, including credit approvals and customer support throughout the length of a customer's contract.

EMEX Power, LLC

Exhibit B-1 “Jurisdictions of Operation”

Applicants web based electric (and gas) brokerage business operates similarly in every state in which it operates.

Texas: On January 5, 2007, Applicant started doing business in Texas as a web-based electricity brokerage business (no license is required in Texas for electricity brokers). On December 5, 2012, Applicant was registered as an aggregator in Texas under number 80368.

Illinois: On September 9, 2010, the Illinois Commerce Commission granted Applicant a Certificate of Service Authority to operate as an agent, broker or consultant for electric and gas customers pursuant to order number 10-0455.

New Jersey: On October 5, 2010, the New Jersey Board of Public Utilities registered Applicant to be an Energy Agent and Energy Consultant under registration numbers EA-0083 and EC-0024. On November 9, 2011, the New Jersey Division of Local Government Services of the Department of Community Affairs approved Applicant as a vendor pursuant to the Local Unit Electronic Technology Pilot Program, P.L. 2001, c. 30, to offer its reverse auction platform for the purchase of energy generate services by local contracting units, waiver number EMEX LLC-1. On February 20, 2013, Applicant was registered to conduct business in the State of New Jersey as a Private Aggregator. Applicant is approved to provide both electric and natural gas services to both residential and commercial customers in New Jersey.

Maryland: On October 13, 2010, the Maryland Public Service Commission granted Applicant a license to provide electricity broker services under license reference number IR-2065. On May 1, 2013, the Applicant's license was amended to include acting as an aggregator of electricity. On July 17, 2013, the Maryland Public Service Commission granted Applicant a license to supply natural gas or natural gas supply services in Maryland under License Reference Number IR-3115.

Pennsylvania: On October 21, 2010, the Pennsylvania Public Utility Commission granted Applicant a License for Electric Generation Supplier as a broker/marketer in the matter of the application of A-2010-2179537. On August 29, 2013, the Pennsylvania Public Utility Commission granted Applicant a license to operate as a broker / marketer engaged in the business of supplying natural gas services in Pennsylvania under Docket Number A-2013-2365773.

Massachusetts: On January 24, 2011, The Commonwealth of Massachusetts Department of Public Utilities granted Applicant's Application an Electricity Broker license under license number EB-176. On July 26, 2013, the Commonwealth of Massachusetts Department of Public Utilities approved Applicant's application for a Gas Retail Agent under license number RA-101.

District of Columbia: On May 5, 2011, the Public Service Commission of the District of Columbia granted Applicant a license to function as an electricity supplier to operate as a broker of electricity in order number 16355. On July 18, 2013, the Public Service Commission of the District of Columbia granted Applicant a license to function as a natural gas supplier in the District of Columbia under Order No. 17189.

Ohio: On December 12, 2011, the Public Utilities Commission of Ohio certified Applicant as a Competitive Retail Electric Service Provider certificate number 11-414E (1) issued pursuant to case number 11-5707-EL-AGG to provide aggregation and power broker services. On June 21, 2013, the Public Utilities Commission of Ohio granted certificate number 13-309G(1) for Applicant to provide retail natural gas aggregator / broker services.

Delaware: Delaware granted Applicant's Electric Supplier Certificate Order No. 8147 on May 15, 2012.

Maine: On April 27, 2012, Maine granted Applicant's Application for License to operate as a Competitive Electricity Provider, Docket No. 2012-163.

New Hampshire: On June 29, 2012, New Hampshire approved Applicant's application to provide electric aggregation service.

New York: Applicant is registered to do business in New York. Brokers are not required to be licensed in that state.

Connecticut: Applicant is registered to do business in Connecticut. Brokers are not required to be licensed in that state.

Florida: Applicant is registered to do business in Florida. Brokers are not required to be licensed in that state.

Georgia: Applicant is registered to do business in Georgia. Brokers are not required to be licensed in that state.

Indiana: Applicant is registered to do business in Indiana. Brokers are not required to be licensed in that state.

Michigan: Applicant is registered to do business in Michigan. Brokers are not required to be licensed in that state.

EMEX Power, LLC

Exhibit B-2 “Experience & Plans”

Founded in 2007, Todd Segmond, CEO, realized there was a need in the energy space for an easy-to-use online platform to procure electricity through the wholesale market. Along with three other people and a small amount of capital, EMEX has grown to one of the leading energy procurement and analysis services within the deregulated states.

EMEX, LLC is a privately held firm providing energy procurement and analysis services in deregulated regions of the United States. EMEX's complete portfolio of services and proprietary, online platforms are entirely focused on reducing the cost of energy in real-time for:

- commercial and industrial businesses
- municipalities and government agencies
- public and private schools and universities
- non-profit organizations.

EMEX enables its customers to compare prices with a reverse auction platform, instant online pricing features, receive automated custom quotes and historical analysis, aggregation and the ability to offer executable contracts from over 125 National Suppliers. EMEX's electricity and gas brokerage business allows customers, free of charge and without any obligation to EMEX, to shop and contract directly with retail electricity and gas suppliers. The retail electricity and gas suppliers (as opposed to EMEX) provide contracted services, billing statements and respond to customer inquiries.

EMEX's mission is to put the *power* to save money in the hands of its clients with smart, ground-breaking technology designed to dramatically simplify energy procurement. Core to EMEX is the flagship product brand EMEX™ Reverse Auction Platform, nationally recognized for its innovation and excellence.

Headquartered in Houston, Texas, EMEX's offices house teams for sales, analysis, marketing, customer services, and finance. EMEX's reach ensures it is well positioned to leverage opportunities as they occur, with employees throughout the 50 states. EMEX's activities continue to stretch as states become deregulated, giving EMEX the ability to react quickly to wherever there is a need to accurately and efficiently manage energy procurement.

EMEX Power, LLC

Exhibit B-3 “Summary of Experience”

A History of Innovation

EMEX's systems and solutions reflects decades' worth of knowledge and expertise in energy consulting and procurement. Combined with our Industry Leading Online Platform, EMEX's objective is to generate the lowest possible price for energy through products and services that reduce the cost of energy in real-time.

Power Savings, Simplified.

EMEX, LLC is a privately held firm providing energy procurement and analysis services in deregulated regions of the United States. EMEX's complete portfolio of services and proprietary, online platforms are entirely focused on reducing the cost of energy in real-time for:

- commercial and industrial businesses
- municipalities and government agencies

EMEX's activities continue to stretch as states become deregulated, giving EMEX the ability to react quickly to wherever there is a need to accurately and efficiently manage energy procurement.

True Collaboration

Recognizing the need for continuous improvement, EMEX has consistently invested its resources into furthering its revolutionary technology. Most of our new product innovations and introductions are the result of joint development efforts with our customers and suppliers. It is through these close relationships that we are truly

able to understand the needs and requirements of the market, creating a platform that ensures the most competitive bidding environment possible.

Our Mission

EMEX is at the forefront of developing the next generation of online platforms with a host of invaluable functionalities. We have made it our mission to put the power to save money in the hands of our customers, offering smart, ground-breaking technologies designed to dramatically simplify commercial energy sourcing. These technologies replace traditionally complex, time-consuming processes with instant quotes and live energy procurement auctions.

EMEX Power, LLC

Exhibit B-4 “Disclosure of Liabilities and Investigations”

Applicant has no existing, pending or past rulings, judgments, contingent liabilities, revocations of authority, regulatory investigations, or any other matter that could adversely impact Applicant’s financial or operational status or ability to provide the services it is seeking to be certified.

Exhibit C-10 "Corporate Structure"

*EUG serves regulated energy entities.

*ECP partnership to serve deregulated energy entities.

*Bidtron serves non-energy related entities utilizing reverse auction technology

EMEX Power, LLC

Exhibit D-1 “Operations”

Applicant operates web-based natural gas and electricity brokerage and reverse auction services, allowing commercial, residential, aggregation and governmental customers to compare multiple price offerings from competing suppliers. This platform is a unique business resource that has created unsurpassed transparency and control of customer's costs. Applicant provides multiple products – fixed rates, variable rates and heat rates as well as analysis of market conditions and historical trends. Applicant's fully automated website and reverse auction platform simplifies the process for customers and provides the ability to easily switch to a lower cost natural gas and/or electricity provider online. Applicant provides all necessary logistics from beginning to end, including credit approvals and customer support throughout the length of a customer's contract.

Applicant utilizes a unique approach to manage its clients' energy supply needs and create optimal savings opportunities.

1. Data Acquisition

- Review existing contracts and costs for baseline comparisons.
- Acquire historical usage data from utilities and define load profiles.

2. Market Strategy Development

- Applicant will recommend the optimal product(s) for a customer's business based on best-practice procurement strategies and the customer's level of risk tolerance.
- Applicant will create a Request for Prices (“RFP”) that will be sent to all relevant energy suppliers based on the selected energy product(s).

3. Indicative Savings Analysis

- After the initial RFP, Applicant prepares a custom report comparing market conditions against current rates. This exercise provides insight into product and supplier selection, and identifies potential risk management opportunities.

4. The Reverse Auction Event

- Applicant's Account Executive will host and narrate the reverse auction on a conference call during the event, providing insight on all participating suppliers, commenting on the savings opportunities as they appear, and answering any questions.
- Applicant will recommend the scheduling of auctions based on favorable market conditions.

5. Final Savings Review

- A Final Savings Analysis based on the reverse auction's results will be provided, providing the necessary data for making an informed decision.

6. Contract Execution and Post-Contract Management

Upon selection of winning supplier(s) from the reverse auction, Applicant will:

- Provide the customer with the appropriate supplier documents for execution.
- Confirm contract receipt and booking by supplier upon execution.
- Verify account enrollments as the start date approaches.
- Continually advise on market conditions to manage energy risk throughout the term of the agreement.

EMEX Power, LLC

Exhibit D-2 "Operations Expertise"

The CEO of Applicant, Todd Segmond, began his experience as an energy broker in 2002 at the beginning of Texas deregulation with power brokers in Dallas, Texas. From 2002 to 2003, he learned all aspects of electricity deregulation and successfully facilitated brokering and consulting, gaining an excellent reputation with customers and suppliers in the energy industry. In 2003, Mr. Segmond was recruited as Director of Sales for Choice! Energy Services in Houston, Texas, managing a team of 35 Sales Agents and increasing revenue from one million dollars to more than 12 million dollars annually. In 2007, Mr. Segmond formed Southwest Energy Partners, now EMEX, LLC, a cutting edge online electricity brokerage firm, which enables commercial and industrial customers to compare prices with a reverse auction platform and instant online pricing features, receive automated custom quotes and historical analysis, and the receive executable contracts from over 125 national suppliers. Mr. Segmond currently manages 44 fulltime employees, 4 fulltime programmers, and more than 2,500 outside sales associates with the innovative EMEX Power Affiliate and Channel Partner Programs.

Applicant's technical capabilities to exchange data with other market participants include the following:

1. Internet
 - a. Upload speed is up to 5MB / Download speed is up to 20MB
2. Computer – Dell T3500 Precision
 - a. Dual Xeon CPU
 - b. 4GB
 - c. 250GB HDD
 - d. Windows 7 Professional 64 bit
