

**BEFORE
THE OHIO POWER SITING BOARD**

In the Matter of the Expedited Construction)
Notice Application of Dominion East Ohio for)
the Line 4625 Mainline Extension and)
Regulation Installation Project.

Case No. 17-823-GA-BNR

**DOMINION EAST OHIO'S
SUPPLEMENT TO CONSTRUCTION NOTICE**

On June 9, 2017, the Ohio Power Siting Board Staff issued its Staff Report, which contains the four conditions listed below:

1. Prior to the commencement of construction activities in areas that require permits or authorizations by federal or state laws and regulations, the Applicant shall obtain and comply with such permits or authorizations. The Applicant shall provide copies of permits and authorizations, including all supporting documentation, to Staff within seven days of issuance or receipt by the Applicant.
2. In the event that removal of the potential bat maternity roost tree becomes necessary, emergent survey efforts shall be coordinated with Staff and ODNR prior to removal.
3. The Applicant shall maintain traffic along public roadways and access to adjacent land uses during construction.
4. Damage to lawns, sidewalks, and parking areas as a result of this project shall be restored to original conditions upon completion of construction, and subsequently monitored for settling, cracking and sinking during operation of the facility. Unless otherwise directed by the property owner, concrete panels (if applicable) shall be replaced in their entirety rather than cut and patched.

By this submission, Dominion East Ohio ("DEO") incorporates the above conditions as a supplement to its Construction Notice filed May 25, 2017, and requests that this supplement be considered part of DEO's application.

Respectfully submitted on behalf of,
DOMINION EAST OHIO
