Re: NGO Transmission, Inc. Construction Notice for Pipeline Replacement Project (Line 3-E), Licking Township, Licking County, Ohio, Case No. 17-1476-6A-BWR

Dear Mr. Donlon and Ms. McNeal:

This letter serves as NGO Transmission, Inc.'s ("Applicant" or "NGOT") pre-application notification letter in order for the Ohio Power Siting Board ("Board") to open a case for the proposed pipeline replacement project. This letter is given at least five (5) days prior to NGOT's filing of a Construction Notice. In accordance with Ohio Administrative Code ("OAC") Rule 4906-6-03(A), NGOT provides the following information:

**Project Description:** NGOT is planning to replace approximately 1,600 feet of existing 8-inch diameter pipeline, with 1,600 feet of new 10-inch diameter natural gas pipeline within existing NGOT easement or public right-of-way. The pipeline will be installed by boring the pipeline underneath Interstate 70 in public road right-of-way and then in an existing easement area on land used for agricultural purposes and located south of I-70. The pipeline will then be bored under Licking Trails Road (Township Road 303) and connected to the existing regulator station on the east side of the road.

**Anticipated Project Schedule:** The construction of the pipeline is anticipated to begin on October 1, 2017. NGOT plans to place the line in-service in November 2017.

Respectfully submitted on behalf of  
NGO TRANSMISSION, INC.

Lija Kaleps-Clark, Esq. (0086455)  
Director of Land and Legal Services
