APPLICATION FOR APPROVAL OF A CONTRACT AMENDMENT

Pursuant to Section 4905.31, Revised Code, North Coast Gas Transmission LLC (“North Coast”) respectfully requests approval of an amendment to a previously approved natural gas transportation service agreement. In support of this application, North Coast states as follows:

1. The Public Utilities Commission of Ohio (the “Commission”) previously authorized North Coast to operate as an intrastate pipeline company in Case No. 04-265-PL-ATA. As an intrastate pipeline company subject to the Commission’s jurisdiction, North Coast owns and operates a series of pipelines in the northern tier of Ohio, including the Toledo-Marion six-inch pipeline, the Buckeye 425 Pipeline, the Buckeye ten-inch Pipeline, the Ashland eight-inch Pipeline, and the Parma Expansion ten-inch Pipeline (collectively, the “NCGT System”).

2. On December 27, 2006, North Coast entered into a natural gas transportation service agreement with Fostoria Ethanol, LLC d/b/a POET Biorefining-Fostoria (“POET Fostoria”). POET Fostoria owns an ethanol production facility located in Fostoria, Ohio.

3. The Commission approved the POET Fostoria Agreement on February 28, 2007 in Case No. 07-0070-PL-AEC.

4. On December 4, 2015, North Coast filed a restatement of the POET Fostoria Agreement in PUCO Case No. 15-1997-PL-AEC. This restated agreement was designated as Exhibit D to that application. A motion for protective order seeking confidential treatment of the rates, volumes and shrinkage factor was also filed on December 4, 2015. By Finding and Order

of June 1, 2016 in Case No. 15-1997-PL-AEC, the Commission approved the restated POET Fostoria Agreement (Exhibit D) and granted the motion for protective order.

5. On June 14, 2017, North Coast and POET Fostoria agreed to amend Exhibit D. The Amendment to Exhibit D consists of two pages: a letter and a one-page "Exhibit B" which is attached to the letter and supersedes the "Exhibit B" that was part of Exhibit D which was filed in December of 2015. A public version of the Amendment to Exhibit D which has the rates, volumes and shrinkage factors redacted is attached to this application.

6. A motion for protective order to protect the rates, volumes and shrinkage factors found in the Amendment to Exhibit D is also being filed today. Two copies of an unredacted Amendment to Exhibit D are also being submitted confidentially under seal.

7. North Coast respectfully submits that the terms and conditions set forth on the Amendment to Exhibit D are just and reasonable and should be approved.

WHEREFORE, North Coast Gas Transmission LLC respectfully requests that the Commission approve the Amendment to Exhibit D pursuant to Section 4905.31, Revised Code.

Respectfully submitted,
