RR Reimb.#: 15CUOH21R
CUOH #: Milepost: MP 13.24
Lake Erie Subdivision

PUCO
2017 JUL 26 AM 8:36

PUCO Docketing Division:

Patrick Engineering (Patrick), on behalf of the Columbus & Ohio River Railroad, is submitting the following update for the above-referenced project:

The project was sent out for bid on 2/21/17, with TCR selected as the lowest bidder. Contact with AEP for power was initiated on 4/11/17 and a PO was sent to AEP on 5/22/17 for the pole relocation and power service. Adjacent crossing equipment was installed by the Railroad on 6/21/17, and the crossing was placed in service on 7/15/17.

The one remaining item for the project is to have curb installed as shown on the approved site plan. We sent the quote from a contractor to complete the work and will have it completed in August, 2017 pending PUC approval.

Please feel free to contact me at 614-354-4933 if you have any questions regarding this submission.

Sincerely,

PATRICK ENGINEERING INC.
