LIST OF ISSUES

Pursuant to the Administrative Law Judge Entry of May 25, 2017, Applicant, Guernsey Power Station, LLC (“GPS” or “Applicant”) states that it will be conferring with the OPSB Staff about two conditions in the Staff Report of Investigation that was filed on July 31, 2017, Condition No. 13 and Condition No. 25 that are problematic as written¹. The Applicant hopes to resolve these issues with modifications to those two conditions. In addition, though Applicant has contacted counsel for Aspire Energy (“Aspire”), it has not yet concluded discussions on what accommodations might be made to address Aspire’s issues.

In addition, if issues are raised at the local public hearing on August 15, 2017, CEF-T would like to be able to present live testimony that addresses any issues raised at the August 15, 2017 local public hearing.

¹ There is also a reference error that should be corrected in Condition No. 23 of the Staff Report.

Respectfully submitted on behalf of
