Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Emily Haseltine

Dear PUCO,

It's not too late, YET!!!!

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Date: Tuesday, August 29, 2017 11:03:41 PM

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Russell Wilson

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Berry Dilley

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Jill Wettersten

Date: Tuesday, August 29, 2017 8:16:21 PM

Dear PUCO,

Fixed charges are not fair. I am very conservative with my power and the bill I pay for natural gas is doubled with fixed charges. We have the Choice program and think we are getting a good rate and it turns out to be twice that. Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Mary Green

Dear PUCO,

It is absolutely essential that this country earnestly and intelligently attempt to meet the challenges of climate change head on and immediately. Climate change will not wait for us to act. it is already killing inhabitants, human and non-human alike, on this planet. We do not have a moment to waste on deniers and ignorant politicians whose only issue is to wager how much money they can scam from wealthy donors and corporations by continuing to allow our beautiful blue planet to entirely burn out.

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

Subject: I support the stipulation in Case 16-1835
Date: Tuesday, August 29, 2017 7:53:17 PM

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Ton Van Haeren

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Cynthia Bishop

Date: Tuesday, August 29, 2017 7:16:17 PM

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Tom Wetzel

Date: Tuesday, August 29, 2017 6:56:59 PM

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Patricia Vuchenich

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

David Sickles

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Olivia Schwartz

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

joe wolf

Date: Wednesday, August 30, 2017 7:03:47 AM

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Jessica Pate

Subject: I support the stipulation in Case 16-1835
Date: Wednesday, August 30, 2017 1:52:04 AM

Dear PUCO,

Dear Chairman Haque and Commissioners of the PUCO,

I am pleased AEP's recent stipulation in case 16-1835 and new plan removes the Company's proposed egregious fixed rate increase. The original proposal would have increased my bill every month and put an undue burden on electricity customers on a fixed income.

I am also pleased with AEP's new proposals to increase electric vehicle infrastructure, create a new micro-grid pilot project, and commitment to finding ways to best fund and develop new clean energy projects. These are the sort of forward thinking proposals Ohio needs more of and I'm pleased AEP has taken the initiative.

It is my hope the PUCO approves AEP's plan and prioritizes clean energy development, and additional forward thinking proposals.

Sincerely,

Matthew Coleman
