

THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE APPLICATION OF
PRICE PROTECTION ENERGY SERVICE,
LLC, FOR CERTIFICATION AS A
COMPETITIVE RETAIL ELECTRIC SERVICE
PROVIDER IN OHIO.

CASE NO. 17-650-EL-CRS

ENTRY

Entered in the Journal on August 30, 2017

I. SUMMARY

{¶ 1} The Commission grants the Applicant's motion to dismiss this application without prejudice.

II. DISCUSSION

{¶ 2} On March 6, 2017, Price Protection Energy Service, LLC (Applicant), filed an application for certification in accordance with R.C. 4928.08 to provide competitive retail electric generation service in Ohio as a power marketer under R.C. 4928.01(A)(9), which was approved pursuant to the 30-day automatic approval process under Ohio Adm.Code 4901:1-24-10(A).

{¶ 3} On April 19, 2017, Staff filed a motion to stay the issuance of and rescind the Applicant's certification on the grounds that the application is incomplete and that the Applicant has failed to provide the additional information requested by Staff.

{¶ 4} Correspondence from the Applicant was filed on August 17, 2017, requesting that this application be dismissed, as the desired certification was for power brokerage service under Ohio Adm.Code 4901:1-24-01(T), rather than as a power marketer under Ohio Adm.Code 4901:1-24-01(U). Accordingly, this application should now be dismissed without prejudice.

III. ORDER

{¶ 5} It is, therefore,

{¶ 6} ORDERED, That this application be dismissed without prejudice at the request of the Applicant. It is, further,

{¶ 7} ORDERED, That a copy of this Entry be served upon all parties of record.
