**PETITION OF AT&T OHIO FOR ORDER CONFIRMING
RELINQUISHMENT OF ELIGIBLE TELECOMMUNICATIONS CARRIER
DESIGNATION IN SPECIFIED AREAS**

Pursuant to 47 U.S.C. § 214(e)(4) and 47 C.F.R. § 54.205, AT&T Ohio¹ (“AT&T” or “AT&T Ohio”) respectfully requests an order from the Public Utilities Commission of Ohio (“Commission”) confirming relinquishment of its Eligible Telecommunications Carrier (“ETC”) designation for the portion of its service area in Ohio specified in this Petition. AT&T Ohio requests an order by December 4, 2017 so that AT&T Ohio can implement its relinquishment on March 16, 2018.

I. SUMMARY

1. As explained in detail below, AT&T is participating in the FCC’s “CAF II” program, which is enabling AT&T to bring more broadband to high cost, primarily rural, areas in Ohio. As a condition of its participation in this program, AT&T is retaining its ETC designation in certain census blocks for which it is eligible to receive CAF II funding, referred to herein as the “CAF II Census Blocks.”² This Petition refers collectively to the CAF II Census Blocks in which AT&T is retaining its ETC designation as “the retained area.”

2. By this Petition, AT&T is seeking to relinquish its ETC designation for all of the remaining areas in which it currently is designated an ETC (“the relinquishment area”). This is

¹ The Ohio Bell Telephone Company d/b/a AT&T Ohio.

² See footnotes 9 and 10, below, for a more detailed explanation of “CAF II Census Block.”

AT&T's right under federal law because the relinquishment area is served by at least one other ETC. To be clear, ***by this Petition AT&T is not discontinuing any legacy voice service***, and AT&T's ETC relinquishment will not affect the availability of any AT&T legacy voice service in any area of the State. AT&T will continue to offer and provide legacy voice service in all of its service territory (including the relinquishment area), and will continue to comply with applicable service obligations of federal and state law in its service territory (including the relinquishment area), unless and until it separately obtains any necessary permission to stop providing retail legacy voice service.

3. The *only* consumer impact of this relinquishment is that consumers in the relinquishment area will no longer receive the federal Lifeline discount (or the state waiver of the non-recurring charge) on voice service from AT&T. Lifeline customers in the relinquishment area can continue receiving any legacy voice service offered by AT&T at standard AT&T prices (including applicable surcharges, fees and taxes), or if they prefer, they can choose to receive a Lifeline discount from another ETC. And AT&T will provide ample advance notice to all affected customers.

4. Federal law provides an objective standard for ETC relinquishment: a state commission "shall permit" an ETC to relinquish its ETC designation "in any area" so long as that area is served by more than one ETC.³ AT&T's ETC relinquishment more than meets this controlling standard, because every wire center in the relinquishment area is served by at least 4 other ETCs, and in some instances as many as 11 other ETCs.

5. AT&T's ETC relinquishment will have only a nominal impact on Ohio consumers, who have demonstrated a clear preference for obtaining their Lifeline discount from

³ 47 U.S.C. § 214(e)(4).

ETCs other than AT&T. Over the past 8 years, AT&T has seen its own Ohio Lifeline subscribership shrink by 94%. As of the end of 2016, AT&T was serving 2.1% of the Lifeline subscribers in the State – in other words, almost 98% of Lifeline customers in Ohio have elected to obtain their Lifeline discount from an ETC **other than AT&T**. There should be no concerns with AT&T relinquishing its ETC status when so many other ETCs are serving Ohio consumers, and so many Ohio customers prefer to receive Lifeline from ETCs other than AT&T.

6. AT&T ILECs also are relinquishing their ETC designations in other states. To date, ten State commissions have approved AT&T's relinquishment – Alabama, Florida, Georgia, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee and Wisconsin. Petitions are pending in Indiana and Kansas.⁴

II. BACKGROUND

7. AT&T is an incumbent local exchange carrier (“ILEC”) in Ohio. On December 18, 1997, the Commission granted AT&T’s request, pursuant to 47 U.S.C. § 214(e)(1), for designation as an ETC within its ILEC service area.⁵ **Exhibit A** sets out the wire centers and associated exchanges in which AT&T currently is designated as an ETC in Ohio (“current ETC service area”). As an ETC, AT&T has been eligible to receive federal universal service funding in accordance with 47 U.S.C. § 254, in exchange for which it has been required to offer and advertise supported services pursuant to 47 C.F.R. § 54.201(d) and meet the obligations associated with the universal service programs in which it participates.⁶ Since its inception, federal universal service funding has included “high cost” support to deploy and maintain networks in rural and other high-cost areas, as well as reimbursement from the federal Lifeline Assistance Program (“Lifeline”) for offering local telecommunications services to eligible low-income consumers at discounted prices.

A. Changes to the FCC’s high cost USF program.

8. AT&T’s relinquishment of its ETC designation in certain areas of Ohio is prompted, in part, by changes to the universal service program at the federal level. Most relevant

here, the FCC has changed its approach to disbursing high cost universal service support.⁷ For price cap carriers like AT&T, the restructured program is referred to as CAF II, and AT&T has accepted the FCC's offer of CAF II funding in Ohio – a decision that will enable AT&T to provide broadband in high cost, primarily rural portions of the State.⁸

9. Unlike federal USF funding in the past, CAF II funding is made available specifically by census blocks rather than by larger areas like wire centers or service areas.⁹ The FCC's laser focus down to the census block level is intended to ensure high cost support is reaching its target and is not being used to support broadband in areas already served by other broadband providers, or in areas where it is commercially feasible to provide broadband without a subsidy.

10. Having accepted CAF II funding, AT&T is obligated to: (a) remain an ETC in "CAF II Census Blocks"¹⁰ for the full six-year funding term; and (b) offer the Lifeline discount to eligible customers who reside in CAF II Census Blocks. AT&T's retention of its ETC

⁷ See generally Report and Order, *Connect America Fund*, 29 FCC Rcd. 15644 (2014); Report and Order and Further Notice of Proposed Rulemaking, *Connect America Fund*, 26 FCC Rcd. 17663 (2011) (subsequent history omitted).

⁸ See August 27, 2015 Letter from James Cicconi in FCC Docket No. 10-90. AT&T did not make this decision lightly – it declined the FCC's offer of CAF II funding in three of the twenty-one states in which it is a traditional wireline ILEC (Missouri, Nevada and Oklahoma).

⁹ As explained in more detail in **Exhibit E**, census blocks are 'statistical areas bounded by visible features, such as streets, roads, streams, and railroad tracks, and by nonvisible boundaries, such as selected property lines and city, township, school district and county limits and short line-of-sight extensions of streets and roads. . . ." https://www.census.gov/geo/reference/gtc/gtc_block.html

¹⁰ In addition to identifying specific census blocks as eligible for CAF II funding, the FCC also allows AT&T to use CAF II support in "Extremely High Cost" census blocks to meet its CAF II broadband commitments. See 47 C.F.R. § 54.310(c)(1). The six-year funding term only applies to those Extremely High Cost census blocks in which AT&T actually uses CAF II support. As noted in **Exhibit B**, AT&T is retaining its ETC designation in some "Extremely High Cost" census blocks in Ohio. Census block boundaries do not always coincide with wire center boundaries. Where a portion of a CAF II Census Block falls outside AT&T Ohio's traditional wireline footprint, AT&T Ohio is retaining its ETC designation only in the portion of the census block that is within AT&T's traditional footprint. For ease of reference, this Petition refers collectively to all census blocks (and portions of census blocks) for which AT&T Ohio is retaining its ETC designation as "CAF II Census Blocks."

designation in these areas will allow it to qualify for more than \$88,000,000 in CAF II funding from the FCC over six years so that it can bring high-speed broadband services to nearly 37,000 locations in high cost, predominantly rural portions of Ohio. Accordingly, AT&T is retaining its ETC designation in the CAF II Census Blocks. Because AT&T is no longer eligible for high cost universal service support in the areas outside of the CAF II Census Blocks, AT&T is relinquishing its ETC designation in all such areas.¹¹

B. Changes in the marketplace and customer demand.

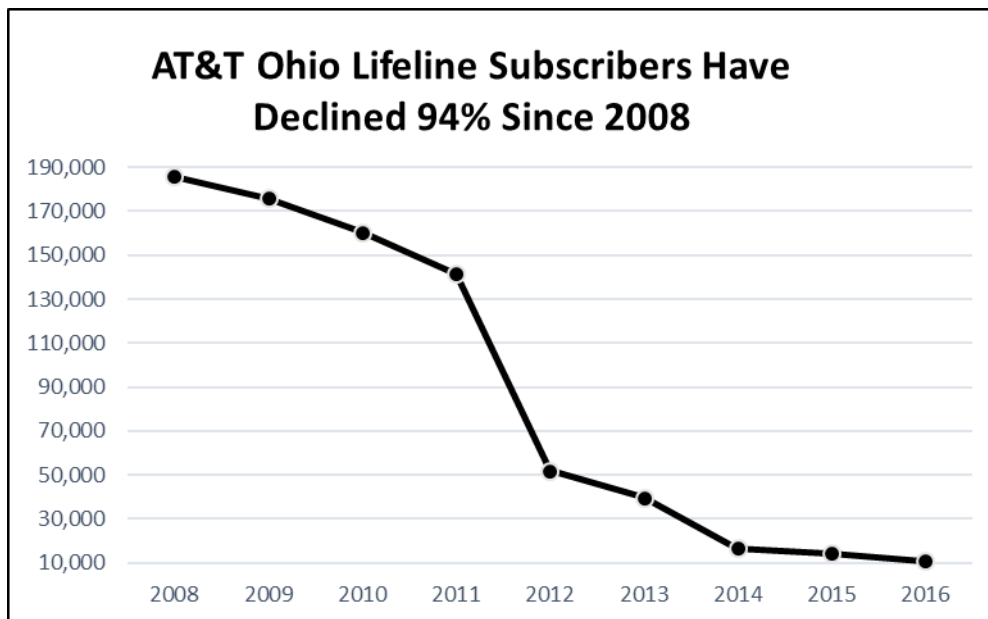

11. AT&T's ETC relinquishment also is driven by the dramatic changes in the telecommunications marketplace in Ohio that have occurred since AT&T was designated as an ETC. Customers today increasingly are replacing AT&T's and other ILECs' traditional wireline residential voice services with numerous other options, including wireless and VoIP services. As a result, the overall number of traditional (*i.e.*, circuit-switched POTS) ILEC wireline residential customers has decreased substantially. Between 2005 and 2015, the number of traditional ILEC residential wireline customers in Ohio decreased by 74%, from 3,760,000 lines to 972,000 lines.¹² AT&T's traditional residential retail lines in Ohio decreased by 81% during the same period. ***During 2016 alone, AT&T Ohio's residential line count dropped by 20% from what had been in service at the end of 2015.***

12. AT&T's number of Lifeline customers in Ohio likewise has plummeted, even as the total number of Lifeline customers in the state has grown, because consumers have

¹¹ If AT&T elects to participate in the FCC's CAF II reverse auction and is awarded extremely high-cost service areas through that competitive bidding process, AT&T will file a new request for ETC designation in those areas at that time. See Report and Order and Further Notice of Proposed Rulemaking, *Connect America Fund*, 31 FCC Rcd. 5949, ¶¶ 149-56 (May 25, 2016) (establishing the ETC designation process for CAF II auction winning bidders).

¹² See FCC Local Competition Reports (2005-2013) and FCC Voice Telephone Services Reports (2014-2015).

demonstrated a strong preference for obtaining their Lifeline discount from other ETCs. From 2008 through 2016, the number of AT&T's retail Lifeline customers declined by 94%, such that by the end of 2016, AT&T served only 2.1% of Ohio's 511,666 Lifeline subscribers.¹³

That decline in AT&T's Lifeline subscribership stands in stark contrast to the dramatic increase in overall Lifeline subscribership in the state – between 2008 and 2016, overall Ohio Lifeline subscribership increased by 83%. Clearly, an increasing number of qualified Ohio consumers are taking advantage of the Lifeline discount, but they prefer to obtain the discount from carriers other than AT&T.

III. SCOPE OF AT&T'S RELINQUISHMENT

13. In light of these regulatory and economic changes, AT&T seeks an order confirming relinquishment of its ETC designation in specified areas, as described below.

¹³ Indeed, in 2016 alone AT&T Ohio lost 24% of its Lifeline subscribers compared to year end 2015. AT&T Ohio had 14,271 Lifeline subscribers at year-end 2015, but only 10,841 Lifeline customers at the end of 2016. AT&T Ohio expects to see comparable decreases in 2017 and beyond.

A. AT&T is retaining its ETC designation in the CAF II Census Blocks identified in Exhibit B.

14. **Exhibit B** sets out the CAF II Census Blocks (and associated wire centers) in which AT&T is *retaining* its ETC designation. After the relinquishment effective date, those CAF II Census Blocks will be AT&T Ohio's ETC service area in Ohio. AT&T will continue offering the Lifeline discount to eligible customers in the retained area. As of the end of 2016, there were 359 AT&T Ohio customers receiving the Lifeline discount in the retained area. See **Exhibit C** (AT&T Ohio Lifeline Customers & CETCs Designated in AT&T Ohio's Current ETC Service Area).

B. AT&T is relinquishing its ETC designation in all other areas.

15. Because AT&T is not eligible for CAF II support in areas that are not identified in **Exhibit B**, and because customers overwhelmingly prefer to obtain Lifeline from ETCs other than AT&T, AT&T is relinquishing its ETC designation (and will no longer offer any Lifeline discount)¹⁴ in the entirety of its current ETC service area *except* for the census blocks identified in **Exhibit B**. Accordingly, the "relinquishment area" consists of all portions of AT&T Ohio's current ETC service area that are *not* identified in **Exhibit B**. As of the end of 2016, AT&T Ohio had 10,482 Lifeline subscribers in the relinquishment area. See **Exhibit C**.

16. To further illustrate the areas in which AT&T is retaining and relinquishing its ETC designation, the map attached as **Exhibit D** generally depicts the retained area in green and the relinquishment area in white. Additionally, **Exhibit E** explains how the United States Census Bureau's website, which provides a wealth of information about census blocks, can be

¹⁴ Beginning March 16, 2018, AT&T will no longer offer the federal or state Lifeline discounts to customers in the relinquishment area.

used for various purposes such as determining which census block is associated with a given physical address and viewing maps depicting a given census block.¹⁵

C. AT&T will continue offering services in the relinquishment area.

17. The only change for AT&T customers in the relinquishment area is that the state waiver of the non-recurring charge and the federal Lifeline discount will no longer be available from AT&T. After relinquishment, AT&T will continue to offer and provide service in the relinquishment area. AT&T also will continue to fulfill any retail service obligations imposed by non-ETC provisions in state or federal law, unless and until AT&T separately obtains any necessary permission to stop providing service. All customers in the relinquishment area, including former AT&T Lifeline customers who choose to keep their AT&T service, will have access to services offered by AT&T at standard AT&T prices, including all applicable surcharges, fees and taxes. Finally, AT&T's relinquishment will not affect either the ability of other ETCs to participate in the federal universal service program, including Lifeline, or the amount of support available in Ohio.

IV. LEGAL STANDARD

18. In 47 U.S.C. § 214(e)(2) and (4) and 47 C.F.R. § 54.205, Congress and the FCC delegated authority to state commissions to designate carriers as ETCs and permit carriers to relinquish their ETC designation. The standard for relinquishing an ETC designation is set forth in 47 U.S.C. § 214(e)(4), which states, in pertinent part:

¹⁵ AT&T is not providing an exhibit listing the census blocks in which it is relinquishing its ETC designation. AT&T does not have a list of census blocks and associated wire centers for which it will no longer be an ETC and has no business or regulatory reason to create or maintain such a list. Rather, AT&T's need to track information for certain census blocks arises solely from its participation in the CAF II program. Moreover, an exhibit consisting of hundreds of pages of census block numbers and associated wire center designations would be of no use whatsoever to the Commission, its Staff, or anyone else. In contrast, the map attached as **Exhibit D** and the information addressing the Census Bureau's website in **Exhibit E** will assist in identifying, if needed, specific areas in which AT&T is retaining and relinquishing its ETC designation.

A State commission...**shall permit an eligible telecommunications carrier to relinquish its designation** as such a carrier **in any area served by more than one eligible telecommunications carrier**. An eligible telecommunications carrier that seeks to relinquish its eligible telecommunications carrier designation for an area served by more than one eligible telecommunications carrier shall give advance notice to the State commission...of such relinquishment.¹⁶ (Emphasis added).

The law does not treat relinquishment of an ETC designation by an ILEC any differently than relinquishment by other **designated ETCs, and the Commission has previously allowed at least seven carriers to relinquish their ETC designations.**¹⁷

¹⁶ 47 U.S.C. § 214(e)(4) also provides, in part:

Prior to permitting a telecommunications carrier designated as an eligible telecommunications carrier to cease providing universal service in an area served by more than one eligible telecommunications carrier, the State commission...shall require the remaining eligible telecommunications carrier or carriers to ensure that all customers served by the relinquishing carrier will continue to be served, and shall require sufficient notice to permit the purchase or construction of adequate facilities by any remaining eligible telecommunications carrier.

This language is inapplicable to this Petition because, as noted in Section III.C, AT&T will not discontinue any service as a result of the Commission granting this Petition. See e.g., *Mississippi Relinquishment Order* at 4 (“the requirements related to continuation of service and adequate notice are not applicable in this matter because AT&T will not discontinue any service as a result of the Commission confirming partial relinquishment of the Company’s ETC status.”); *Tennessee Relinquishment Order* at 4 (“AT&T will not cease providing universal service in the specified relinquishment area and therefore, additional requirements on remaining ETCs are not applicable.”).

¹⁷ See, e.g. *Orders Granting Petitions to Cancel Designation as Eligible Telecommunications Carriers. In the Matter of the Application of Allied Wireless Communications Corporation for Designation as a Low-Income Competitive Eligible Telecommunications Carrier – Petition of Allied Wireless Communications Corporation for Relinquishment of Eligible Telecommunications Carrier Designation*, Case No. 12-2039-TP-UNC (January 21, 2015); *In the Matter of the Application of Budget PrePay, Inc., for Approval to Relinquish Its Designation as an Eligible Telecommunications Carrier and for Cancellation of Its Certificate of Public Convenience and Necessity*, Case No. 12-1933-TP-UNC (June 21, 2017); *In the Matter of the Application of Cincinnati Bell Wireless LLC for Designation as an Eligible Telecommunications Carrier in the State of Ohio – Petition of Cincinnati Bell Wireless, LLC for Relinquishment of Eligible Telecommunications Carrier Designation*, Case No. 10-2449-TP-UNC (May 14, 2014); *In the Matter of the Petition of Cricket Communications Inc., for Designation as a Low-Income Competitive Eligible Telecommunications Carrier. 19. Federal law does not require a carrier to relinquish its ETC designation only for its entire service area or entire wire centers. Rather, Section 214(e)(4) provides that a state commission “shall permit” relinquishment for “any area” served by more than one ETC. (Emphasis added). Thus, nothing in Section 214 prohibits a carrier from relinquishing its ETC status for only part of its designated service area or part of a wire center. This was a logical choice by Congress, since there is no guarantee that other ETCs will be designated in a carrier’s entire service area. Indeed, several state commissions have granted carriers’ requests to partially relinquish their ETC status, including Alabama, Florida, Georgia, Illinois, Kentucky, Mississippi, Missouri, North Carolina, South Carolina, South Dakota, Tennessee, Washington, and Wisconsin.¹⁸

20. Although the FCC does not appear to have directly addressed partial relinquishment of ETC status, it has made several forbearance rulings and established exemptions and eligibility requirements that rely on census blocks (instead of entire wire centers) as a relevant geographic area for applying ETC obligations or exemptions. These actions necessarily acknowledge that ETC designation or relinquishment can occur on a partial wire center basis,¹⁹ and they are fully consistent with the FCC’s decision to make CAF II funding for ETCs available based on census blocks instead of wire centers or entire service areas. The FCC clearly knew making CAF II funding available at the census block level would affect the areas where carriers would want to obtain or relinquish ETC status.

21. Ohio rules allow a partial relinquishment. Ohio Admin. Code §4901:1-6-09(D)(2) provides that:

An ETC may seek to relinquish its ETC designation for *an area* pursuant to 47 C.F.R. 54.205 through the filing of a nonautomatic application with the commission under the

Communications for an Approval of a Partial Relinquishment of Its Designation as an Eligible Telecommunications Carrier, No. TC08-103, 2008 WL 10051437 (S.D. P.U.C. Oct. 3, 2008).

¹⁹ See, e.g., Report and Order, *In the Matter of Connect America Fund, ETC Annual Reports and Certifications, Petition of USTelecom for Forbearance Pursuant to 47 U.S.C. § 160(c) from Obsolete ILEC Regulatory Obligations That Inhibit Deployment of Next-Generation Networks*, 29 FCC Rcd. 15644, ¶¶ 4, 56, 70 (rel. Dec. 18, 2014) (forbearing from a requirement that price cap carriers offer voice services in three types of census blocks, finding that price cap carriers like AT&T “will effectively become Lifeline-only ETCs *in the specific census blocks that are the subject of this forbearance*. As such, they must continue to offer voice telephone service to qualifying low-income households in those areas [i.e., in those census blocks] unless or *until they relinquish their ETC designations in those areas* [i.e., in those census blocks] pursuant to section 214(e)(4) (emphasis supplied)); Memorandum Opinion and Order on Reconsideration, *Standing Rock Telecommunications, Inc. Apr. 27, 2016) (carving an exception to the phase-out of standalone voice obligations for ETCs “in those Census blocks where the ETC is the only Lifeline service provider in that given census block,” which recognizes that ETC obligations can be defined at the census block level, and noting that ETCs taking advantage of FCC forbearance from certain requirements must “identify those areas by census block where they intend to avail themselves of this forbearance relief,” which again recognizes that ETC obligations can vary by census block).

case purpose code TP-UNC. An ETC will not be relieved of its ETC designation until the commission issues an order granting the request. (emphasis added).

The rule authorizes AT&T Ohio to seek relinquishment in “an area,” i.e., in an area less than its entire service area. In this respect it is identical to federal law in 47 U.S.C. § 214(e)(4).

22. In short, ETC designations may be made or relinquished for less than an entire service area or entire wire centers, and several state commissions have approved partial relinquishments. Accordingly, there is no legal barrier to AT&T’s relinquishment of its ETC designation in part of its service area or parts of wire centers where it no longer receives high cost support.

V. AT&T IS ENTITLED TO RELINQUISH ITS ETC DESIGNATION

23. AT&T meets the standard for relinquishing its ETC designation because, as set forth in **Exhibit C**, each wire center in the relinquishment area has at least 4 other ETCs, and in some instances as many as 11 other ETCs, designated and approved by the Ohio Commission to provide Lifeline throughout those wire center areas.²⁰ To AT&T’s knowledge, each of these providers remains designated an ETC in those wire centers. As a designated ETC, each of these providers is obligated to provide Lifeline upon reasonable request to eligible customers in the areas for which it obtained its ETC designation, and consumers clearly prefer to receive – and are actually receiving – their Lifeline discount from these other ETCs. The number of AT&T Lifeline subscribers in Ohio has steadily declined (by 94% between 2008 and 2016) to the point

²⁰ See, e.g., *Tennessee Relinquishment Order* at 5 (“Federal law requires that the [Tennessee Regulatory] Authority shall permit AT&T to relinquish its ETC designation upon its finding that the area in which AT&T requests relinquishment is served by more than one ETC.”); *Alabama Relinquishment Order* at 7 (concurring with Staff’s recommendation that “AT&T has met the conditions under 47 U.S.C. §214(e)(4) for relinquishing ETC designation in certain census blocks that the Commission is obligated under Federal law to confirm AT&T’s Petition.”); *North Carolina Relinquishment Order* at 17 (“the Commission agrees with the Public Staff that AT&T has met the requirements of 47 U.S.C. § 214(e)(4) for AT&T to relinquish its ETC status in a portion of its service area in North Carolina, as outlined in the Petition . . .”).

that as of the end of 2016, almost 98% of Lifeline customers in Ohio are served by an ETC ***other than AT&T***.

VI. CUSTOMER NOTICE

24. AT&T will ensure that its Lifeline customers in the relinquishment area receive ample notice of the need to select another ETC in order to continue receiving a Lifeline discount. At least 60 days prior to the relinquishment effective date, AT&T will provide notice in a separate letter via U.S. Mail to each of its affected Lifeline customers explaining that: AT&T will no longer offer the Lifeline discount; and if the customer does not choose another Lifeline provider, AT&T's standard prices (including applicable surcharges, fees and taxes) will apply to the customer's existing AT&T service. AT&T also will send each remaining affected Lifeline customer a second notice letter and a bill message at least 15 days prior to the relinquishment date. All notices will inform each affected customer that a Lifeline discount can be obtained from the remaining ETCs in the area and will inform affected customers how to contact the Universal Service Administrative Company ("USAC") to obtain a list of other ETCs in the state and answer general questions about Lifeline. These notice letters also will provide a list of Lifeline providers designated in all or part of AT&T's service territory in Ohio and a link to an AT&T website that lists those ETCs by city/towns, based on publicly-available information.

Exhibit F is a sample of the language of these letters and bill messages.

25. To avoid customer confusion and assist with a smooth transition process, AT&T will stop enrolling customers from the relinquished area in the Lifeline program five (5) days after the Commission issues an Order or on December 8, 2017, whichever is later. This approach, which is consistent with the approach taken in other jurisdictions,²¹ will prevent a

newly enrolled Lifeline customer from having to change to another Lifeline provider shortly thereafter.²²

See also, *Cricket’s Notice of Relinquishment of Eligible Telecommunications Carrier Designations*, WC Docket No. 09-197, CC Docket No. 96-45, filed with the FCC on October 14, 2014.

²² AT&T customer service representatives handling Lifeline inquiries will be able to input a customer’s address into a computer application that will determine whether the customer address is within the retained area.

VII. REQUESTED ORDER DATE

26. AT&T requests that the Commission issue an order granting this Petition as soon as possible, but no later than December 4, 2017, so that AT&T can provide ample notice to its Lifeline customers prior to the relinquishment effective date of March 16, 2018.

Respectfully submitted this 7th day of September, 2017.

Respectfully Submitted,

AT&T Ohio

U.S. Census Bureau Website Resources

The United States Census Bureau website provides information about census blocks, mapping a physical address in a census block, translating a physical address to a specific census-block, and mapping a census block.

Input Address and Map Census Block:

A user can input an address and view the census block where the address is located by following these steps:

- a. Visit <https://tigerweb.geo.census.gov/tigerweb2010/>
- b. In the upper-right search bar that reads “Street, City, State, Zip”, input the address using the required information. The map will populate to the exact state and county in which the address is located. The initial map view may not show much detail, but this can be adjusted as explained below.
- c. In the upper-left portion of the page, click on “Layers”.
- d. Once “Layers” is selected, check the boxes for “Labels”, “Transportation (Roads and Railroads)”, “Census Tracts and Blocks”, and “Hydrography”.
- e. For a clearer map of the census block boundaries, click the “+” box next to “Census Tracts and Blocks” to expand the category and ensure that only “Census Blocks” is selected. This will eliminate lines on the map associated with census tracts and census block groups, so that only census block numbers and boundaries are visible, along with roads, highways, and bodies of water.

After following these steps, the user should see a blue dot identifying the precise location of the searched address and a map of the census block boundaries to help recognize which census block the address is located.

EXHIBIT E

Associate Physical Address with Census Block Number:

The United States Census Bureau website also provides the capability to correlate a physical address with a specific census block.

- a. Visit <https://geocoding.geo.census.gov/geocoder/locations/address>
- b. On the left-hand side under “Find Geographies,” select “address” and then input the physical address.

After following these steps, the user should get a response that includes a section titled “Census Blocks,” and the “GEOID” is the census block number.

Map Location of Census Block Number:

- a. Visit <https://tigerweb.geo.census.gov/tigerweb2010/>
- b. Select the query icon on the top right. When the query box displays check that the “Attribute” tab is selected. Select “Census Tracts and Blocks” from the first drop down menu, and then select “Census Blocks” in the next box. Type the census block number in the GEOID box.
- c. Follow the directions above in the “Input Address Map Census Blocks” section to adjust the layers to clearly display the census block. The result will be a map of the census block boundaries to help recognize which census block the address is located.

IMPORTANT INFORMATION ABOUT YOUR LIFELINE DISCOUNT

As of 3/16/18, AT&T will no longer provide a Lifeline discount in your area in Ohio.*

How does this impact you? While your AT&T voice service will not change, you will no longer receive a Lifeline discount on your monthly bill. If you continue with your AT&T service, you will be billed the standard price for that service along with all applicable taxes, surcharges and fees.

You will need to contact another Lifeline provider if you want to keep a Lifeline discount. Here is a list of providers that may offer a Lifeline discount in your area - you can contact the providers directly to find which ones provide service in your area.

[Add List]

Or you can go to att.com/lifeline to find a list of Lifeline providers in the city/town near you.** You can also contact the Universal Service Administrative Company (USAC) at www.lifelinesupport.org or 800.234.9473 for a list of Lifeline providers in your state or to ask general questions about Lifeline.

AT&T has many solutions to fit your voice service needs. If you have any questions, please call us at 855.301.0355 to speak with a representative.

*If you have received a notice to recertify your eligibility to continue receiving a Lifeline discount from AT&T, or if you receive such notice in the future, please disregard it as AT&T will no longer provide a Lifeline discount in your area.

**This list identifies Lifeline providers based on publicly available resources. AT&T does not make any representations or warranties regarding the accuracy of this publicly available information or the services these providers may offer. You will need to contact the provider to determine whether a Lifeline discount is available at your location from these providers.

Bill Page Message

As of 3/16/18, AT&T may no longer provide a Lifeline discount in your area in Ohio. How does this impact you? If you are in an impacted area and continue with your existing AT&T voice service, you will be billed the standard price for that service along with all applicable taxes, surcharges and fees. Impacted customers must contact another Lifeline provider to keep a Lifeline discount.
