**JOINT APPLICATION**

Global Connection Inc. of America (“Global Connection”), Global Connection Holdings Corporation (“Global Holdings”) and Odin Mobile, LLC (“Odin Mobile,” collectively with Global Connection and Global Holdings, the “Parties” or “Petitioners”), by counsel, and pursuant to the rules of the Public Utilities Commission of Ohio (the “Commission), hereby respectfully request Commission approval for the transfer of majority control of Global Connection to Odin Mobile (the “Transaction”).

The Parties are in the process of obtaining all required approvals for the proposed Transaction from both the Federal Communications Commission (“FCC”) and all applicable state regulatory authorities. In support of this Joint Application, the Petitioners provide the following information:

**I. THE PARTIES**

**A. Global Connection Inc. of America (“Global Connection”)**

Global Connection is a Georgia corporation with its principal office located at 5555 Oakbrook Parkway, Suite 620, Norcross, Georgia 30093. Global Connection provides prepaid wireless telecommunications services under its d/b/a, Stand Up Wireless, in twenty-four (24)

territories<sup>1</sup> and prepaid wireline local exchange and long distance services to residential customers in twenty (20) states.<sup>2</sup> Global Connection is designated as an eligible telecommunications carrier (“ETC”) to provide Lifeline services to low-income consumers on a wireline basis in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Michigan, Mississippi, North Carolina, South Carolina, Tennessee and Texas, and on a wireless basis in all twenty-four (24) of its wireless service territories.

Global Connection provides commercial mobile radio service (“CMRS”), under its d/b/a Stand Up Wireless, by using the Sprint Spectrum L.P. (“Sprint”), Verizon Wireless (“Verizon”), and T-Mobile USA (“T-Mobile”) networks on a wholesale basis. Global Connection currently serves wireline and wireless Lifeline subscribers pursuant to its ETC designations in a combined twenty-nine (29) jurisdictions. Global Connection was designated by the Commission as a Low-Income Competitive Eligible Telecommunications Carrier on a wireless basis on May 15, 2013 (Case No. 12-2253-TP-UNC) and received a Certificate of Public Convenience and Necessity to provide local and interexchange services on September 1, 2004 (Case No. 04-866-TP-ACE). A diagram showing the current corporate structure of Global Connection is provided as Exhibit A.

#### **B. Global Connection Holdings Corporation (“Global Holdings”)**

Global Connection is currently a wholly owned subsidiary of Global Holdings, a U.S. company whose principal place of business is located at 5555 Oakbrook Parkway, Suite 620, Norcross, GA 30093. Global Holdings operates as a holding company for Global Connection and does not provide telecommunications services. The majority interest in Global Holdings is

<sup>1</sup> Those twenty-four territories are: Arkansas, Arizona, California, Colorado, Georgia, Iowa, Kansas, Kentucky, Louisiana, Massachusetts, Maryland, Michigan, Minnesota, Missouri, Nebraska, Ohio, Pennsylvania, Rhode Island, South Carolina, Texas, Utah, Wisconsin and West Virginia as well as Puerto Rico.

<sup>2</sup> Those twenty states are: Alabama, Arkansas, Colorado, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Michigan, Missouri, Mississippi, North Carolina, Ohio, Oklahoma, South Carolina, Tennessee, Texas, and Wisconsin. Global Connection is also certified but not yet providing services in Minnesota, Nebraska, New Mexico, Oregon, Washington, and West Virginia.

held by L6-Global LLC, a Georgia limited liability company. Through interests in L-6 Global LLC, approximately 71 percent of the equity in Global Connection is ultimately held or controlled by Milestone Partners, a private equity firm based in Radnor, Pennsylvania.

### **C. Odin Mobile, LLC (“Odin Mobile”)**

Odin Mobile is a Maryland limited liability company with its principal offices located at 11565 Old Georgetown Road, Rockville, Maryland 20852. Odin Mobile provides wireless services to consumers through the purchase of wireless network infrastructure and wireless transmission facilities from T-Mobile on a wholesale basis. Odin Mobile has a history of providing service and phones to the blind and visually impaired; through affiliation with Odin Mobile, Global Connection will benefit from Odin Mobile’s experience serving the unique needs of these consumers. Odin Mobile is ninety-nine percent (99%) owned by Paul Greene, a United States citizen, with his principal place of business located at 11565 Old Georgetown Road, Rockville, Maryland 20852. No other entity or individual holds a 10 percent or greater ownership interest in Odin Mobile. A diagram showing the current corporate structure of Odin Mobile is provided as Exhibit B. Odin Mobile and its affiliates have established considerable financial resources that will be available, as needed, to support Global Connection in its operations and continuing growth.

Paul Greene is also indirectly a majority owner (the only 10% or greater owner) of Prepaid Wireless Wholesale, LLC (“PPWW”), a Maryland limited liability company. PPWW is one of the nation’s longest standing aggregators of wireless services. PPWW is financially strong, carrying zero debt or outside investment. PPWW participates in the Lifeline consortium to lobby for favorable rules, regulations that promote longevity and stability of the program.

PPWW provides integrated communications solutions - including Mobile Virtual Network Operator (“MVNO”) enablement, cellular carrier access aggregation, voice/text/data

services, machine-to-machine (“M2M”), and Internet of Things (“IoT”) connectivity. PPWW helps companies deploy cellular services to their customers. These MVNOs market and sell while PPWW provides backend network connectivity, billing, rating, handset logistics, call center and other enablement services necessary to execute their business objectives. PPWW owns and operates a carrier grade voice, text, and mobile data telecommunications infrastructure. These carrier-connected network elements are the hub of PPWW’s business. When voice, text, or data events are initiated, those events are passed to PPWW’s network for event approval, dynamic call routing, live event rating, billing, and reporting. PPWW has completed the strategic planning, development, and deployment of all hardware, software, and programming integration necessary to deliver carrier-grade telecommunication enablement services to the US MVNO market. PPWW systems represent a bi-directional hub between the carrier and each wholesale partner. PPWW published and manages a robust API architecture enabling real-time activations, customer management functions, and billing record delivery.

### **III. DESCRIPTION OF THE TRANSACTION**

Pursuant to the terms of a Stock Purchase Agreement, dated February 16, 2017 (the “Agreement”), by and among Odin Mobile, Global Holdings and Global Connection, Odin Mobile will acquire seventy five percent (75%) of the stock in Global Connection, which will become a majority owned direct subsidiary. Ultimate (indirect) control of Global Connection will be transferred to the ninety-nine percent (99%) interest holder in Odin Mobile, Paul Greene. Global Holdings will retain minority interest in Global Connection (twenty five percent (25%)). The Transaction will not result in any change to the ownership of Global Holdings.<sup>3</sup>

The Transaction will be seamless and transparent to Global Connection’s customers, and in no event will it result in the discontinuance, reduction, loss, or impairment of service to customers. There is no plan to notify customers, as there will be no impact on customers; the proposed transfer of control will be completed at the holding company level, and thus the Transaction will be entirely transparent to and have no effect on the services of current customers. All existing customers of Global Connection will continue to be served by Global Connection pursuant to its existing authorizations, at existing rates, terms and conditions. A diagram of the corporate structure of Global Connection and Odin Mobile post-close is provided as Exhibit C.

### **IV. PUBLIC INTEREST ANALYSIS**

The Transaction will demonstrably serve the public interest by bringing the managerial, technical, and financial resources available through Odin Mobile and its affiliates to Global Connection. These resources will ensure that Global Connection continues to offer consumers throughout its operating territories with high-quality wireline and wireless services, including robust Lifeline offerings to eligible low-income consumers. The Transaction will advance economic

---

<sup>3</sup> L6-Global LLC will continue to hold the majority direct interest in Global Holdings and Milestone Partners will continue to hold ultimate control of Global Holdings.

efficiency by enabling Global Connection to expand its business and achieve economies of scale, strengthening Global Connection's ability to expand its offerings and services to a broader customer base. The Parties expect that the Transaction will enable Global Connection to strengthen its competitive position to the benefit of consumers in this jurisdiction and the telecommunications marketplace overall.

Of particular benefit, Global Connection's current management team will remain with the Company, continuing to direct day-to-day operations. This will ensure that their expertise in the telecommunications field and specific in-depth knowledge of Global Connection will guide the Company's decisions going forward. As a result, the Transaction will bring together the full strength of Global Connection's proven telecommunications capabilities and Odin Mobile and its affiliates' technical, managerial and financial expertise, particularly with respect to compliance and marketing in the low-income consumer sector. The resulting synergy will enable Global Connection to achieve measurable growth at the same time as it develops improved operating efficiencies—both necessary components for the Company to thrive.

The Transaction will have no adverse impact on Global Connection's current customers, who will continue to receive their existing services at the same rates, terms and conditions as at present. Nor does the proposed Transaction raise any competitive concerns.

## V. CONCLUSION

Based on the foregoing, the Petitioners respectfully submit that the Transaction will further the public interest. Accordingly, Petitioners respectfully request that the Commission grant approval of the Joint Application.

Respectfully submitted,
