**Re: Clean Energy Future-Oregon, LLC,
OPSB Case No. 17-530-EL-BGN**

Dear Ms. McNeal:

On Friday, October 6, 2017, Oregon Clean Energy, LLC (“OCE”) filed its post-hearing comments in the above referenced proceeding (“Comments”). Before the hearing, OCE propounded discovery on Applicant Clean Energy Future-Oregon, LLC (“Applicant” or “CEF-O”). (Comments at 2) The Applicant’s responses to discovery helped address some of OCE’s concerns in this case. (*Id.*) However, OCE had two remaining concerns at the time of the hearing: (1) whether the Applicant would require access through or to OCE’s property and (2) whether the Applicant’s selection of natural gas transportation service could adversely affect OCE’s natural gas transportation service. (*Id.*)

In its Comments, OCE represents that its two remaining concerns were addressed by the testimony of Applicant witness William Siderewicz. (*Id.* at 2 and 6.) Based on OCE’s Comments, it appears that its concerns in this proceeding have been addressed. Because OCE is the only party that intervened in this proceeding,¹ Applicant submits that all issues raised by intervening parties have been addressed.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Sally W. Bloomfield

¹ Staff is not considered an intervenor in this proceeding. Further, as Applicant witness Siderewicz testified, Applicant accepts the conditions of the Staff Report. Direct Testimony of William Siderewicz at 3, Applicant Ex. 6.
